SCIENCE creates BEAUTY®

CATALOGUE

[www.skeyndor.in](http://www.skeyndor.in)

SKEYNDOR is a brand from Spain which started in 1966, and since then it is continuously innovating and setting trends in the cosmetics industry. With rich heritage, enormous background in R&D and ranking of being a No.1 brand in Spain in terms of market share, it is being currently exported to 55 countries across the globe. It was launched in India in August 2011.

Known as "Scientific Skincare", the philosophy is based on continuous innovation and facilitating work for beauty centers with new active ingredients and breakthroughs. The products offer scientifically proven results endorsed by efficacy studies.

SKEYNDOR range offers wide range of products, starting from essential care and skin brightening to the most advanced products for anti aging, skin repair and rejuvenation. All the treatments are created for professional procedures in salon and are supported by products for home care use, which maintain the results for longer duration.

Over the years, SKEYNDOR products have been rewarded with prestigious awards for the excellent formulations, results, use of innovative technology as well as design and product packaging.

SKEYNDOR's innovative activities are reflected in its broad range of products which include the most advanced anti-age face treatments, Global Lift, Eternal or Corrective; preventive treatments (Power Oxygen); luminosity treatments (Power C+, Natural Defence); renovating treatments (Power Retinol, Dermapeel Pro); skin blemish prevention treatments (Dermapeel Brightening); oily skin treatments (Clear Balance); essential care treatments (Essential), sensitive skin treatments (Aquatherm) and moisturising treatments (Power Hyaluronic). All the treatments are created for professional procedures and home use.

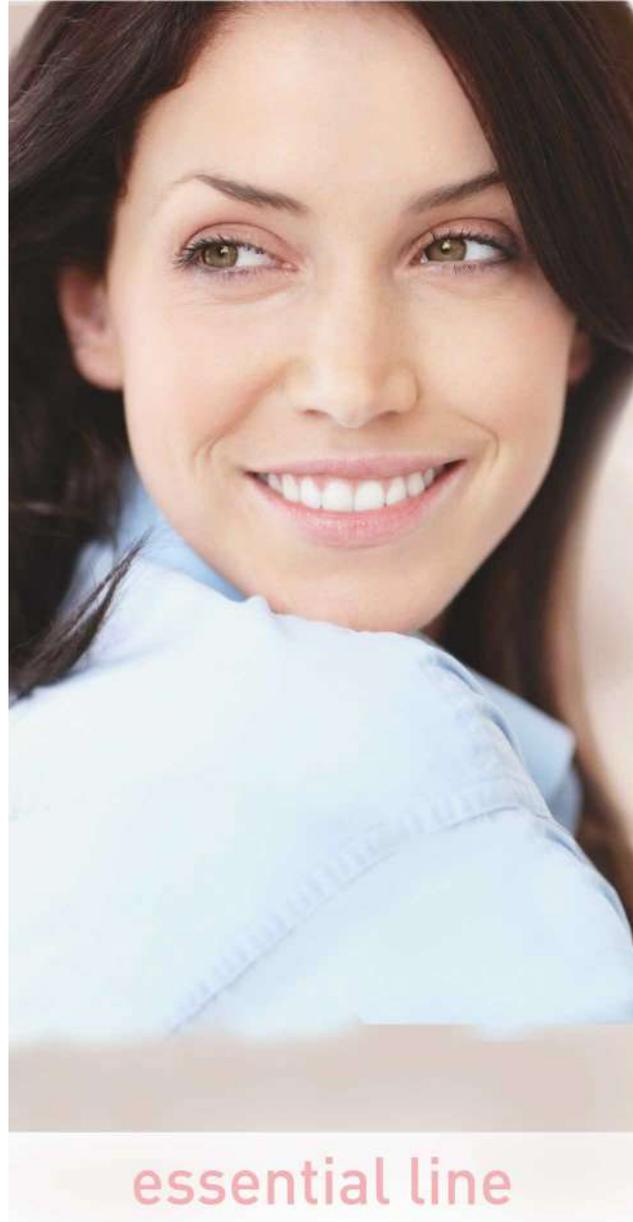

SKEYNDOR's body treatments include Body Sculpt and Spa Senses. SKEYNDOR also has a special line of men care products and professional treatment Aesthetic Devices.

Throughout the years, the company has seen its efforts rewarded through prestigious awards such as the Laus de Oro Award (1995), the Award for Excellence in Exporting (2003), Herald Tribune – Sydney (PLATINIUM SUBLIME EYE CONTOUR) (2004) and the Lider pack Award (2012), Best Anti-Age Line of the Year Award of the Asia Spa Awards CORRECTIVE (2012) and first prize for the best product in the Professional cosmetics category in the Third edition of the Mujerhoy.com Beauty Awards and "The Professional Anti Aging Product Award", granted by the Sisters Beauty Pro magazine published for China, Hong Kong, Macau, Malaysia and Singapore (LIFT CONTOUR ELIXIR GLOBAL LIFT).

#### The First Beauty Step

Basic cosmetology is the science and art of improving the beauty of normal skin types, including those that, although considered normal, have certain imperfections. The necessary products to treat these skin types form a basic range of cosmetics that cover all the elementary treatment necessities & should be found in a beauty salon.

## Normal & Dry Skin

[1000 ml]

### Emulsion with Camomile:

Emulsion for removing make-up and dirt with Camomile extract, ideal to soften and protect dry and normal skin types. It has remarkable moisturizing properties.

**Main ingredient:** Camomile extract.

[1000 ml]

### Camomile Skin Tonic:

Tonic to complete the cleansing of dry skin, with toning effects. It refreshes and softens the skin.

**Main ingredient:** Camomile extract.

[500 ml]

### Hydratant Mask Cream:

Mask with radiated clay and Chamomile extract that promotes interchanges in the epidermis and moisturizes the skin immediately, maintaining optimal moisture content.

**For dry and normal skin.**

[200 ml]

### Hydratant Cream with Amino Acids:

The amino acids used in this cream are associated with substances that regulate pH levels and active ingredients that moisturize skin. Preserves the hydro-lipidic layer of the epidermis.

**For dry-normal skin.**

**Main ingredients:** Amino acid complex, moisturizing ingredients.

[200 ml]

### Wheat Germ Oil Nourishing Cream [Dry Skins]:

Nourishes the skin effectively due to its content in wheat germ. Fights lack of elasticity. Rich in vitamins, among them vitamin E, being the highest in concentration. Contains apple pip extract rich in phytostimulins, which are cellular messengers with anti-ageing action, phytosterols, tocopherols and essential fatty acids.

**For dry skins.**

## Oily Combination Skin Types

(1000 ml)

### Cleansing Emulsion with Cucumber Extract:

Fluid make-up and dirt removing emulsion with special ingredients to remove any excess oil from the skin that is secreted throughout the day.

**Main ingredient:** Cucumber extract.

(1000 ml)

### Skin Tonic with Hamamelis:

The high content of Hamamelis makes this tonic gently astringent. It has refreshing and re-balancing properties. Specially indicated to complete the cleansing of oily and combination skin types.

**Main ingredient:** Hamamelis extract.

(200 ml)

### Moisturizing Emulsion (Oily and Combination Skin):

Moisturizing cream for massage. Skin achieves a matt look, which is oil and shine free. Avoids trans-epidermal evaporation. Does not block pores. Especially advisable for oily skin.

**Main ingredient:** Moisturizing ingredients.

(500 ml)

### Normalizing Mask Cream:

Clay mask with Hamamelis extract. Slightly astringent, regulates secretion of the sebaceous gland. Absorbs impurities from the skin leaving the face taut and matt.

**Main ingredients:** Radiated clay, Hamamelis extract.

# Peelings & Phials

[200 ml]

## Soft Peeling:

Peeling to eliminate dead cells from the corneal layer and to stimulate biochemical changes in the epidermis. The skin is then ready to receive any treatment. For all skin types. Best suited for clean ups.

**Main ingredient:** Starch.  
(All Skin Types)

[500 ml]

## Exfoliating Scrub:

Exfoliating creamy peel to eliminate dead cells from the corneal layer. For all skin types. Contains round particles with Jojoba oil that leave a pleasant emollient effect over the skin.

**Main ingredient:** Jojoba particles.  
(Dry to Normal Skin)

[10 units]

## Glyco-30:

Ideal product to achieve luminosity and provide moisture content for the skin. It speeds up the elimination of flakes that naturally come off the epidermis.

**Main ingredient:** Glycolic acid.  
(Normal to Mature Skin)

[6 treat.]

## SK-Enzyme Peeling (Active Lotion + Diluting Emulsion):

Enzymatic treatment to exfoliate the skin. Contains a protease of biotechnological origin with keratolytic activity that rapidly eliminates any dead cells from the corneal layer, speeding the renewal of the epidermis. Non-irritant.

**Main ingredient:** Biotechnological protease.  
(Sensitive Skin)

[20 amp.]

## Collagen + Elastin Factor:

They are amino acids that come from mixing collagen and elastine of marine origin together with concentrated moisturizing products and gives immediate effect. Has toning, firming and protective properties. These properties can be intensified with ionization or with a simple massage.

**Main ingredients:** Marine collagen, Marine elastine.  
(Mature Skin)

# Algy Masks

## Brightening Mask:

Protects the skin from the cellular ageing produced by sun radiation and skin stress. Stimulates collagen synthesis. Activates the skin's natural defences. Has re-mineralising and anti-ageing effect. Adds radiance and unifies skin tone.

**Main ingredients:** Fresh Fruit Cells (Fresh Kiwi Cells & Fresh Mango Cells), Red Grapes, Coralline seaweeds.  
[Normal Skin]

[6 units]

## Shine Control Pure Mask:

Softens the skin's micro contours, hiding small imperfections. It fights the skin's flora which is responsible for the impurities in oily skins. Stimulates collagen synthesis, and is specially indicated for correcting slight marks left by acne. Has anti-elastase effects. Useful for improving flaccidity in mature oily skins. Restores the balance of oily skins, improving their appearance & elasticity.

**Main ingredients:** Papin, Willow, Ulva Lатуca, Witch Hazel, St. John's Wort, & Arnica.  
[Oily to Combination Skin]

[6 units]

## Rich Nourishing Face Mask:

Formulated to act as nutritional shock complement for the skin. Based on: Proteins from Coconut Pulp (to provide amino acids that form enzymes, fibers, hormones and cells metabolism), Quick assimilation sugars from Honey (source of quick energy for cell metabolism), Essential fatty acids from Rosehip. (source of energy reserves and thermal insulation and tissues mechanic materials)

[Dull, Lifeless Skin]

[6 units]

## Q-10 Supply Mask:

Stimulates the synthesis of natural emollients that form the skin's protective layer. Acts against free radicals. Produces in-depth tissue oxygenation.

**Main ingredients:** Co-enzyme Q 10, Wheat germ, Beer Yeast, Hyaluronic Acid, Red Seaweed, Rose Petals.  
[Dry, Dehydrated, Mature Skin]

[6 units]

## Sensitive Recovery Mask:

7 specifically selected plant extract specially indicated for fine, sensitive and irritated skins. The special formula makes it possible to control irritations and to also provide controlled treatment for capillaries or spider veins.

**Main ingredients:** Callendula, St. John's Wort, German Chamomile, Rosemary, Aloe Vera, Eucalyptus, Vital Mamaku Essence.  
[Sensitive Skin]

[6 units]

## Regenerating Collagen Veil Mask:

Conserves, fortifies, improves and restructures the skin. Gently weaves insoluble collagen fibers, creating a velvety 3D grid with very fine pores. Immediate moisture, activate circulation supplies elasticity, improves skin tone restructures epidermis, strengthening, detoxifying and soothing.

**Main ingredients:** Regenerating Collagen Veil (supplies support to insure hydration, plumping effect). Silk Protein Solution (moisturizing, firming, restructuring), Pure Native Collagen, Cell DNA Solution.  
[Mature Skin]

[6 units]

## Home Care Products

NEW

(250 ml)

### Camomile Skin Tonic:

Tonic to complete the cleansing of dry skin, with toning effects. It refreshes and softens the skin.

**Main ingredient:** Camomile extract.

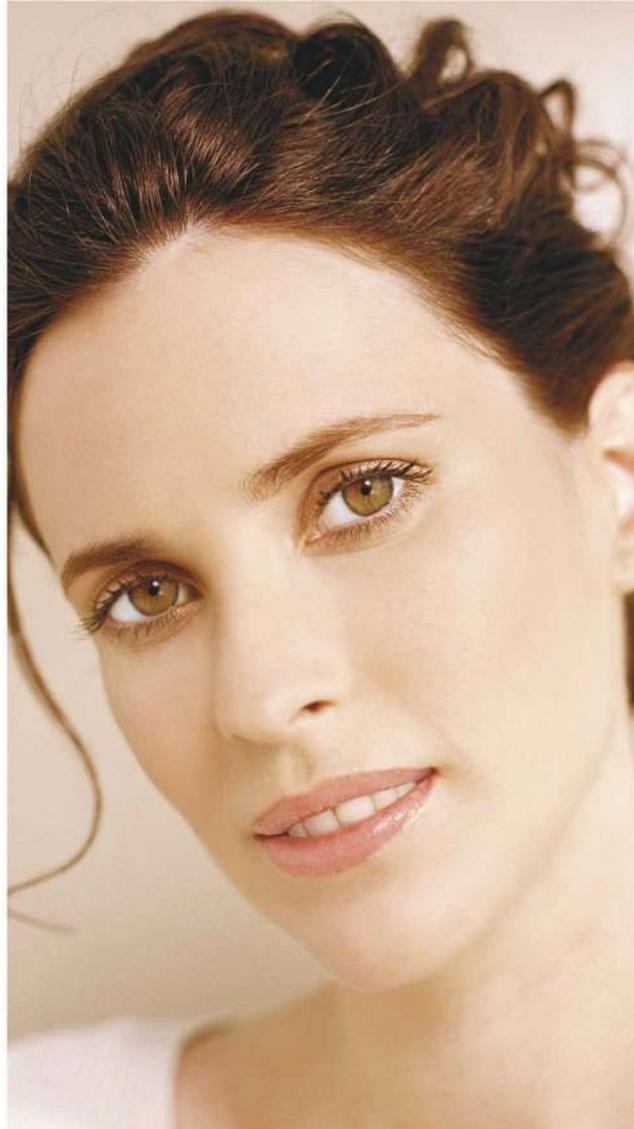

NEW

(250 ml)

### Skin Tonic with Hamamelis:

The high content of Hamamelis makes this tonic gently astringent. It has refreshing and re-balancing properties. Specially indicated to complete the cleansing of oily and combination skin types.

**Main ingredient:** Hamamelis extract.

## natural defence line

The perfect synergy between vitamins, oligoelements, aminoacids and proteins that constitutes your skin's true defence against external aggressions, such as the sun, stress, pollution and the passing of time.

## Professional Products

[12 amp. x 2.5ml]

### Hydration Complex Concentrate:

Intensive moisturizing complex for the different skin layers. Copies the natural moisturizing factor NMF and gives amazing results.

**Main ingredients:** Pentavitin, Hyaluronic acid, Hydroviton 24h, Pyrrolidone sodium carboxylate.

[Dry Skin]

## Home Care Products

(50 ml)

### Rich Nutriv Cream:

Nourishing and firming night cream formulated with a synergistic combination of amino acids, oligoelements and vitamins that obtain an in-depth chrono-revitalization of the skin, achieving greater firmness and brightness.

**Main ingredients:** Magnesium aspartate, Zinc & Copper glucomate, Panthenol, Vit. A, Vit. E, Vit. C, Vit. F.  
(All Skin Types)

(50 ml)

### Ultra-Moisturizing Cream 24H:

Cream with lasting moisturizing agents. Contains L-PCA, which together with the moisturizing agents copy the natural moisturizing factor and keep skin's moisture levels for 24 hours. It has also been enriched with marine plankton which activates creamide synthesis. All skin types.

**Main ingredients:** Pentavitin Lauryle Pyrrolidone Carboxylic Acid (L-PCA) Hygroplex Marine plankton Ceramides Vitamins A & E.  
(Dry to Normal)

(50 ml)

### Finish Rides Cream:

Multiple action night cream: Activates cellular breathing and therefore skin's tissue renewal. Increases the available energy (ATP). Restores the damaged barrier, while moisturizing and healing. Preserves the corneal layer from UV aggressions. With continual use wrinkles in the epidermis fill up from the base.

**Main ingredients:** Dipalmitoyl hydroxyproline, Revitalin BT, Panthenol, Retinol & Tocopherol Palmitate.  
(Mature & Damaged Skin)

## aquatherm line

Cosmetic range for facial care formulated with thermal water sourced from Salies-de-Béarn (French Pyrenées) to respond to the problems of sensitive and reactive skins that cannot be treated with traditional cosmetic products. Reinforces the barrier layer. Diminishes the sensitivity threshold. Restores the ecological balance in the skin.

# Professional Product

**Aquatherm Recovery O<sub>2</sub> Pack:**  
Promotes the balance of the epi-cutaneous layer. Restores the ingredients of the corneal layer.

1. **Anti-Redness Factor:** Helps to improve the appearance of red lines and persistent redness.
2. **Lift-Collagen Thermal Factor:** Thermal solution formulated with pure marine collagen (99%) to improve the firmness of sensitive skin.
3. **Re-Balancing Thermal Mask With O<sub>2</sub>:** Creamy mask formulated with spring water with rebalancing effects in sensitive skin types. Refreshes, moisturizes and soothes congested skin or redness.
4. **High Tolerance Revitalizing Cream:** Moisturizing cream for all types of sensitive skin. Formulated with Q10, a significant antioxidant. Promotes natural recovery of reactive skin, strengthening it against external aggressions.

**Main ingredients:**  
Made with Spring thermal water from **Salies-de-Béarn (France)**. The highest magnesium (Mg) concentration in thermal water within the world.  
Pre-biotic sugars: Natural substances that stimulate the proliferation of the beneficial cutaneous flora.  
Ceramides: The main lipids of the extra cellular cement within the corneal layer.  
Highly Pure Marine Collagen (99%), Pumpkin Extract, Co-enzyme Q10, Dermo-Saccharides, Perfluorocarbons, De-Congestant Plant Extracts.

[4 treat.]

# Professional Products

(200 ml)

**Revitalizing Anti-Aging Cream:**  
Delicate anti-ageing firming cream, formulated for sensitive skin with flaccidity, wrinkles and lack of luminosity. Revitalizes in depth pre maturely aged tissues.

**Main ingredients:** Spring water, Pre-Biotic Oligosaccharides, Ceramides, Pumpkin Extract, ATP, Vitamins (E+F+C), Soya Proteins, Anti wrinkle active ingredients.

(12 amp. x 2.5 ml)

**Anti-Redness Hydra Concentrate:**  
Moisturizing concentrate formulated with vegetal extracts and thermal water for the treatment of sensitive skin prone to redness or with couperose. Its special formulation allows the product to be massaged without damaging or suffocating the skin.

**Main ingredients:** Spring water, Pre-Biotic Oligosaccharides, Plant Extracts.

(200 ml)

**Deep Moisturizing Cream FII:**  
Moisturizing Cream for dry sensitive skin prone to dehydration. Contains dermo-saccharides and moisturizing agents, which are resistant to cleansing. The other ingredients promote the tolerance against external aggressions. Intensive, long lasting moisturizing effects for all environments.

**Main ingredients:** Spring water, Pre-Biotic Oligosaccharides, Ceramides, Pumpkin Extract, Dermo-saccharides.

(250 ml)

**Thermal Concentrate Water:**  
Concentrated Spring Water for the daily care of sensitive skin. Instantly soothes discomfort and tightness. Rich in Sodium, Potassium, Magnesium & Calcium salt. Helps to restore the healthy appearance of the skin.

**Main ingredient:** Concentrated spring water.

# Home Care Products

[250 ml]

### Delicate Cleansing Milk:

Cleansing Milk for all types of dry sensitive skin. Compatible with the acidic pH level. Contains pre-biotic oligosaccharides, which are beneficial for the cutaneous flora.

**Main ingredients:** Spring water, Pre-Biotic oligosaccharides, Pumpkin extracts, Plant extract with soothing properties.

[Dry Sensitive Skin]

[100 ml]

### Thermal Concentrate Water:

(Salies-de-Béarn (France))

Concentrated spring water for the daily care of sensitive skin. Instantly soothes discomfort and tightness. Rich in Sodium, Potassium, Magnesium & Calcium salts and trace elements that help to restore the healthy appearance of the skin.

**Main ingredient:** Concentrated spring water.

[All Skin Types]

[250 ml]

### Thermal Cleansing Gel:

Cleansing gel formulated for the daily cleansing of sensitive skin prone to oiliness. Strengthens the biological balance of skin protecting it against external aggressions and creating an ecological balance and restoring the skin pH.

**Main ingredients:** Spring water, Pre-Biotic oligosaccharides, Hammamelis water.

[Oily Sensitive Skin]

[30 ml]

### S.O.S. Anti-Redness:

Balsamic Serum that provides freshness and immediate relief for tightness and redness in sensitive skins. Enriched with plant extracts that improve the appearance of couperose & redness. Its formulation strengthens and promotes the normalization of reactive skin. Essential when traveling, as it helps the skin to adapt to climatic changes and environmental aggressions. Suitable for counteracting any irritations, which can be caused through general cleansing.

**Main ingredients:** Spring water, Pre-Biotic oligosaccharides, Perfluorocarbons, Plant extracts for the treatment of redness & couperose.

# Home Care Products

[50 ml]

## Bi-Zone Soft Mask:

Gel Mask formulated with spring water with re-balancing effects in sensitive skin types. Refreshes, moisturizes & soothes congested skin or redness.

**Main ingredients:** Spring water, Pre-Biotic Oligosaccharides, Pumpkin Extract.

[50 ml]

## Re-Balancing Gentle Cream FI:

Moisturizing Cream for sensitive combination and oily skin types. Formulated with substances from the Natural Moisturizing Factor (NMF), reinforces internal reservoirs of water. Its composition gradually normalizes sensitive skin making it stronger against external aggressions.

**Main ingredients:** Spring water, Pre-Biotic Oligosaccharides, Ceramides, Pumpkin Extract, NMF.

[200 ml]

## Cleansing Micellar Water:

Micellar thermal water created to effectively clean impurities and make-up remains from the face, eyes and lips and moisturize. The structured tensoactive cleaning agents present in the micelles gently remove all traces of make-up from the face, lips and eyes. Specially indicated for sensitive skins. Its formula contains FNH and Macadamia oil, for greater hydration, softness and protection of skin's barrier. The Salies-De-Bearn spa water brings a sensation of comfort, reducing the reactivity of dry skins. No rinsing required. Alcohol and paraben-free. Allergy tested.

**Main ingredients:** Thermal Water, NMF Moisturising agents, Macadamia Nut Oil Repidating agents.

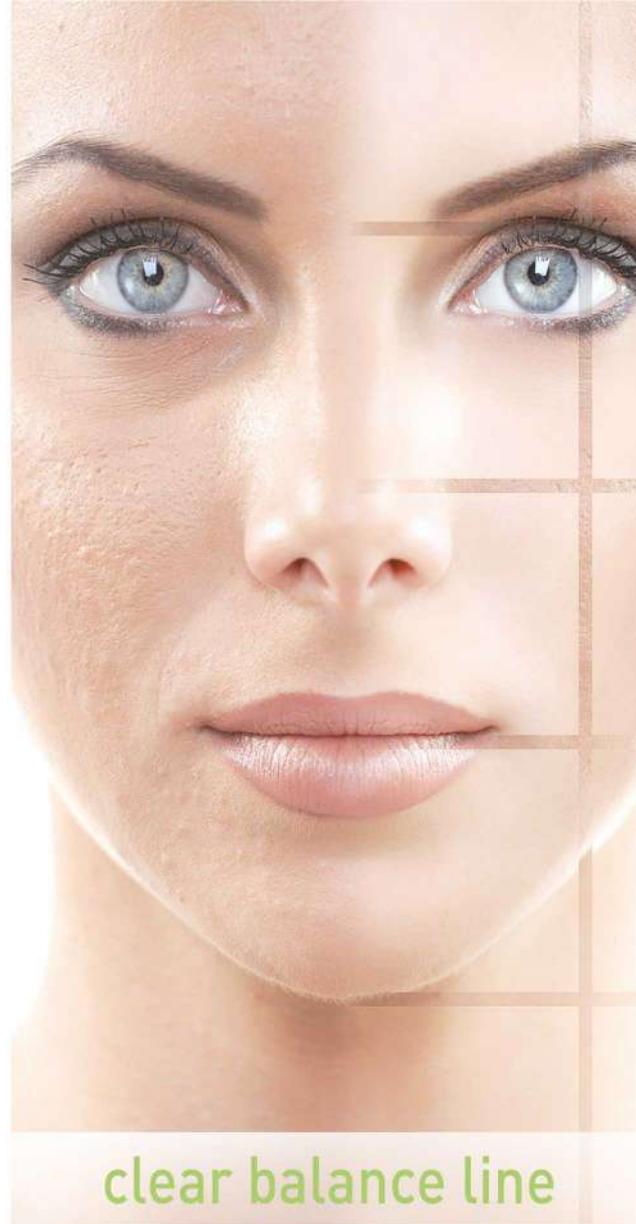

[50 ml]

## Deep Moisturizing Cream FI:

Moisturizing Cream for dry sensitive skin prone to dehydration. Contains dermo-saccharides and moisturizing agents, which are resistance to cleansing. The other ingredients promotes the tolerance against external aggressions. Intensive, long lasting moisturizing for all environment.

**Main ingredients:** Spring water, Pre-Biotic Oligosaccharides, Ceramides, Pumpkin Extract, Dermo-Saccharides.

Clear Balance is a professional line of products developed specifically to normalize the three main causes of skin impurities: hyperseborrhea, hyperkeratosis and proneness to infection.

Clear Balance includes two different product ranges for use at home and in beauty institutions, for correctly treating these two basic types of acne lesions: normalising treatment product, which prevent the proliferation of elemental acne lesions (non-inflammatory), and fast-acting products for occasional use to accelerate the evolution of inflammatory lesions.

The Clear Balance products have been developed with non-comedogenic excipients which are free from oils and fats and adapt to the specific needs of this type of skin, without causing oiliness or shininess.

# Professional Products

## Normalising Treatment Product Range For Non-Inflammatory & Inflammatory Retentional Lesions

[12 units x 5 ml]

### Purifying Factor:

A de-incrusting concentrate that facilitates the removal of blackheads and impurities. Its formula, rich in acids and tensoactive ingredients, with high affinity for fat, cleanses the area, accelerates the dissolution of the corneal plug and helps deep cleanse the pores.

**Main ingredients:** Mandelic Acid, Salicylic Acid, Betaine.

[150 ml]

### Pure Re-balancing Mask:

A soothing, slightly astringent face mask that refreshes the skin and cleanses the treated area. Its oil-free formula moisturizes and re-balances the lipids that protect the skin, without leaving it oily or shiny.

**Main ingredients:** Zinc Oxide, White Clay, Hexamidine, Oil-Soluble Pro-Vit. B5, Naringenine.

[3 treat.]

### 1. Normalising Targeted Factor:

A formula created for normalising sebaceous secretion and attenuating the development of marks or micro scars on the skin as a result of acne. Encapsulated in liposomes to target the effect at the sebaceous glands and follicle base.

**Main ingredients:** Liposome-encapsulated Astragalus and Ursolic Acid.

### 2. Pure Defence Gel:

A gel formulated for treating and preventing the proliferation of impurities affecting the appearance of oily skins with a tendency to develop acne. Oil free. SPF15.

**Main ingredients:** Acetyl Dipeptide-3, Aminohexanoate, Phenolic extract of Meadowsweet, Hallow PMMA spheres.

# Home Care Products

(75 ml)

### Pore Normalising Factor:

A formula created to refine the pore appearance and normalize the sebaceous nature and shiny tendency of oily skins that are prone to acne. Oil free.

**Main ingredients:** Witch-hazel and Astragalus encapsulated in liposomes.

(50 ml)

### Pore Refining Repair Serum:

A serum formulated to attenuate the development of marks and micro scars associated with oily skins that are prone to acne. Has a retinol-like effect and normalizes the skin repair processes, reducing the characteristic appearance of large, open pores. Oil free.

**Main ingredients:** Backuchiol, Liposome-encapsulated Ursolic Acid.

(50 ml)

### Pure Defence Gel:

A gel formulated for treating and preventing the proliferation of impurities that affect the appearance of oily skins with a tendency to acne. Its active ingredients increase the skin's antimicrobial peptide levels, improving its natural resistance to develop blemishes. Anti-shine formula. Antishine formula. Oil free. SPF 15.

**Main ingredients:** Acetyl Dipeptide-3 Aminohexanoate, Phenolic extract of Meadowsweet, Hallow PMMA spheres.

(150 ml)

### Pure Cleansing Foam:

A cleansing foam formulated for daily hygiene of seborrhic skins. It's intensive anti-impurity formula acts on the dirt that blocks the pores and favours the development of impurities. When used regularly, it helps improve the external appearance of skins that are prone to acne.

**Main ingredients:** Mandelic acid, Salicylic acid, Betaire, Hexamidine.

Treatment with the highest concentration of Vitamin C for radiant & brighter skin.

Antiox-Brightening Programme 35%

Feel the power of 25% Vitamin C derivatives and 10% super fruit extracts - Pomegranate & Acai.

# Professional Product

Gua Sha Stone

### Antiox-Brightening Programme 35%:

#### Vitamin C Starter Booster:

Preparatory solution for treatments with Vitamin C. Contains active agents which improve the benefit and sensation of treatments that use ascorbic acid at high concentrations.

**Main ingredients:** Biosaccharide Gum-1, Anogeissus Leiocarpus Ext., Eufraisea-Magnolia-Toronjil Extracts.

#### Vitamin C Concentrate 25%:

Concentrate for instant light and luminosity in your skin. Contains a stabilized ascorbic acid shock concentrate to rapidly improve the appearance of skin.

**Main ingredients:** Vitamin C derivative [25%].

#### Antiox-Illuminating Booster 10%:

Fluid rich in antioxidant properties made with a high content in pomegranate and acai extracts. Its anti-free radicals action complements the activity of the ascorbic acid concentrate. Obtaining a radiant light effect.

**Main ingredients:** Pomegranate and Acai Extracts (10% HG Solution).

#### Aloe Vera Cooling and Soothing Mask:

Creamy mask made with Aloe Vera and Cotton extract. With calming and refreshing effect.

**Main ingredients:** Aloe Vera, Cotton Extract and Alpha Bisabolol.

#### Moonlight Protective Cream:

Day cream with moonstone extract for an instant, natural brightening effect. Formulated to protect and unify skin tone. SPF 20.

**Main ingredients:** Moonstone Extract.

# Home Care Products

## Energizing Cream SPF 15 (Normal to Dry Skins):

Has great anti-oxidant power with light effect on the skin. It has powerful anti-free radical action which acts as a shield against solar damage. Increases collagen production, inhibiting effect on melanogenesis. Suitable for dry to normal skin.

[50 ml]

filter in the formula for normal to dry skins.

**Main ingredients:** 3% Vitamin C deriv., 3% HG Grenadine ext., SPF15

## Energizing Emulsion (Combination to Oily Skins):

Antioxidant emulsion with light effect on the skin. It has powerful anti-free radical action which acts as a shield against solar damage. Increases collagen production, inhibiting effect on melanogenesis. Suitable for oily to combination skin.

[50 ml]

**Main ingredients:** 3% Vitamin C deriv., 3% HG Grenadine ext.

## Antiox Glowing Serum:

Serum with high absorption Vitamin C, Pomegranate and Acai Extracts. Has triple antioxidant action which acts as a shield against photo-ageing. Intense light effect on skin. Powerful stimulator of collagen production. Unifying effect on dark spots. Recommended for use once a day, preferably at night.

[30 ml]

**Main ingredients:** – 12.5% Vitamin C derivative, 3% Pomegranate HG Extract, 2% Acai HG extract, 30ml Airless.

[14 amp. x 1 ml]

## Pure C Concentrate 7.5%:

A shock treatment for recovering the skin's luminosity and radiance in just a few sessions with a high concentration of ascorbic acid and other natural acids that rapidly improve the skin's appearance.

**Main ingredients:** Pure Vitamin C (7.5% ), Anogeissus Leiocarpus Extract.

## Eye Contour:

Eye Contour comes with great anti-oxidant power. It gives light effect on the eye contour and softens bag under the eyes, softens small wrinkles, decongests eyelids and bags under eyes.

[15 ml]

**Main ingredients:** 1.5% Vitamin C deriv., 1.5% HG Grenadine ext., Caffeine, Buckwheat, 15ml Airless.

NEW

## Instant Illuminating Mask:

Rejuvenating mask with jelly texture with immediate brightening effect. Its special formula includes repairing and antioxidant ingredients that exfoliate, unify and brighten the skin tone by deep cleansing.

[50 ml]

**Main ingredients:** Plant extracts, Strawberry seed, Glycolic acid, Vitamin C derivative, Pomegranate and Açai extracts.

## power hyaluronic line

"Hydro dynamic treatment -100% maximum hydration"

Power Hyaluronic improves the natural skin hydrodynamics by combining hyaluronic acid of different molecular weights with aquaporins activator. This gives optimum degree of hydration.

# Professional Product

**POWER HYALURONIC**  
SKYNEXOR

**HA Dynamic Professional Treatment:**  
**HA Intensive Concentrate 1.5%:**  
An intensive concentrate for hydrating skin in depth. Contains an extremely high concentration of hyaluronic acid with a low molecular weight, in a size created for moisturising the deepest layers of the epidermis (in-vitro).  
**Main ingredients:** Hyaluronic acid with a very low molecular weight (1.5%).

**Aquaporin Massage Gel:**  
A non-oily moisturising gel for facial massage in the cabin. Created to condition the skin and recover an optimum level of hydration. With Xylitol and its by-products which structure and harmonise the skin's internal hydrodynamic.  
**Main ingredients:** Xylitol and its by-products.

**HA Ultra Hydrating Gel 0.25%:**  
A moisturising gel with a high content of high molecular weight hyaluronic acid, in a size which creates a protective film and helps to hydrate and condition the skin's surface.  
**Main ingredients:** Hyaluronic Acid with a high and low molecular weight (0.25%).

**Polarised Water:**  
A polarised water solution, using a process which allows a larger quantity of molecular water to be packed in a smaller space. Encapsulated in liposomes for better diffusion throughout the skin.  
**Main ingredient:** Polarised water encapsulated in liposomes.

**Selenite Stones:**  
In the massage stage with HA Ultra Hydrating Gel, relaxing strokes are to be made on the skin with two selenite stones. Selenite is a mineral associated with water. It is one of the first minerals to be formed by the evaporation of sea water (lakes and closed water).

**Intensive Moisturising Emulsion 0.25%:**  
A facial moisturising cream with a high content in hyaluronic acid with very low and high molecular weight.  
**Main ingredients:** Hyaluronic Acid (0.25%). Sunflower extract, Xylitol and its by-products.

**[6 treat.]**      **Selenite Stones**

# Home Care Products

[50 ml]

**Intensive Moisturising Cream (Dry to Very Dry Skins):**

A 100% ultramoisturising cream that provides 24hrs continuous hydration. It improves the appearance of wrinkles caused by dehydration. It improves the appearance of micro-relief and cutaneous wrinkles.

**Main ingredients:** 0.25% hyaluronic acid with a very low and very high molecular weight, Sunflower extract, Xylitol and its by-products.

[50 ml]

**Intensive Moisturising Emulsion (Normal to Combination Skins):**

A 100% ultramoisturising emulsion that provides 24hrs continuous hydration. It improves the appearance of wrinkles caused by dehydration. It improves the appearance of micro-relief and cutaneous wrinkles.

**Main ingredients:** 0.25% hyaluronic acid with a very low and very high molecular weight, Sunflower extract, Xylitol and its by-products.

[30 ml]

**Moisturising Booster:**

100% ultramoisturising serum that provides 24hrs continuous hydration. Improves the appearance of wrinkles caused by dehydration. Enhances the benefits of the daily moisturising cream. Improves the appearance of the cutaneous micro-relief.

**Main ingredients:** 1% hyaluronic acid with a very low and high molecular weight, Xylitol and its by-products.

[50 ml]

**Intense Hydrating Mask:**

A sorbet-textured mask with a moisturising and remineralising effect on the skin. A true skin hydration treatment. Its special formula includes active ingredients that deeply moisturise, giving the skin a more hydrated, fresher and smoother appearance.

**Main ingredients:** hyaluronic acid with a very low and high molecular weight, Norwegian glacier water, Magnesium aspartate, zinc gluconate and copper, Malachite extract.

### power hyaluronic eye & lashes line

The skin around the eyes is the most delicate and the most softest on the face, since it is always exposed to external elements such as sunlight, cold, wind, smoke and pollution.

The line, lifts eye lashes, smoothens & contours wrinkles, reduces under eye dark circle and makes eye lashes stronger.

# Professional Product

## HA Eye Contour & Eyelashes Professional Treatment:

### Biological For Lifting Effect Massage:

Biological professional formula with a studied combination of concentrated vegetable extracts designed for raising droopy eyes and diminishing dark circles and bags under-eyes.

**Main ingredients:** Silk Tree (Albizia julibrissin), Centella Asiatica (TECA), Darutoside.

### Comfort Mask Veil:

Impregnated veil mask to soothe and refresh eye contour. Formulated with a plant complex and micro-algae designed to soothe and repair the delicate area of eye contour.

**Main ingredients:** Blue Lotus, Aloe Vera, Clorella Vulgaris.

### Strengthening Eyelash Gel:

Moisturizing and conditioning gel formulated with GHK biotine and Pro-Vitamin B5, which provides more density and anchorage to eyelashes.

**Main ingredients:** Biotine GHK, Panthenol.

### Illuminating Wrinkle Repair Cream:

Anti-wrinkle cream for eye contour. Formulated with hyaluronic acid and optical technology levelers.

**Main ingredients:** Hyaluronic Acid, Oats, Hamamelis.

## Home Care Product

(15 ml)

### Cooling Eye Contour & Eyelashes Gel:

Refreshing gel to rejuvenate eye contour and strengthen your eyelashes. For a lifting effect on eyelids, contour wrinkles smoothing and reduction of eye bags. Strengthens eyelashes and brings an immediate refreshing effect.

**Main ingredients:** Hyaluronic Acid, Biotine-GHK, Silk Tree and Darutoside.

## power retinol line

It's mission is to rejuvenate skin that is aged due to natural causes or exposure to the sun. A synergy of three active ingredients with high rejuvenating power to unify, repair and balance the skin.

# Professional Product

[6 treat.]

## Intensive Repairing Professional Programme:

POWER RETINOL is the outcome of exhaustive research into retinoids and substances with retinoidal or retinoid-like effects for use in the professional cosmetic field and in aesthetic medicine. Its mission is to rejuvenate skin that is aged due to natural causes or exposure to the sun (photo-aging).

### Pure Concentrated Retinol:

Biological anti-aging with pure retinol concentrate.

**Main ingredients:** Retinol (5000 IU/g), bakuchiol 1.0%, HS soybean extract.

### Organic Calendula Oil:

A golden fluid with softening properties that help control redness caused by retinoids. Rich in carotenoids (vitamin A precursors).

**Main ingredient:** Pure calendula oil (organic).

### Amber Extract Mask:

A mask that contains amber extract, a fascinating substance with antioxidant and conditioning properties that has the capacity to preserve the skin's beauty.

**Main ingredient:** Amber extract.

### Intensive Antioxidant Cream:

A cream with a high concentration of antioxidant extracts and active ingredients, formulated to protect substances that are sensitive to free radicals and attenuate signs of skin aging. SPF 15.

**Main ingredient:** Antioxidant extracts (pomegranate, grape, Picea excelsa), coenzyme Q10, Vitamin C derivative.

# Home Care Products

[50 ml]

**Intensive Repairing Cream (Normal to Dry Skins):**

Anti-aging cream with pure concentrated retinol. Indicated for normal to dry skins. Anti-aging repairing cream which has rejuvenating activity on wrinkles and blemishes. Also controls the activity of sebaceous glands. Do not apply on eyes and mucous membranes. Not to be used more than twice a day.

**Main ingredients:** Pure retinol (2000 IU/g), Bakuchiol 0.75%, HS soy extract.

[50 ml]

**Intensive Repairing Emulsion (Combination to Oily Skins):**

Anti-aging emulsion with pure concentrated retinol. Anti-aging repairing cream which has rejuvenating activity on wrinkles and blemishes. Also controls the activity of sebaceous glands. Contains light-interference pigments for an immediate perfecting effect. Do not apply on eyes and mucous membranes. Not to be used more than twice a day.

**Main ingredients:** Pure retinol (2000 IU/g), Bakuchiol 0.75%, HS soy extract.

[30 ml]

**Intensive Repairing Serum-in-Cream:**

Anti-ageing serum-in-cream with high concentration of pure retinol. Contains light-interference pigments for an immediate perfecting effect. Has faster efficacy for damaged skin due to its rejuvenating action. Do not apply on eyes and mucous membranes. Not to be used more than twice a day.

**Main ingredients:** Pure retinol (3000 IU/g), Bakuchiol 1.0%, HS soy extract.

Power Oxygen protects your skin from environmental pollution and provides much needed oxygen to it. The double action product line is created to provide skin with oxygen and create barrier protective effect against environmental pollution. It has high content of perfluorodecalin, an oxygen attracting molecule and two complimentary polysaccharides with protective effect. A combination of oxygenating, anti-pollution, anti-oxidant, detoxifying and pre – biotic active ingredients for a more intense purifying and all-round protective effect. Power Oxygen is perfect for suffocated and stressed skin living in urban cities.

# Professional Product

## Oxygen [O2] Skin Advanced Programme & Pollution Block:

Created to provide your skin with oxygen and create a barrier/protective effect against environmental pollution.

Formulas with a high content in perfluorodecalin, an oxygen-attracting molecule and in two complementary polysaccharides with protective effect. Power Oxygen is perfect for suffocated and stressed skin living in urban cities.

### Pre O2 Massage Gel:

Remineralising activator massage gel. Perfect for preparing the skin for oxygenating treatment.

**Main ingredients:** Palmaria Palmate extract, Magnesium aspartate, Zinc & Copper gluconate.

### Pure O2 Spray:

Intense invigorating spray with pure oxygen and Perfluorodecalin, a molecule that captures oxygen.

**Main ingredient:** Oxygen (60% v/v), Perfluorodecalin 5%.

### Post O2 Concentrate:

Facial concentrate with Tropaeolum majus extract capable of promoting oxygenation of the skin by activating its capacity to adapt to hypoxic stress and stimulating the transport of oxygen.

**Main ingredients:** Tropaeolum Majus Extract.

### Detox Mask:

Refreshing face mask soaked in purifying solution that helps detox skin and protect it from oxygen free radical.

**Main ingredients:** Malachite extract, Vit. B3, Liposomal Lepidium sativum extract.

### Pro Defence Cream:

Anti-Pollution cream for face and neck area, Combines a pre biotic promoter of the beneficial skin flora and a protective film against environmental pollution.

**Main ingredients:** Environmental Protector, Pre biotic oligosaccharides.

# Home Care Products

[50 ml]

**City Pollution Block Cream + O<sub>2</sub> (Normal to Dry Skins):**

Product with a high perfluorodecalin content, an oxygen-trapping molecule. Its formula combines active agents with oxygenating, prebiotic and protective action against pollution, for a deeply revitalising oxygenating effect.

**Main ingredients:** Filtered fermented alteromonas (≥ 1MDa), Perfluorodecalin 2%, Tropaeolum Majus (Garden Nasturtium) extract, Prebiotic oligosaccharides, GUM-4 Biosaccharide (Environmental protector ≥ 2 MDa, barrier effect).

[50 ml]

**City Pollution Block Gel Cream + O<sub>2</sub> (Combination to Oily Skins):**

Product with a high perfluorodecalin content, an oxygen-trapping molecule. Its formula combines active agents with oxygenating, prebiotic and protective action against pollution, for a deeply revitalising oxygenating effect.

**Main ingredients:** Filtered fermented alteromonas (≥ 1MDa), Perfluorodecalin 2%, Tropaeolum Majus (Garden Nasturtium) extract, Prebiotic oligosaccharides, GUM-4 Biosaccharide (Environmental protector ≥ 2 MDa, barrier effect).

[30 ml]

**City Pollution Barrier-Boosting Serum:**

Antipollution detox serum for face and neck. Its formula combines active agents with detoxifying, antioxidant and protective action against pollution, for a more intense global purifying effect. Cosmetic ideal for urban environments.

**Main ingredients:** Fermented filtrate of alteromonas (≥ 1 MDa), Liposomal Lepidium Sativum extract (water cress), Malachite extract.

NEW

[50 ml]

**Deep Purifying Mask:**

Scrub-effect purifying mask. Its creamy clay texture with small exfoliating particles detoxifies and purifies the skin. Its special anti-pollution and oxygenating formula helps eliminate impurities and pollutants from the skin pores.

**Main ingredients:** Charcoal, Icelandic volcanic sand, Perfluorodecalin and Tropaeolum Majus extract, Thermal spring water from the south of France, Witch hazel toner.

## derma peel pro line

The new generation of cosmeceutical peels with immediate results for skin imperfections without downtime. The first sequence multi-layered peeling for brightening, whitening and anti-ageing.

# Professional Product

(6 treat.)

## Timeless Peel Sequential System:

It combines the action of 3 AHA's; Glycolic and lactic acid with a renovating action to treat medium wrinkles and mandelic acid to minimize pores.

## Microabrasive Peel Ultrasound:

Micro-dermoabrasive gel designed to exfoliate the most external layer of the cornea stratum by mechanical action. Cleanses, purifies, and prepares the skin for the treatment with higher penetrating exfoliating agents.

**Main ingredient:** Diamond micro-particles.

## Spray Pre Peel:

Slightly acidic solution to prepare the skin for acid peeling treatments. It contains an active acid that comforts the skin during more aggressive treatments.

**Main ingredients:** 4-t Butylcyclohexanol (TRVP antagonist), pH 4.2.

## Timeless Acid Peel:

AHA concentrated solution which activates the natural degradation of the intercellular unions of the dermis. It accelerates the renovation of the external layer of the skin and smoothes the micro-relief.

**Main ingredients:** Glycolic 25%, Lactic 15%, Mandelic acids 10% pH 3.3.

## Enzymatic Peel:

Enzyme solution which dissolves the main component of the corneocytes - keratine - reducing the thickness of the external layer of the skin.

**Main ingredients:** Protease, Lysozyme.

## Timeless Biological Peel:

Biomimetic peptide concentrated solution that weakens the inter-cellular unions of the most internal layers of the epidermis. It stimulates the renovation of epidermis at the deep skin layers to stimulate the creation of new skin cells thus minimizing pores and wrinkles.

**Main ingredients:** Biomimetic peptide DSG encapsulated in liposomes.

## Neutralising Post Peel Mask:

Neutralizing mask to rebalance skin's pH after the treatment with AHA, and to inhibit the activity of enzymatic agents. Its refreshing texture immediately soothes the skin.

**Main ingredient:** Alkaline pH (8.0), hydrolyzed vegetal keratine.

# Professional Product

The image shows the SkeynDor DermaPeel Pro product kit. On the left is a white rectangular box with the brand name 'SKEYN DOR' and 'DERMAPEEL PRO' printed on it. To the right of the box are several individual product containers: a white tube, a white bottle with a pump dispenser, a white bottle with a spray nozzle, a small white jar, a small white bottle, a small blue bottle, and a small white bottle with a dropper. The products are arranged in a row, with the largest bottle in the center.

(6 treat.)

**Brightening Peel Sequential System:**  
Combination of glycolic acids for deep renewing action, with citric acid and phytic acid to reduce the pigmentation.

**Microabrasive Peel Ultrasound:**  
Micro-dermoabrasive gel designed to exfoliate the most external layer of the corneum stratum by mechanical action. Cleanses, purifies, and prepares the skin for the treatment with higher penetrating exfoliating agents.

**Main ingredients:** Diamond micro-particles.

**Spray Pre Peel:**  
Slightly acidic solution to prepare the skin for acid peeling treatments. It contains an active acid that comforts the skin during more aggressive treatments.

**Main ingredients:** 4-t Butylcyclohexanol (TRVP antagonist), pH 4.2.

**Brightening Acid Peel:**  
Concentrated solution of brightening acids and AHA that activate the natural degradation of the intercellular unions of the dermis. Accelerates the renovation of the external layer of the skin and smoothes the micro-relief.

**Main ingredient:** Glycolic 35%, Citric 10%, Phytic acids 5% pH 3.3.

**Enzymatic Peel:**  
Enzyme solution which dissolves the main component of the corneocytes - keratine - reducing the thickness of the external layer of the skin.

**Main ingredients:** Protease, Lysozyme.

**Brightening Biological Peel:**  
Concentrated solution of two biomimetic peptides. Stimulates the renovation of the epidermis in the deep skin layers, softens pigmentation and brightens the natural skin tone.

**Main ingredients:** Biomimetic peptide DSG and TGF-β in liposomes.

**Neutralising Post Peel Mask:**  
Neutralizing mask to rebalance skin's pH after the treatment with AHA, and to inhibit the activity of enzymatic agents. Its refreshing texture immediately soothes the skin.

**Main ingredient:** Alkaline pH (8.0), hydrolyzed vegetal keratine.

# Home Care Products

(200 ml)

## Resurfacing Peel Cleansing Gel 5%:

Intensive exfoliating gel with acids and biological peptides. A potent promoter in the generation of new skin - epidermis - that is smoother and more luminous. Do not use more than once a day, or on sensitive skins. Do not apply to the eyes or mucous membranes. Do not sunbathe without applying adequate solar protection.

**Main ingredients:** 5% [Glycolic/Lactic acid] pH 4.2. Protease.

(50 ml)

## Resurfacing Peel Emulsion 8% [Normal to Combination Skins]:

Exfoliating emulsion with alpha hydroxy acids and biological peptides. Stimulates the generation of new skin -epidermis- that is smoother and more luminous. Do not apply to the eyes or mucous membranes. Stop using in the event of irritation. Not recommended for sensitive skins. SPF20.

**Main ingredients:** 8% [Gluconolactone/Lactic acid] pH 4.2. TGF- $\beta$  and DSG biomimetic peptides embedded in liposomes.

(50 ml)

## Resurfacing Peel Cream 8% [Dry to Very Dry Skins]:

Exfoliating cream with alpha hydroxy acids and biological peptides. Stimulates the generation of new skin -epidermis- that is smoother and more luminous. Do not apply to the eyes or mucous membranes. Stop using in the event of irritation. Not recommended for sensitive skins. SPF20.

**Main ingredients:** 8% [Gluconolactone/Lactic acid] pH 4.2. TGF- $\beta$  and DSG biomimetic peptides embedded in liposomes.

(30 ml)

## Resurfacing Peel Concentrate 15%:

Intensive exfoliating concentrate with acids and  $\alpha$ -hydroxyacids. It triggers the generation of a new skin-epidermis-smoother and brighter. Apply a small amount of product on your face with smooth circular movements. Do not apply on eyes on mucous membranes. Stop its use if irritation occurs. Not recommended for sensitive skins. Avoid sun exposure without proper sun protection.

**Main ingredients:** 15% [Gluconolactone/Lactic/Mandelic/Phytic acid] pH 3.8 DSG and TGF- $\beta$  biomimetic peptides embedded in liposomes.

# Home Care Products

(150 ml)

## New Skin Foaming Cleanser:

A Cleansing mousse with lactic acid combined with arginine. A patented system for releasing AHAs that gives sustained renovation, without irritation. When used every day, deeply cleanses skin impurities and stimulates new epidermis synthesis. For all skin types.

**Main ingredients:** Lactic acid / arginine (20:1)

(50 ml)

## Shield Day Cream:

A de-pigmentation cream that lightens skin spots and unifies the skin tone. It contains a singular exopolysaccharide that protects the skin from the main urban pollutants that darken the skin. Indicated for persons who live or work in environments with high pollution (fumes, hydrocarbons, tobacco, sun), with SPF20 protection.

**Main ingredients:** Phenylethyl resorcinol and phenol derivatives, urban pollution protector.

(15 ml)

## Spots Eraser Cream:

With a specific formula containing wide-spectrum de-pigmentation agents created to quickly lighten the tone of all types of skin spots or pigmentation. Apply only to pigmented areas.

**Main ingredients:** Phenylethyl resorcinol and phenol derivatives, aminoethylphosphinic acid, TGF- $\beta$  biomimetic peptide encapsulated in liposomes.

NEW

## pro biome peel line

Give your skin a new lease of Life!  
DUAL ACTION, REGENERATES AND RESTORES

PROBIOME Peels, is the only range of Professional Peels that regenerates and cares for your skin. Its an innovative multibiotic treatment that restores the microbiome in your skin. 5 highly effective peels, formulated with a specific combination of acids that adapt to every need and skin type. A personalised, advanced, safe and easy to apply treatment that enables excellent regeneration.

## Professional Products

Our body is home to an invisible beneficial ecosystem of bacteria, viruses and fungi that is essential to the health of our skin : MICROBIOME. Exposure to chemical peels affects the microbiome and leaves the skin vulnerable and exposed to external aggressions. To counteract this effect, PROBIOME Peel Treatment, complements the regenerative power of acids with an innovative multibiotic complex that restores the skin's balance. The treatment offers personalized peels for every skin type and need.

4 phases to give all skin types a new lease of life – Pre Peel, Personalised Peel, Post Peel, Care & Protection

### Phase 1

Pre Peel – Prepare the skin with a unique combination of oil removing and protect the skin in sensitive areas before the peel.

(100 ml)

### Pre Peel Solution:

Degreasing lotion, effectively removes surface oils, Essential to enable penetration and uniform action of peel on skin.

(15 ml)

### Pre Peel Balm:

Protective Balm for delicate areas, Semi-occlusive formula that creates a transpirable film for lips and delicate areas like nose and eye corners. It moisturises the skin and creates a film that protects it from the irritant effect of the acids.

# Professional Products

## Phase 2

Personalise Peel - 5 Unique Peels (50ml) available for your specialised skin needs:

### Hydra Soothing for Sensitive Skin:

Combination of acids formulated to renew the skin that is sensitive to alpha hydroxyl acids. Its combination of polyhydroxy acids gives it a great moisturising capacity and does not alter the skin barrier or attack the skin. Recommended to exfoliate the skin with a tendency to be sensitive/reactive to AHAs. Gluconic 15%, Lactic 15%, Lactobionic 10%.

### Pore Polishing for Oily Skin:

Combination of acids formulated to refine the appearance of pores and soften the impurities of oily skin. Combination of sebum soluble acids and purifying action gives it a great ability to detoxify and reduce the appearance of impurities and open pores. Recommended to exfoliate oily skin and/or skin with impurities. Mandelic 20%, Succinic 5%, Glycolic 10%.

### Ultra Illuminating for Dull Skin:

Combination of acids formulated to bring light to the face and revitalize skin colour. Its high concentration of polyacids, together with derivative ascorbic acid, provides a high antioxidant and energising capacity for renewd more radiant skin. Recommended to exfoliate dull or devitaised skin. Malic 15%, Glycolic 10%, Citric 10%, Et-VC 5%.

### Age Smoothing for Photoaged Skin:

Combination of acids formulated to smooth the skin and soften the appearance of signs of ageing. Its composition of AHAs and acids with an antioxidant effect gives it a great capacity to renew the skin's appearance and neutralize free radicals that cause premature ageing. Recommended to exfoliate photoaged, wrinkles and/or slack skin. Lactic 15%, Pyruvic 10%, Glycolic 10%, Gallic 5%.

### Advanced Lightening for Blemished Skin:

Combination of acids formulated to smooth the appearance of blemishes and unify skin tone. Its formula incorporates acids with an antioxidant and clarifying action, giving it a great capacity to diffuse pigmentation in skin. Recommended to exfoliate skin with blemishes. Glycolic 15%, Malic 10%, Shikimic 8%, Hydroxyphenoxy Propionic 2%.

# Professional Products

## Phase 3

Post Peel: Neutralizing and Nutritional phase with the multivitamin concentrate to revitalise and deeply nourish the skin

### Post Peel Mask Solution:

Relipidising and soothing lotion that steps the action of the acids and restores the pH. It restores the skin's natural emollient that were lost during the lipid removal phase. It comforts the skin thanks to the aloe vera and the barrier polysaccharides obtained by biofermentation.

(250 ml)

### Skin Revitalizing Booster:

Revitalising multivitamin post exfoliation serum that boosts the renewing and revitalising effects of the peels. It infuses the skin with a firmer and more vitalised appearance and helps to soften the visible signs of ageing.

(50 ml)

## Phase 4

Care & Protection: Finish the treatment by applying the innovative Multibiotic Restoring Complex.

### Multibiotic Restoring Complex:

It comforts and restores the skin microbiome after the peel. It forms an invisible film that effectively repairs, protects, soothes and moisturises the skin's natural internal immunity and external defence mechanisms.

(30 ml)

# Home Care Products

## Post-Peel Probiome Kit:

It's a 7 day restorative treatment for complete skin regeneration and restoration. Its the essential complex to protect the skin in the days after the peel treatment. It Restores, Protects and Rehydrates the skin for 7 days and 7 Nights.

It contains, Multibiotic Restoring Complex (10ml), Skin Care Makeup DD Cream Age Defense SPF 50 (15ml), Multivitamin Night Cream (10ml).

## Multibiotic Restoring Complex:

It comforts and restores the skin microbiome after the peel. It forms an invisible film that effectively repairs, protects, soothes and moisturises the skin's natural internal immunity and external defence mechanisms.

[30 ml]

First overall regenerative treatment with plant origin stem cells (Uttwiler Spätlauber) nanoliposomes, for a long-lasting anti-aging effect.

Reinforced with another four latest generation active ingredients that promote and reinforce the activity of the plant active ingredients, particularly in the layers that are not dependent on regeneration by stem cells (dermis & hypodermis).

High penetration rate (up to dermis) proven efficiency in the epidermal stem cells and in dermal fibroblasts active ingredient acknowledged by the 2008 Innovation Award (European Cosmetic Academy).

# Professional Product

[4 treat.]

## Eternal Youth Professional Treatment with Plant Stem Cells:

### 1. Nano-Liposomes Plant Stem Cells Concentrate:

Extra-concentrated biological product made from plant origin stem cell nanoliposomes. It revitalises the stem cells in the epidermis, while also stimulating synthesis of the skin's vital component substance. In turn, the skin recovers the volume lost with age. Reinforced with silicon and hyaluronic acid to obtain a spectacular short-term redensifying effect.

### 2. Deep Carrier Anti-Wrinkle Concentrate:

Mixture of agents that can improve the solubility of topically conveyed active ingredients. It increases the skin-cosmetic distribution coefficient, as well as skin barrier permeability with respect to active ingredients. Has AHA & natural oil extracts.

### 3. Cryogenic Lifting Solution:

Solution containing cryogenic agents that reduce the external temperature of the epidermis and fix the plant stem cells to the skin. This produces a very intense, long-lasting anti-ageing action. It is enriched with innovative cosmetic agents that immediately reaffirm the skin, and provide a more natural and long-lasting "lifting" effect.

### 4. Polymerized Creamy Re-Balancing Mask:

Creamy polymerizable mask with an exclusive format that acts in three different ways: thanks to its rich ceramide content. It restores the skin's protection function; through occlusion, it aids the penetration of subsequently applied active ingredients, and through a natural exchange mechanism it re-balances the levels of the emollients that nourish the epidermal mantle, and this helps to normalize both dry and oily skins.

## Home Care Products

[50 ml]

### Eternal Cream:

Cream containing plant origin stem cell nanoliposomes. Formulated to compensate the loss of the vital substrate and restore the skin's volume lost with age at the deepest levels. The face becomes fuller, more even and clearly defined.

**Main ingredients:** Plant Stem Cells, Sea Fennel Extract, Lupin Seed Extract, Acmella Flower Extract, Lavender Extract.

[15 ml]

### Eternal Icy Eye Cream:

Cream for the eye contour area with plant-origin stem cell nano-liposomes. It is effective on epidermal stem cells, making them produce a greater amount of the vital dermal substance.

**Main ingredients:** Plant Stem Cells, Hamamelis, Buck Wheat Lavandula, Oat Kernel, Swiss Glacier Water.

[30 ml]

### Eternal Intensive Serum:

Extra concentrated serum containing plant origin stem cell nanoliposomes. Powerful elixir for revitalizing, renewing and nourishing the stem cells in the epidermis. It improves the speed at which cells are renewed and therefore increases the vital skin component substance. As a result the skin recovers its lost volume and is more youthful, radiant and firmer.

**Main ingredients:** Plant Stem Cells, Sea Fennel Extract, Lupin Seed Extract, Acmella Flower Extract, Lavender Extract, Retinol, Soy Protein, Lactic Acid, Camellia Leaf Extract, Hydrogenated Lecithin.

[30 ml]

### Eternal Sleeping Oil (Night Restoring Oil):

An anti-age, night-time restoration oil. A unique combination of natural oils, essences and extracts with a satin, non-greasy finish. A nutritional elixir for the skin, leaving it smooth and soft immediately. Fragranced with hints of jasmine, it enhances a feeling of well-being and promotes rest. Ideal for dry, mature or under-nourished skins.

**Main ingredients:** Crambe Maritima Extract, Protects epidermal stem cells, Indian Chiretta Extract, Hypodermic stem cell stimulator that fights against biological ageing.

## corrective line

Deep Lines Filler Programme:

Triple Anti-wrinkle Action – Peeling – Filler – Decontracting

More than 10 years of experience result in THE CORRECTIVE LINE: the cosmetic treatment that reduces deep wrinkles and expression lines quickly and effectively.

The innovative blend of three action mechanisms in a single treatment – peeling, filler and decontracting – is able to produce an intense smoothing effect on the deepest wrinkles.

The result: wrinkles disappear naturally and gradually from the first session.

# Professional Product

The image displays the SKEYNDOR Corrective Deep Lines Filler Programme product kit. On the left is a large white box with the brand name 'SKEYNDOR' and 'Corrective' printed on it. In front of the box are several individual product components: a small tube, a bottle, a syringe, three packets, and a jar. The packets are labeled 'Corrective' and 'SKEYNDOR'. Below the products, the text '[4 treat.]' is centered.

Deep Lines Filler Programme :

Triple Anti-wrinkle Action – Peeling – Filler – Decontracting

1. **Mask Peeling** – Activating mask infused with a biological exfoliant. Deeply renews the appearance of the skin and enhances the action of active ingredients applied during the programme.  
**Active ingredient:** Biological Peel, Circular activator.
2. **Expression Lines Concentrate** – Concentrate made with complementary pre and post synaptic myorelaxant peptides for a more intense and long lasting dermo-lifting action.  
**Active ingredient:** DRONE pre-synaptic dermo-lifting peptides, Post synaptic dermo-lifting peptides.
3. **Skin Plumping Concentrate** – Concentrate rich in active ingredients that re-densify the internal tissues for fuller and plumper looking skin.  
**Active ingredient:** Internal Tissue re-densifiers.
4. **Caviar Infusing Pad** – Freeze dried polysaccharide matrix enriched with caviar extract. Forms a reservoir in the treatment area, intensifying the absorption and fixation of active ingredients on the skin.  
**Active ingredient:** Marine Polysaccharides, Caviar.
5. **Jasmine Relaxing Mask** – Relaxing mask to soften facial micro-tensions that causes lines and wrinkles. Fragrance with notes of jasmine, promotes wellbeing and induces relaxation.  
**Active ingredient:** Neuro-inhibiting agent (GABA), Jasmine extract.
6. **Intense Filler Serum in Cream** – Serum with Ultra-filling effect microspheres, made with LMW hyaluronic acid and glucomannam. They penetrate the surface of the skin and swell quickly, filling furrows and expression lines.  
**Active ingredient:** Fast filling surface tissue substance.

(4 treat.)

## Anti Gravity Lifting Programme:

Restores fullness to the face and neck.

### 1. Active Firming Gel:

A non-oily emollient gel for in-salon facial massage, with tensing and firming properties.

**Main ingredients:** Menyanthes trifoliata, chlorella vulgaris, probiotic lysate, amino acids.

### 2. Anti-Gravity Serum:

A serum formulated to produce a global lifting effect on the skin. Specifically for treating loose mature skins and skin suffering from premature ageing due to the sun or weight loss activities. Enriched with hydrolysed collagen and organic silicon which strengthen the supporting properties of the skin.

**Main ingredients:** Biomimetic peptide derived from elafin, black pepper, collagen, organic silicon.

### 3. Immediate Lift Action Mask:

A lifting mask for the face and neck, with a wrinkle-ironing effect. Its patch-like format gives spectacular and immediate firming results with professionalism and efficiency.

**Main ingredients:** Yeast cell lysate, asian centella, aloe vera.

### 4. Lift Contour Cream:

A face and neck cream based on anti-age technology [ProGEN-in]. An advanced cosmetic that gives a global firming effect and restores fullness to the jaw line.

**Main ingredients:** [ProGEN-in] Technology, alaria algae extract, lupin extract.

# Home Care Products

[50 ml]

### Lift Contour Face & Neck Cream (Dry Skins):

A face and neck cream based on anti-age technology [ProGEN-in]. An advanced cosmetic that provides a global firming effect and restores facial fullness.

**Main ingredients:** Includes [ProGEN-in] Skeyndor technology, alaria seaweed extract and lupin extract.

[15 ml]

### Lift Definition Eye Contour Cream:

An eye contour cream based on anti-age technology [ProGEN-in]. A combination of progressive firming active ingredients and agents that eliminate dark circles and eye bags.

**Main ingredients:** Skeyndor [ProGEN-in] technology, alaria seaweed extract, buckwheat and reaffirming anti-wrinkle lipopeptide.

[50 ml]

### Lift Contour Face & Neck Cream (Normal to Combination Skins):

For face and neck cream based on anti-age technology [ProGEN-in]. An advanced cosmetic that provides a global firming effect and restores facial fullness.

**Main ingredients:** Includes [ProGEN-in] Skeyndor technology, alaria seaweed extract and lupin extract.

[30 ml]

### Lift Contour Elixir Face & Neck:

An elixir for the face and throat based on anti-age technology [ProGEN-in]. An advanced cosmetic for a global lifting effect and for restoring the facial volume. Has an intense tensor effect. Use in the morning and/or at night followed by an anti-aging moisturiser.

**Main ingredients:** Includes [ProGEN-in] Skeyndor technology, alaria seaweed extract and lupin extract.

[30 ml]

[30 ml]

2 V-Shape Mask

### V-Shape Lifting Home Care:

15-day treatment, morning and night, for neck double chin and neckline, based on [ProGEN-in] anti-ageing technology with lifting effect and anti-ageing firming action.

#### Benefits:

- Tightening effect and immediate lifting action.
- Firming action: redefines the skin of the neck and décolletage.
- Wrinkle reduction: minimises the appearance of lines and folds.
- Reduces the volume of a double chin.
- Reduces the impact of gravity.

Science and Luxury Unite to Create this Prodigious Line. Formulated with More than 25 Pure Ingredients. Developed with the Latest Multigene Technology. The most exclusive technological jewel for your skin. The fusion of science and luxury in a unique sensory experience. Skeyndor puts the most advanced technology in your hands to create this global ultra anti-ageing treatment to decisively fight the signs of ageing skin.

# Professional Product

[4 treat.]

**Timeless Prodigy - Professional Treatment:**

**D-Tox Champagne Jelly:** This delicate melting jelly prepared with French champagne is an anti-oxidant elixir ideal for performing a drainage massage on the face. Enriched with a polysaccharide from French Polynesia which purifies the skin from the urban pollutants that cause premature ageing of the skin.

**Main ingredients:** Extract of French Champagne, Protector from Urban Pollution.

**Skin 5 Growth Factor Multi Purpose Factor:** Fluid composed of proteoglycans and 5 growth factors selected for their powerful ability to rejuvenate the appearance & quality of the skin, specifically primed to guarantee their action when applied to the skin.

**Main ingredients:** 5 Growth Factors (EGF, IGF, a-FGF, b-FGF, VEGF), Soluble Proteoglycans.

**Damask Rose Stem Cells Concentrate:** Concentrate with 6 million stem cells obtained from the Damask Rose, stabilized in a fluid gel very low molecular weight hyaluronic acid. These are plant stem cells specially selected for their clinical effectiveness at reducing the signs of cell ageing in the skin.

**Main ingredients:** 6M Damask Rose Stem Cells, Hyaluronic Acid.

**Collagen 3D Mask, Face & Neck:** Native Collagen mask to stimulate and firm the skin. 3D structure to improve adaptability and promote the action of the anti-oxidant multi vitamin cocktail. Professional product for giving body, softening wrinkles and bringing suppleness to the skin in just one session.

**Main ingredients:** Native Collagen (>92%).

**Anti-oxidant Multi-vitamin Cocktail:** Intensive multi-vitamin complex ideal for revitalizing tired or ageing skin types. Combination of three hydrating & anti-oxidant vitamins working in synergy to activate, strengthen and nourish the skin instantly.

**Main ingredients:** Vitamin B3 + ProB5 + C.

**White Truffle Re-densifying Cream:** Luxury re-densifying cream prepared with a delicate extract of Italian white truffle, capable of acting in more than 40,000 genes related to skin ageing. Ideal for aiding the skin to recover its bright and youthful texture and appearance.

**Main ingredients:** Extract of White Truffle, Kombucha Tea.

## Home Care Products

[30 ml]

### Timeless Prodigy - The Serum:

The serum brings long-lasting light, softness, comfort and hydration. It offers an original and innovative texture, fresh to the senses and with a bright and velvety finish that adapts perfectly to any skin type.

**Main ingredients:** 50 million Stem Cells of Rosa Damascena, White Truffle, Soluble Proteoglycans, Kombucha Tea, Teprenona, Lupin Ext., Micro-collagen Bioactive (GEKG), Vit. A, C, E, B3, B5, B7 and B9, Hyaluronic Acid.

[30 ml]

### Timeless Prodigy - The Cream:

The cream gently melts in to produce a perfect "second skin" effect and a unique experience of pleasure to the sense. A rich, silky texture naturally protects, repairs and restructures the outer layers of the skin, providing the care and comfort required by the most demanding skin.

**Main ingredients:** 50 million Stem Cells of Rosa Damascena, White Truffle, Soluble Proteoglycans, Kombucha Tea, Teprenona, Anemarrhena Asphodeloides, Jambu Ext., Backuchiol, Vit. C, E, B5, B7 and B9, Hyaluronic Acid.

[30 ml]

### Timeless Prodigy - The Luxury Elixir:

Redensifies, Revitalises, Lifts, Brightens and Rejuvenates the skin. The extra ordinary global anti ageing concentrate aims at reducing the effects of everyday stress on the face and recharging energy levels to revitalize the skin from within. Combination of 3 Aesthetic Rejuvenation Strategies, which are applied in three progressive action phases. Phase 1 – Cell Genesis Activator – Produces an increase in the number of cells, Phase 2 – Cell Quality Perfector – Improves cell quality and delays senescence, Phase 3 – Cell Functionality Booster – Multiplies the functional capacity of the cel..

**Main ingredients:** Damask Rose and Wild Olive tree Stem cells, Growth factors, Proteoglycans, Piedmont White Truffle, Tephrosia Purpurea extract.

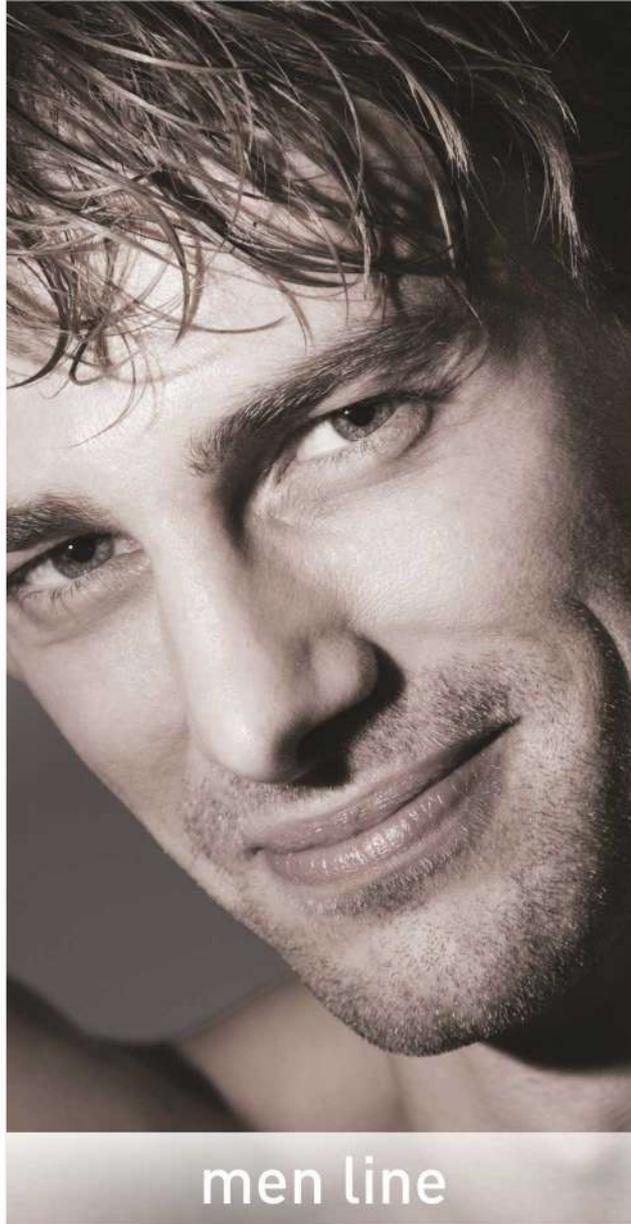

[20 ml]

NEW

### Timeless Prodigy - The Eye Contour:

Global ultra antiageing eye contour for daily application, created with more than ten powerful active agents such as growth factors, proteoglycans, white Piedmont truffle and the revitalising power of 50 million Damask Rose stem cells.

**Main ingredients:** 50M Bulgarian Rose Stem Cells, 5 Liposomal GFs, Proteoglycans, White truffle, Triterpenes, Persian silk tree Darutoside.

Skeyndor Men is a professional range of cosmetics for men, designed with two main purposes in mind: Maintaining the skin's balance and correcting the most aesthetical problems of masculine skin.

# Professional Products

(Mono Dose/1 unit)

## Intense Hydrating Professional Pack:

### Deep Exfoliant Gel, with Micro-Crystal Diamond Cuts:

Cleansing foam gel with micro-crystal diamond cuts, especially for men's skin. Enriched with Dragon's Blood extract, which enhance the renewal affect of the brushing act, and improves micro-healing.

### Deep Moisturizing Concentrate:

Formulated with taurine, an osmoregulating active ingredient that protects the cells hydration levels and prevents the skin from becoming damaged from sudden hydration changes. Enriched with a mixture of organic silicium, vitamin C and thermal water, created to restore and maintain the homoeostasis–balance-of men's skin.

### Anti-Stress Toning Massage Cream:

Toning cream for a professional, long-lasting and in-depth massage. The cream is non-oily and does not leave any residue. At the professional's discretion, the cream can be mixed with small amounts of essential oils or Skeyndor's specific ampules to enhance the massaging effect.

### De-Congesting Facial Mask Powder Phase/Tonic Phase:

Peel-off mask that restore the external balance of congested skins, standardizing the elasticity and hydration of the corneous layer. It controls the excess temperature and intensifies the penetration of the active ingredients contained in the biological complex. Contains fresh mango cells.

(Mono Dose/1 unit)

## Express Energizing Professional Pack:

### Deep Exfoliant Gel, with Micro-Crystal Diamond Cuts:

Cleansing foam gel with micro-crystal diamond cuts, especially for men's skin. Enriched with Dragon's Blood extract, which enhance the renewal affect of the brushing act, and improves micro-healing.

### O2 Energizing Concentrate:

Energizing concentrate formulated with energizing biological extract and perfluorocarbons, a compound that improves the skin's oxygen absorption. Ideal for invigorating skin tissues that are worn out or affected by cell respiration deficiency. Enriched with a mixture of organic silicium, vitamin C and thermal water, created to restore and maintain the homeostasis–balance-of men's skin.

### Anti-Stress Toning Massage Cream:

Toning cream for a professional, long-lasting and in-depth massage. The cream is non-oily and does not leave any residue. At the professional's discretion, the cream can be mixed with small amounts of essential oils to enhance the massaging effect.

### De-Stressing Gel (Sensitive Areas):

Massage gel for treating the eye and lip contour. Made with liposomed water from Swiss glaciers and pure Asian Pennywort. Its formula hydrates in-depth and slows down the natural process that favors the appearance of wrinkles on the skin.

### Titanium Facial Mask Powder Phase / Tonic Phase:

Peel-off, titanium mask that strengthens the skin making it more resistant to external aggressions (smoke, cold or rays). Its formula softens the signs of skin ageing, stress, and produces an intense cold feeling. Contains titanium. Organic silicon & collagen amino acids.

# Home Care Products

[150 ml]

### Daily Detox Face Wash:

Triple action purifying mousse that provides in-depth skin cleansing and restores its external balance, by accelerating cell renewal. Made with glycolic acid and a combination of cleansing agents. Thanks to its extra-soft formula it can be used daily without harming the skin. Ideal for removing impurities and excess oil to improve the skin's appearance.

**Main ingredients:** Glycolic Acid, Vit. C.

[100 ml]

### Redness Preventing After Shave:

Extra-refreshing balsam that reduces irritation from shaving. Its formula enhances the healing action of Dragon's Blood, together with a biotechnological complex that accelerates the evolution of micro-cuts reduced redness and prevents any impurities. It calms the skin, leaving the face feeling relaxed and fresh.

**Main ingredients:** Organic silicium, Vit. C, Thermal Water, Calming Plant extract.

[30 ml]

### Energizing Anti-Age Serum:

Serum that provides the skin with an invigorating dose of energy. Made with Siberian Ginseng, an adaptogen that stabilizes cell metabolism and activates the immune system, improving the skin's resistance to stress and extreme atmospheres. It prevents and softens signs of skin fatigue and ageing. SPF 10.

**Main ingredients:** Siberian Ginseng, SPF 10, Organic Silicium, Vit. C, Cell Energizing Extract, Thermal Water.

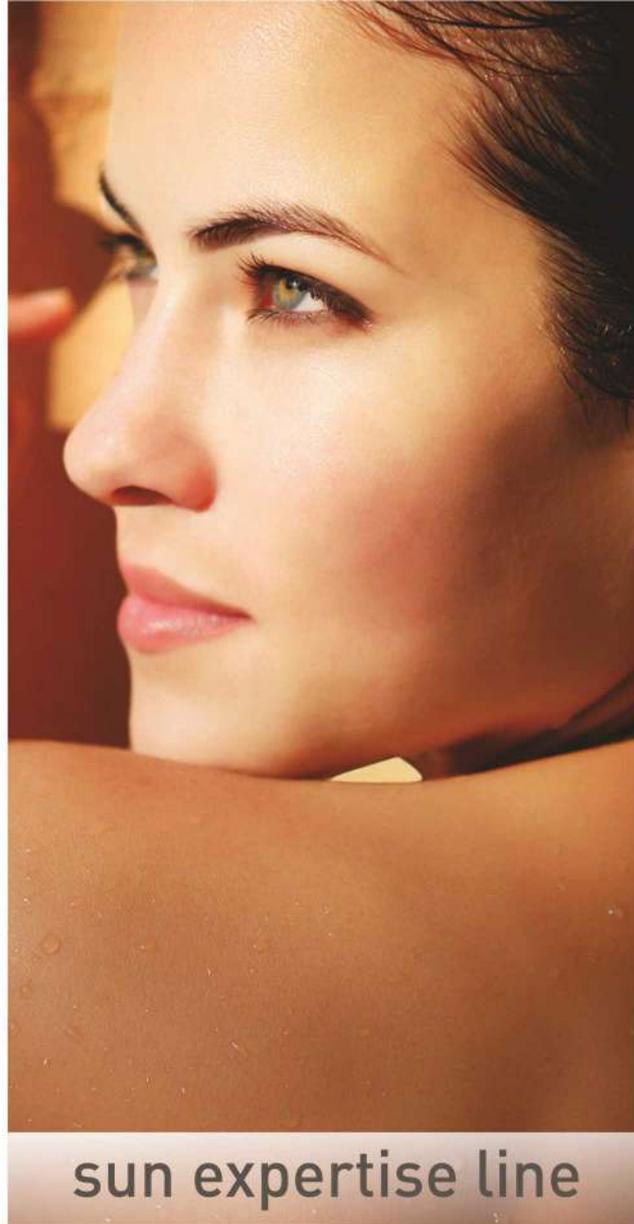

[50 ml]

### Shine Control 24H Aqua Emulsion:

Deep hydration emulsion for reducing shiny, oily skin appearance. Made with long-lasting moisturizing agents and taurine, as well as an osmoregulating active ingredients that improves the skin's resistance to dehydration. It immediately unifies the skin's appearance because its microparticles absorb any excess oil, and also it includes oil-regulating agents that reduce the skin's natural production of oil. This refines the pore size, and standardizes mixed and oily skins.

**Main ingredients:** Organic Silicium, Vit. C, Thermal Water.

The most advanced sun care technology.

Skeyndor has developed Sun Expertise, a complete range of specific sun care products. Sun Expertise provides three internal and external protection barriers, protection formula and a workshop of galenic textures, adapted to the skin's protection needs.

# Home Care Products

[200 ml]

## Protective Sun Emulsion SPF 30:

A body & face emulsion spray with high SPF30 solar protection water-resistant. Apply a generous amount of the product to the face and body before sun exposure. Do not spray into or near the eyes. Reapply frequently, particularly after sweating, bathing or towel drying.

[75 ml]

## Tinted Protective Cream SPF 50+:

A protective face cream with a touch of colour and extremely high SPF50+ solar protection. For protecting delicate skins with a high risk of sun exposure. Water-resistant. Apply a generous amount to the face before sun exposure. Avoid contact with the eyes. Reapply frequently, particularly after sweating, bathing or towel drying.

[200 ml]

## Invisible Protective Sun Spray SPF 50:

A sunscreen in aerosol format with a high protection factor SPF50 which protects skin that is at high risk or sensitive to the sun. Water resistant. A clear spray with a refreshing texture that leaves no white residue if applied to wet skin. The "vag-on-valve" diffusion system ensures optimum application in any posture, making it easy to reach parts of the body that are difficult to access. Apply to the body before sun exposure. To maintain the protection, apply the product repeatedly, especially after perspiring, bathing or towel drying.

[75 ml]

## Dry Touch - Protective Emulsion SPF 50:

A face cream with a high protection factor SPF50 which protects skin that is at high risk or sensitive to the sun. Dry touch, oil-free, water resistant. Apply to the face before sun exposure. Avoid contact with the eyes. Reapply frequently, particularly after sweating, bathing or towel drying.

[12 x 2 ml]

## SOS Sun Repair Booster:

A repairing, soothing balm for photosensitive areas. Its booster formula enhances the skin's self-repair mechanisms, helping prevent the negative effects of sun exposure, such as photoaging or reddening.

[75 ml]

**NEW**

## Protective Cream SPF 50+ "Blue Light Tech":

Face cream with high sun protection factor, SPF 50. For high-risk or sun-sensitive skin. Very broad spectrum protector: UVB, UVA, HEV and IR.

OCEAN RESPECT formula: Biodegradable formula, contains no microplastics or silicones. For the face. Light texture. Non-greasy feel and dry-touch finish. Cream with a light touch of colour. Water resistant.

# Uniqcure Concentrate Ampoules

**Brightening Glow Concentrate:** Antioxidant shock ampoule with 10% stabilised vitamin C derivative. Combines three powerful antioxidants. Internal flash of light, amplifies the natural splendour of your skin.

**Renewal Peeling Concentrate:** Leave-on peel ampoule with 15% content in acids. Inspired in aesthetic medicine peels for application without removal. Combines 3 types of acids (AHA, PHA, PCA).

**Intensive Hydrating Concentrate:** Moisturising ampoule with intensive, sustained action. Direct supply of natural moisturisers presents in the skin (Natural Moisturising Factor), thermal water and acetylglucosamine, precursor of hyaluronic acid.

**SOS Recovering Concentrate:** Rescue ampoule with calming effect. Reduces skin hypersensitivity and chronic skin irritation processes by blocking pro-inflammatory mediators.

**Wrinkle Inhibiting Concentrate:** Intensive anti-wrinkles ampoule. Inspired in corrective aesthetic medicine. Synergy of three powerful decontractors with faster & longer-lasting anti-wrinkles action.

**Dark-Spot Correcting Concentrate:** Skin colour corrective ampoule for porcelain skin. Reduces melanin formation & distribution, and the accumulation of lipofuscin, a pigment of ageing.

**Instant Lifting Concentrate:** Instant action facelift ampoule. Powerful firming effect. Instant flash of beauty.

**Redensifying Filling Concentrate:** Redensifying ampoule for a 3D skin fill effect. Powerful cell promoter. Stimulates, fills & rejuvenates the skin from the inside. Inspired in corrective aesthetic medicine. Recovers facial volumes.

**8 H Night Repairing Concentrate:** Intensive Repairing Concentrate for weekend skin and/or with signs of fatigue. It strengthens the Epidermal-Dermal junction, improves the quality of collagen fibers, stimulates detoxification and skin repair during the night.

**Mattifying Pore Refining Concentrate:** Mattifying Concentrate for skins with open pores and unsightly shine. It refines the appearance of dilated pores, giving an even skin tone. Regulates excess production of sebum, Supports and rebalances flora which is beneficial for skin.

**NEW**

spa line

The richness and power of nature offers us a wide variety of benefits. That's why the new range of exclusive Spa Senses rituals uses the Earth's most precious and valuable ingredients to pamper body and mind.

From the elements hidden in remote places to those found deep underground, each jewel of nature is a unique experience for body and soul.

A range inspired by nature to awaken the senses Introducing Spa Senses, the complete range of exclusive treatments inspired by the elements of nature, transforming each ritual into a unique and lasting wellness experience.

1. PURE SCRUBS
2. AUTHENTIC WRAPS
3. PRICELESS MESSAGES
4. ESSENTIAL OIL

Awaken all your senses with unique textures that melt into your skin and a variety of exquisite fragrances inspired by aromatherapy.

# Pure Scrubs

Just as a diamond needs to be polished to reveal its beauty, our skin needs to be purified. From the gentle nourishment of the most delicate avocado to the strength of the most resilient thermal salts, each exfoliating jewel will work into the skin with varying degrees of exfoliation to renew and revitalise, leaving the skin smooth and even.

## THERMAL SALT SCRUB | 800 g

Exfoliating salt particles, an age-old gem from Salies-de-Béarn, contain a concentrated composition of mineral content for an intense renewal of the skin and a refreshing and energising sensorial experience.

## CHARCOAL MUD PEEL | 200 ml and 500 ml

Organic mud and charcoal cleanse, smooth and purify the skin. The result: the remineralising and detoxifying effect of nature, thanks to the fine particles of black sand, which provide a natural and deep exfoliation, and the purifying and absorbing properties of charcoal.

## ORANGE & APRICOT CREAM PEEL | 200 ml and 500 ml

Orange, apricot kernel and grape microparticles cleanse, smooth and moisturise the skin to renew and oxygenate the body. These jewels restore the skin's radiance thanks to their medium exfoliating power.

## SESAME AND AVOCADO BUTTER PEEL | 200 ml and 500 ml

Avocado and sesame oil gently exfoliate and nourish the skin to leave it moisturised and soft. The nourishing power of nature provides all the softness your body needs.

# Authentic Wraps

There is a jewel of nature for every skin type. Powerful ingredients penetrate and surround the skin in the enveloping caress of nature, a sensorial treatment that cocoons the entire body, providing deep nourishment and revitalisation with exquisite textures.

## SAPPHIRE CREAM WRAP | 2000 ml

Creamy, energising body wrap with sapphire particles. This jewel of well-being, also known as the gem of heaven, provides radiance and deeply revitalises the skin.

## HEMATITE MUD WRAP | 2000 ml

This wrap strengthens the skin's natural defences with hematite extract, organic mud and water from Salies-de-Béarn. Nature repairs the skin with its firming and remineralising effect.

## GREEN TEA EFFERVESCENT WRAP | 2000 ml

This body wrap with a warming effect is formulated with green tea and citrus fruits that help to eliminate liquids and impurities from the skin through the stimulating power of nature's ingredients.

## GLACIER WATER COOLING GEL WRAP | 500 ml

Glacier water, pink pepper, peppermint and eucalyptus are the natural ingredients that make up this stimulating body wrap. It helps to improve circulation and creates a calming and cooling effect, making it ideal for tired legs.

# Priceless Massages

In the same way that gold is melted to form a jewel, nature's ingredients are melted to caress and renew the skin. Intense aromas and rich textures inspired by the most remote places on Earth open the door to an exclusive journey of sensations.

#### MALACHITE MASSAGE BALM | 500 ml

Antioxidant massage oil balm for the body with malachite extract. This jewel of nature moisturises, remineralises the skin, soothes tensions and relieves stress.

#### INDIAN SPICES MASSAGE OIL | 750 ml

Indian spices, coconut, sesame and black cumin relax all the senses, giving this body massage oil a balancing effect. Nature helps to rebalance our body and mind and repair the skin.

#### BAMBOO AND LOTUS MASSAGE RICH CREAM | 500 ml

This body massage cream is formulated with bamboo, lotus flower and water lily. These ingredients from nature are responsible for remineralising and toning the skin for complete hydration.

#### CANNABIS MASSAGE CREAM | 200 ml and 500 ml

Body massage cream with cannabis extract, shea butter and enriched with vitamin E capsules, which dissolve to provide antioxidants. Cannabis oil has a soothing and anti-inflammatory effect on the skin.

## Essential Oils

[50 ml]

Ginger and Bitter Orange Essence  
Recharging

This combination of two essential oils stimulates and reactivates the senses, opening the door to the world of sensations provided by Spa Senses treatments. Also suitable for fragrancing water.

[50 ml]

Lavender and Cinnamon Essence Anti-Stress

Exclusive synergy of two essential oils that relaxes and soothes the senses and prepares the body for a sensory treatment. Also suitable for fragrancing water.

## Home Care Product

[200 ml]

Orchid and Wild Roses Body Lotion

Nature provides us with precious jewels such as orchid, poppy, ylang-ylang and wild rose that gently purify, rebalance and moisturise the skin. The pleasant texture of this lotion combines the lightness and comfort of a serum with the moisture and maximum care of a cream.

## skeyndor in tech

- Skin Smart Diagnosis - The New Personalised Skin Diagnosis System
- Meso Infusion DCS - Latest Generation of Virtual Mesotherapy

## Professional Product

### Skin Smart Diagnosis:

The new Personalised Facial Diagnosis System, to create a made-to-measure beauty treatment plans, guaranteeing best results.

- IDENTIFY the zones in need of improvement.
- OFFER the most suitable treatment for each customer.
- GUARANTEE best results by adapting to customer needs.

Allows to observe the development of skin after applying professional and/or home treatments.

## Professional Product

### Meso Infusion DCS:

MESO INFUSION DCS has been designed to provide aesthetic therapy treatments using cosmetics by means of activating currents, hydro electrophoresis, electroporation. It is also known as virtual or needless mesotherapy.

**ACTIVATING:** The type of current used is not only direct, but also uninterrupted and of a constant intensity. Activating current is recommended to increase activation and vascularisation of the tissues under treatment. Its main effect consists on inducing skin to keep balance by means of its own hydration, regeneration and renovation resources.

**HYDROELECTROPHORESIS:** Non-traumatic method that uses pulsed current with fixed polarity to force the penetration of diluted active ingredients into the tissues. This allows molecular transport through the epidemic barrier.

**ELECTROPORATION:** Electroporation is a non-invasive alternative to conventional mesotherapy. This is why it has been called virtual or needle-free mesotherapy (painless procedure) that allows the introduction of active ingredients at specific spots.

**CRYOTHERAPY:** Pain free technique used to tonify and vaso-constrict the tissues treated by means of electroporation. It brings the temperature down to around 6°C to stimulate the skin and to tonify it after the treatment session. It also ensures and guarantees the effects of virtual mesotherapy as a finish to the treatment.

# Professional Products

MESOFILLER (Vertical wrinkles or wrinkles due to lack of skin density):

To treat vertical wrinkles and to improve firmness in the face, neck and décolleté.

**Main ingredients:**

- Microcollagen: "Epidermic growth factor"-like. Gives body to the skin.
- Liposomated polyphenols: Dermostimulant effect. Rejuvenate the skin
- Microalga: Anti-elastase/collagenase effect. Slows down the ageing process

MESOBT-LIFT (Dynamic or horizontal wrinkles):

To treat expression lines and to lend a long-lasting "lifting" feeling to the skin..

**Main ingredients:**

- 3 Complementary action decontracting peptides: 2 "Botox-like" and 1 "Snake venom-like". Dynamic wrinkle decontractor.
- Aminopropyl dihydrogen phosphate ("APPA"): Stabilises the action of modular biopeptides.
- Low molecular weight collagen: (marine) Subcutaneous microlifting.
- Medium molecular weight oat sugars: Corneal macrolifting.

MESOBRIGHT (Pores and Blemishes):

To even out the tone and to lighten hyperpigmented areas of the skin. To brighten the face and to reduce open pore appearance.

**Main ingredients:**

- Ionisable vitamin C: Melanin reducer. Thins out the melanin transferred to the upper layers of the epidermis.
- Aminoethylphosphonic acid: Anti-melanin. Slows down the reappearance of the lightened blemishes. Enhances the effect of the vitamin C.

MESOSLIM (Volume Reducer, Cellulitis and Orange Peel Skin):

To treat localised fat deposits, whether related to fluid retention or not.

**Main ingredients:**

- Artichoke extract: Clearing and draining agent. Alleviates edema and favours the elimination of toxins
- Laminaria extract: Lipolytic and Anti-lipogenic. Reduces the thickness of fat tissue.
- Decapeptide: Fat-burner; anti-adipogenic. Reduces the effect of body compensation.
