# Customized wallpaper

Customized wallpaper is printed on 15 oz commercial grade non-woven/vinyl with UV cured inks that are solvent free, washable and will not fade. The images we print are as durable as those on store bought wallpaper. Our standard material has a suede-like texture that is rich and pleasing.

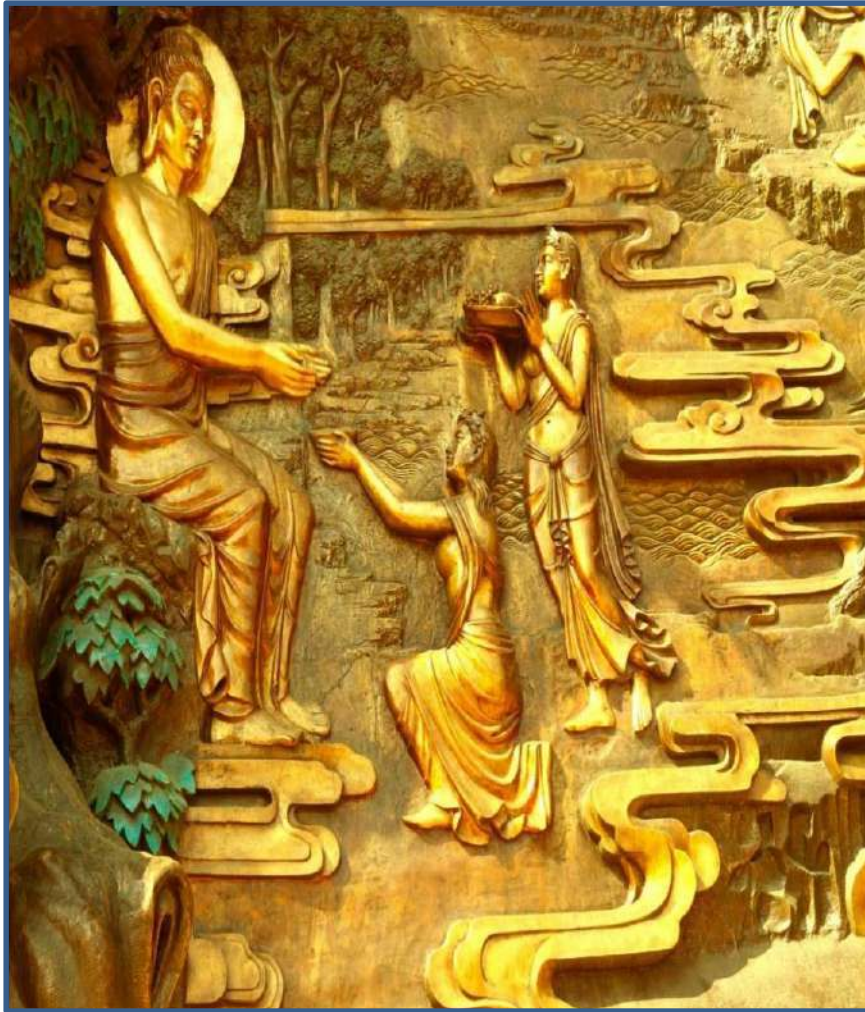

VOL. 02

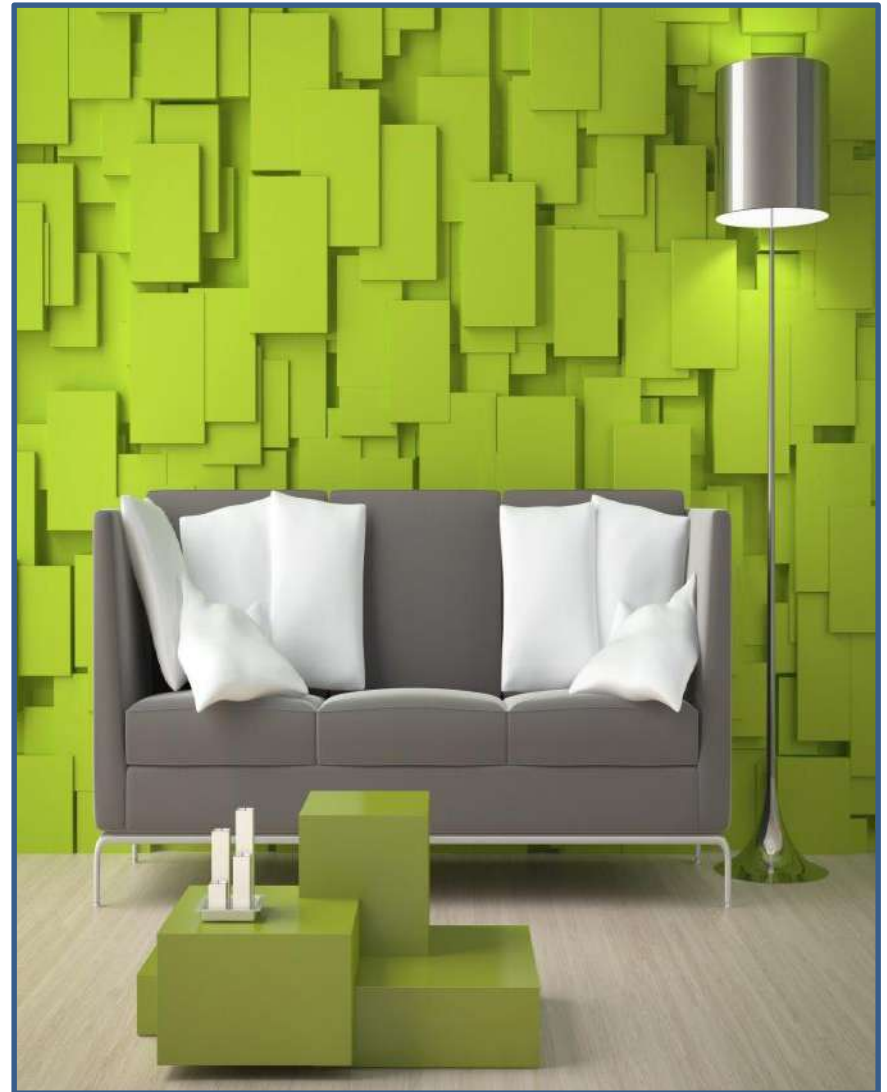

# Designer wallpaper

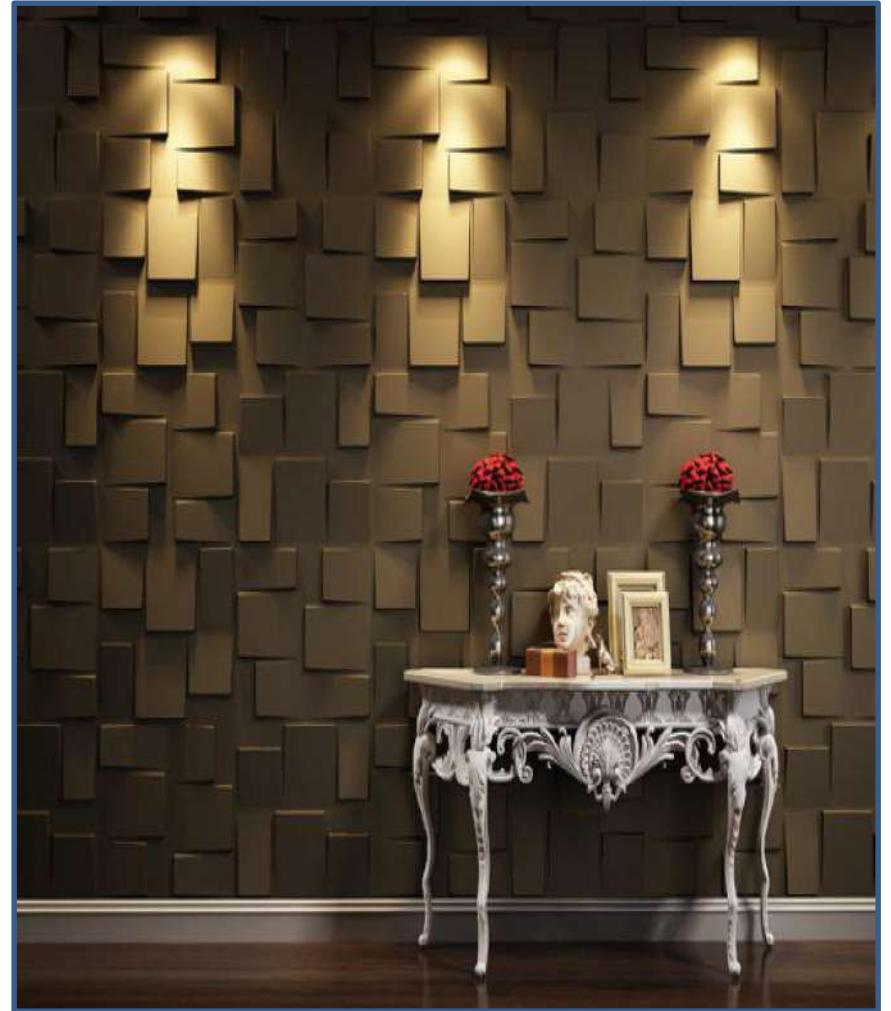

Be it your home or office, restaurant or hotel, club or gym.

Dress your walls in style with designer wallpapers from EXCEL CREATORS.

# Vinyl Sports Flooring

Laminate flooring allows you to enjoy a wood-like floor without the actual use of any solid wood in its construction, allowing it to be more environment-friendly.

It is made up of 4 primary layers bonded together under high pressure. A moisture resistant layer under a layer of HDF (high density fibre board) ensures better life for of products.

This is topped with a high resolution photographic image of natural wood flooring.

It is then finished with an extremely hard, clear coating made from special resin-coated cellulose to protect the laminate floor.

It is perfect for anyone wanting a durable floor for a fraction of the price and installation time of a hardwood floor, but with the attractiveness of real hardwood. Laminate wood floors are easy to maintain as it doesn't require any waxes, polishes, detergents or abrasive cleaner.

# Customized Vinyl Flooring

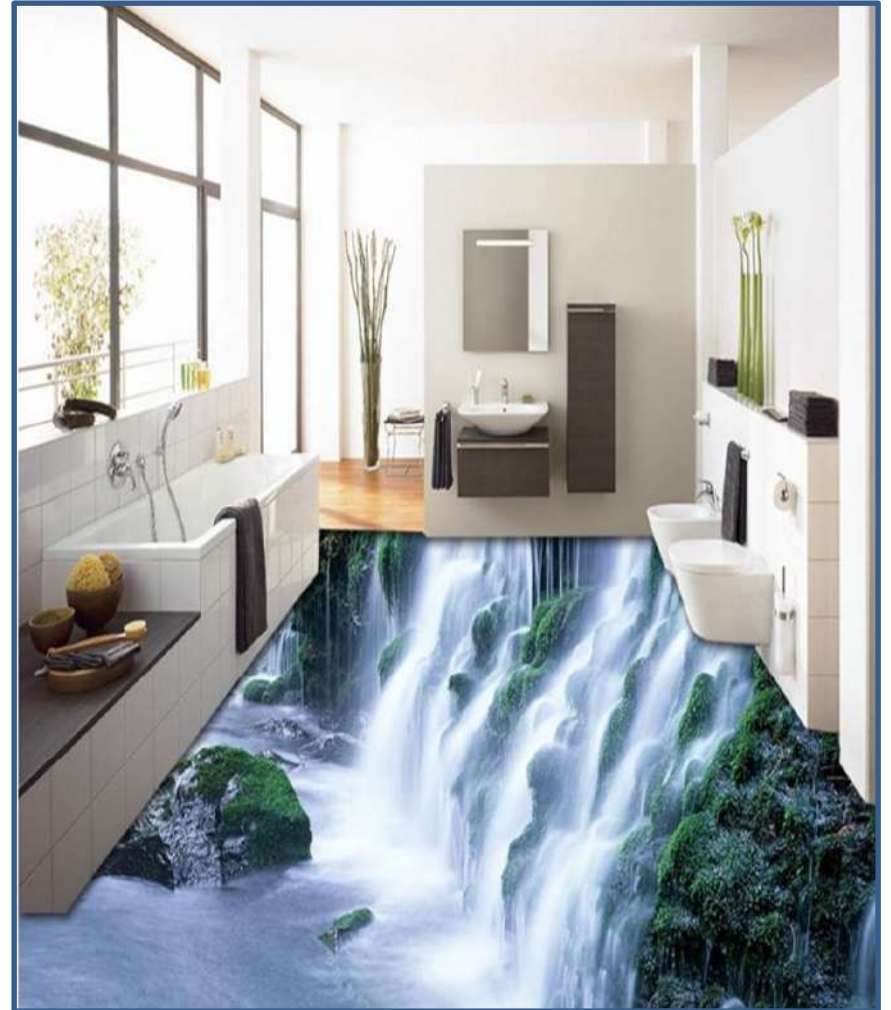

Be it your home or office, restaurant or hotel, club or gym.

Dress your floor in style with theme based customized vinyl flooring from EXCEL CREATORS.

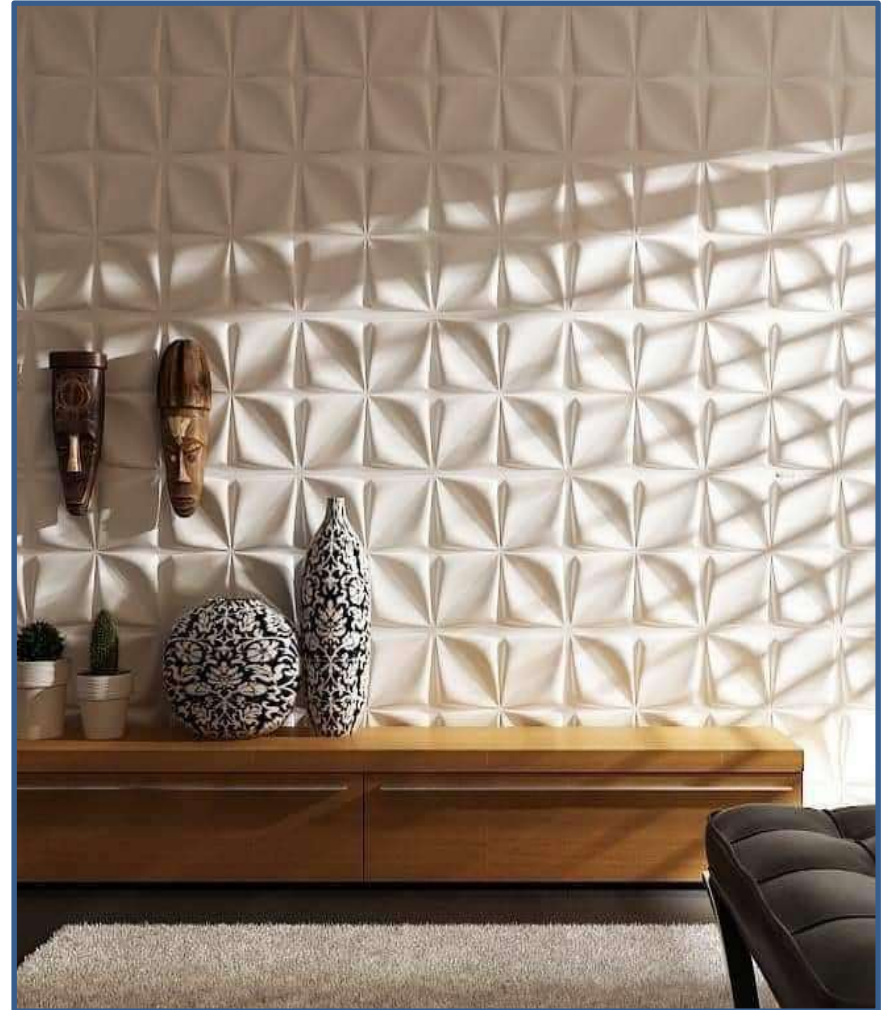

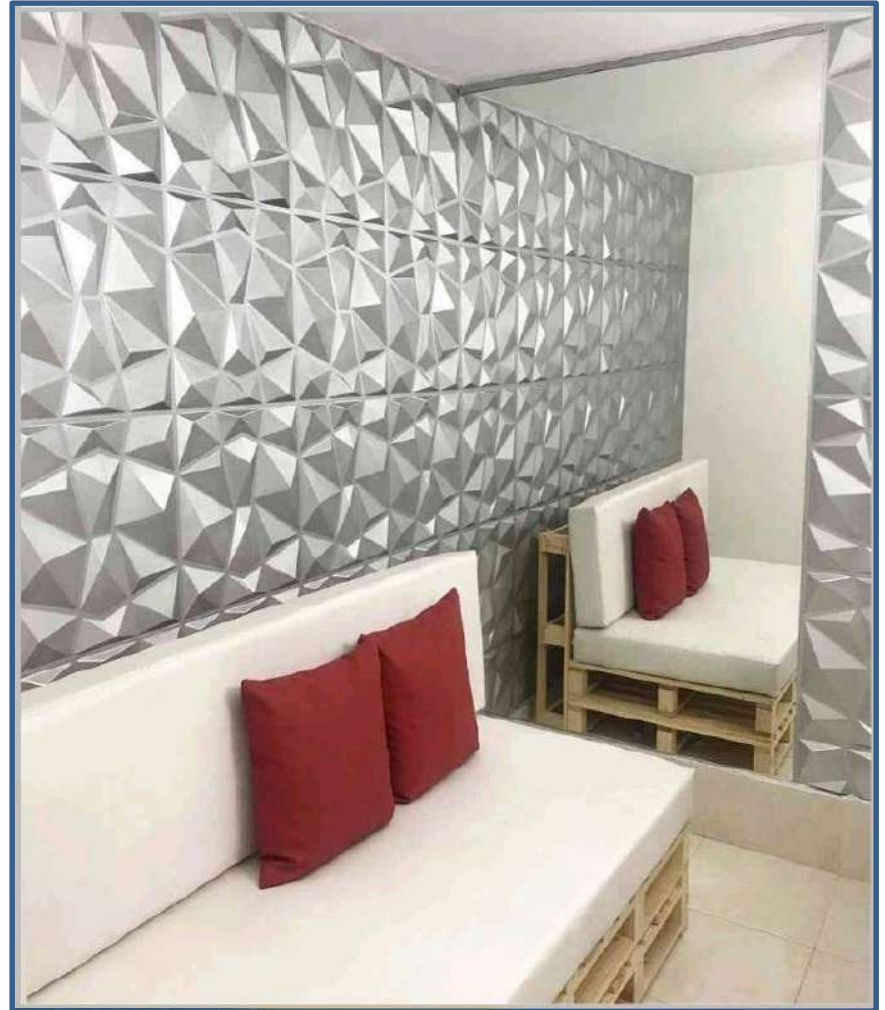

# 3D PVC PANEL'S

Our Interior & Exterior 3D panel's made of PVC material which is 100% water proof, termite proof, chemical resistance and borer proof.

This panel's are very easy to install and can reused.

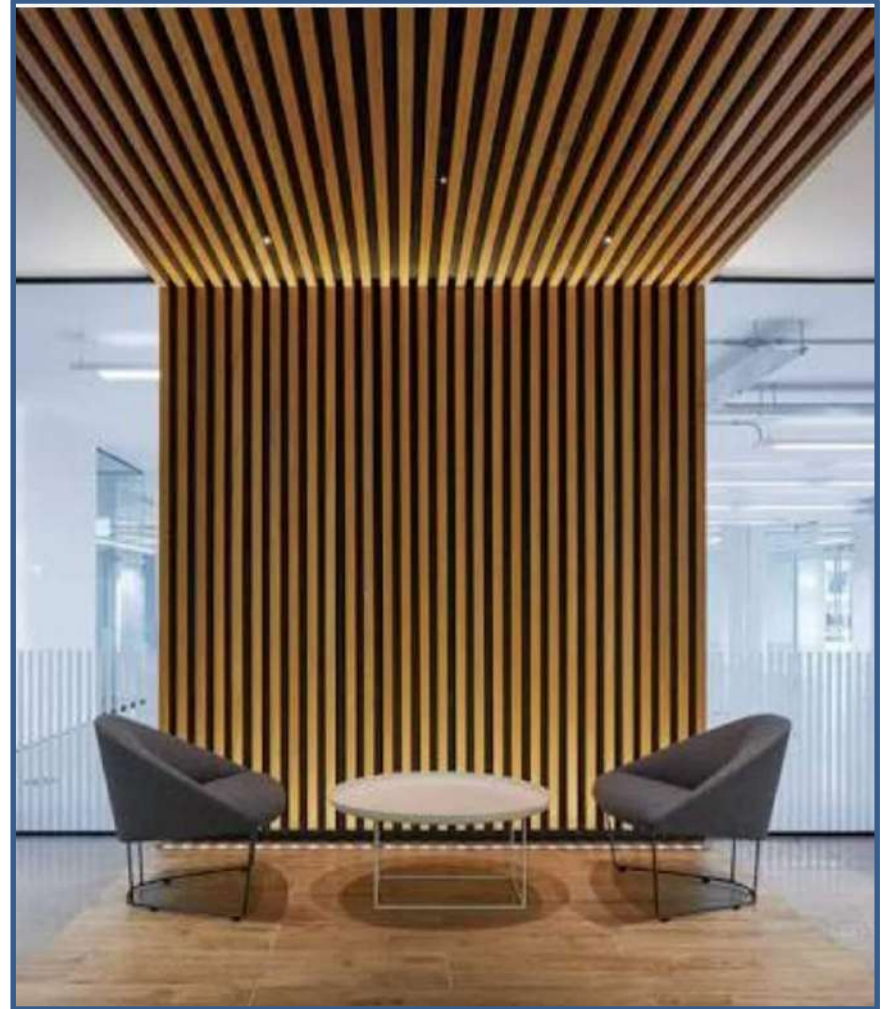

# WPC LOUVERS

WPC Louvers panels are pre-finished, ready to install, completely water & termite proof and durable enough to last a life time. These panel's can be used to beautify all Interior Walls & Ceiling's in houses, offices, hotels, health care centres, educational institutes etc without the fear of deformation, breakage, discolouration or going bad.

# Artificial Vertical Garden

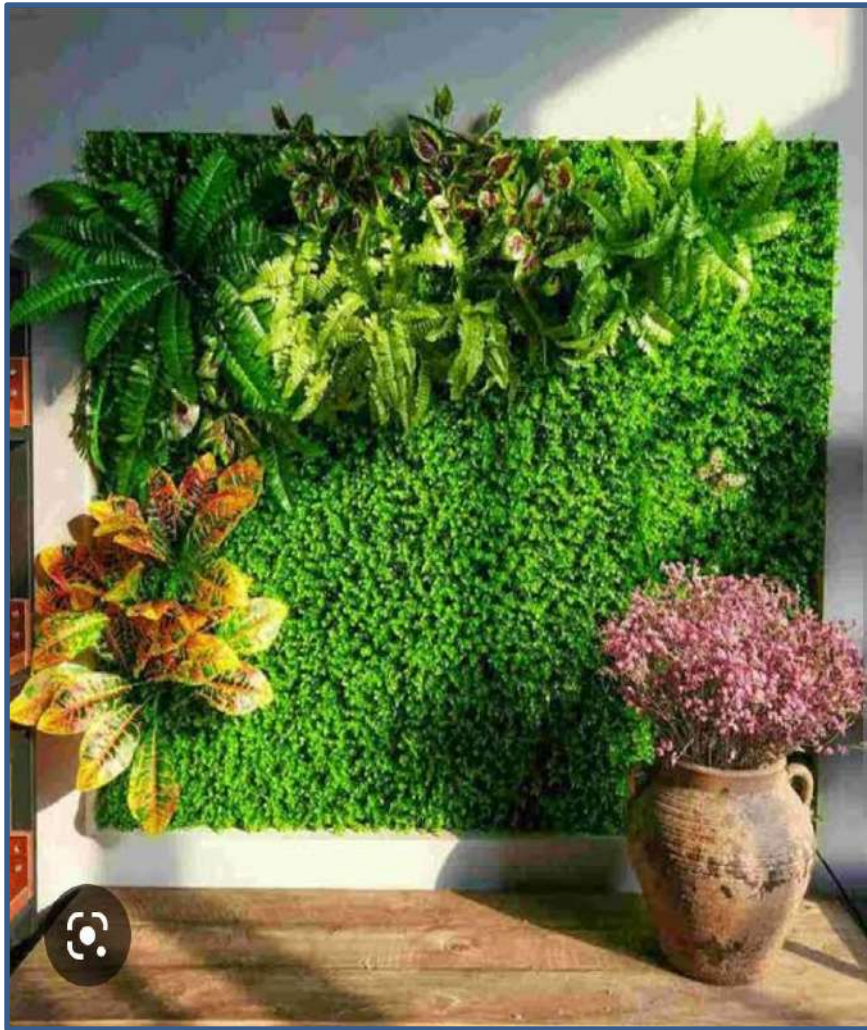

An artificial green wall not only boosts the appearance of an interior or exterior, but it can also create a more relaxing atmosphere.

Nothing gives a better first impression than a warm smile, happy hello and a stunning Green Wall to welcome your customers.

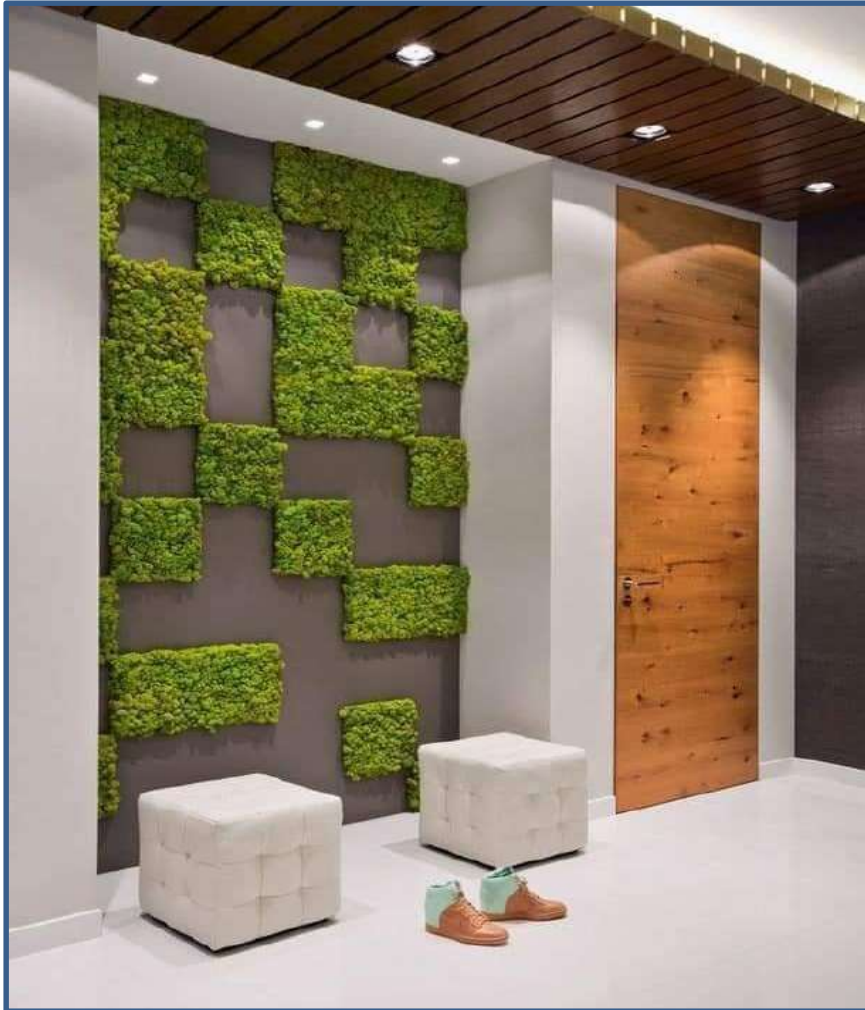

Not only it give your customers positive feelings in the presence of nature, but it adds that extra bit of professionalism.

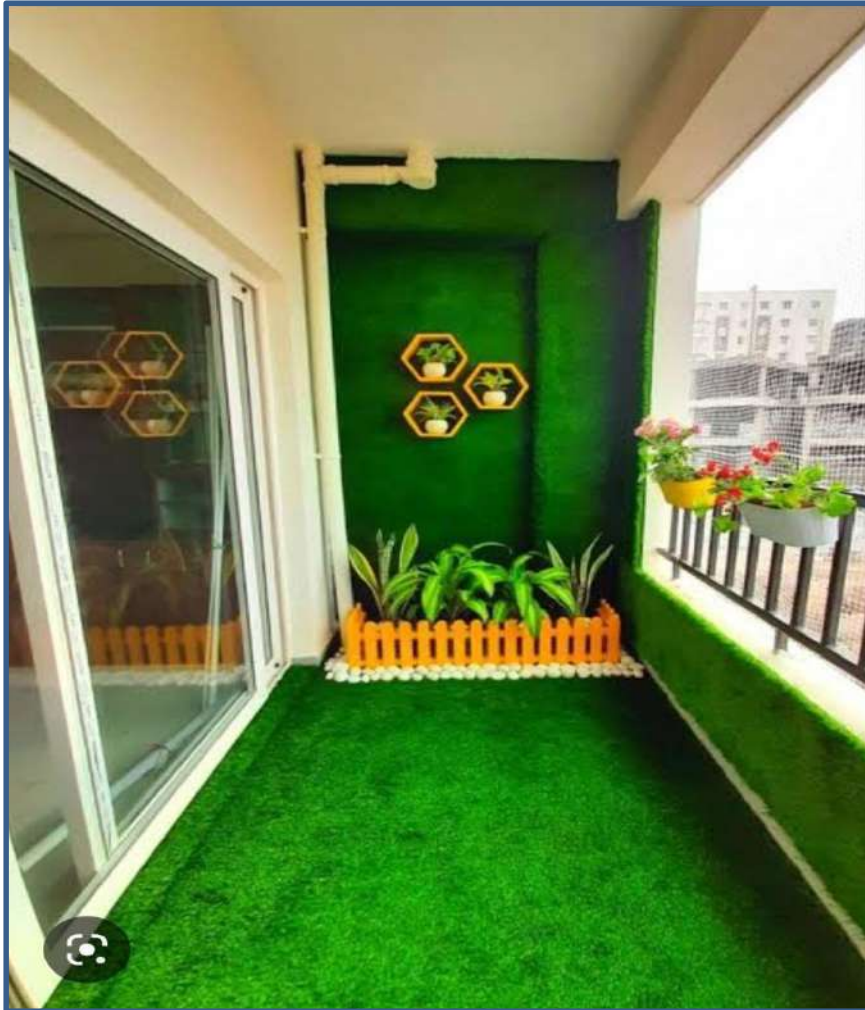

# Artificial Grass

The grass fibres are V-shaped, which is copied from natural grass, to make it look indistinguishable from real.

Micro Nerve Technology (MiNT) gives the artificial grass a matt, silky colour and minimum glare.

Artificial grass is safe for children, animals and environment and meets international standards.

A durable and beautiful solution for your garden, balcony or even indoor use!

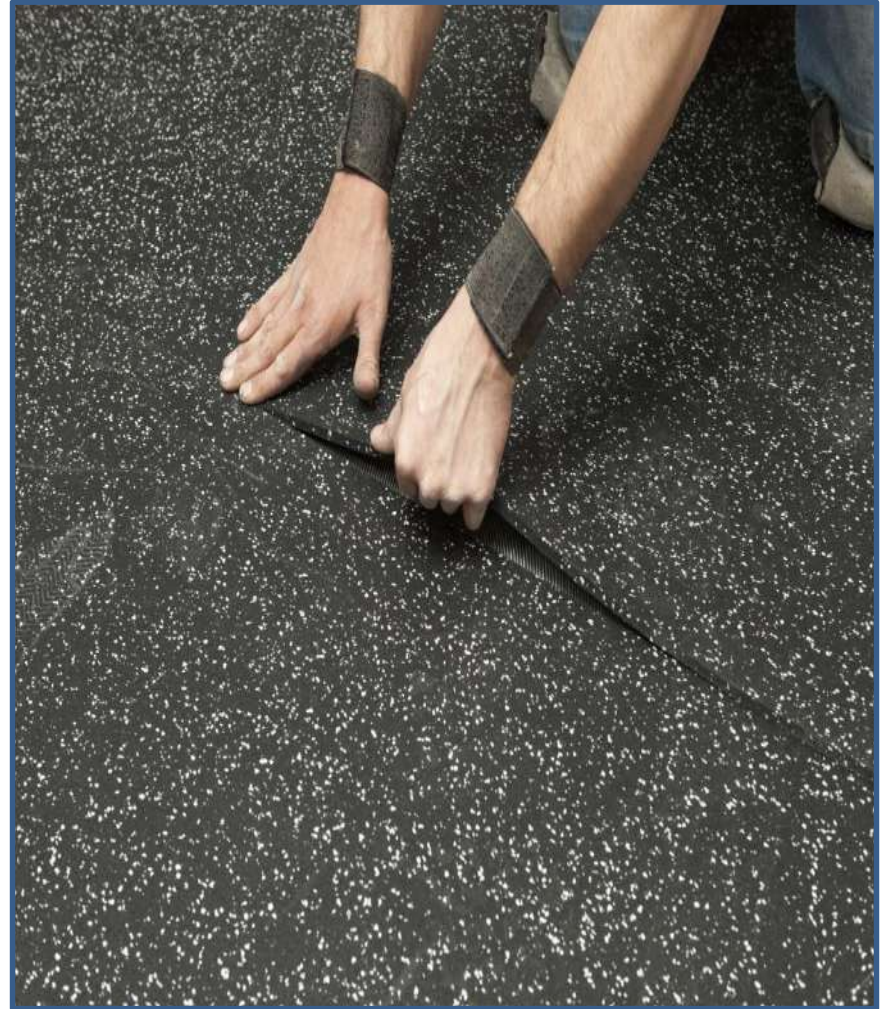

# Rubber flooring

Rubber flooring and rubber mats are commonly made from natural tree rubber, as well as from recycled rubber obtained from automotive tires.

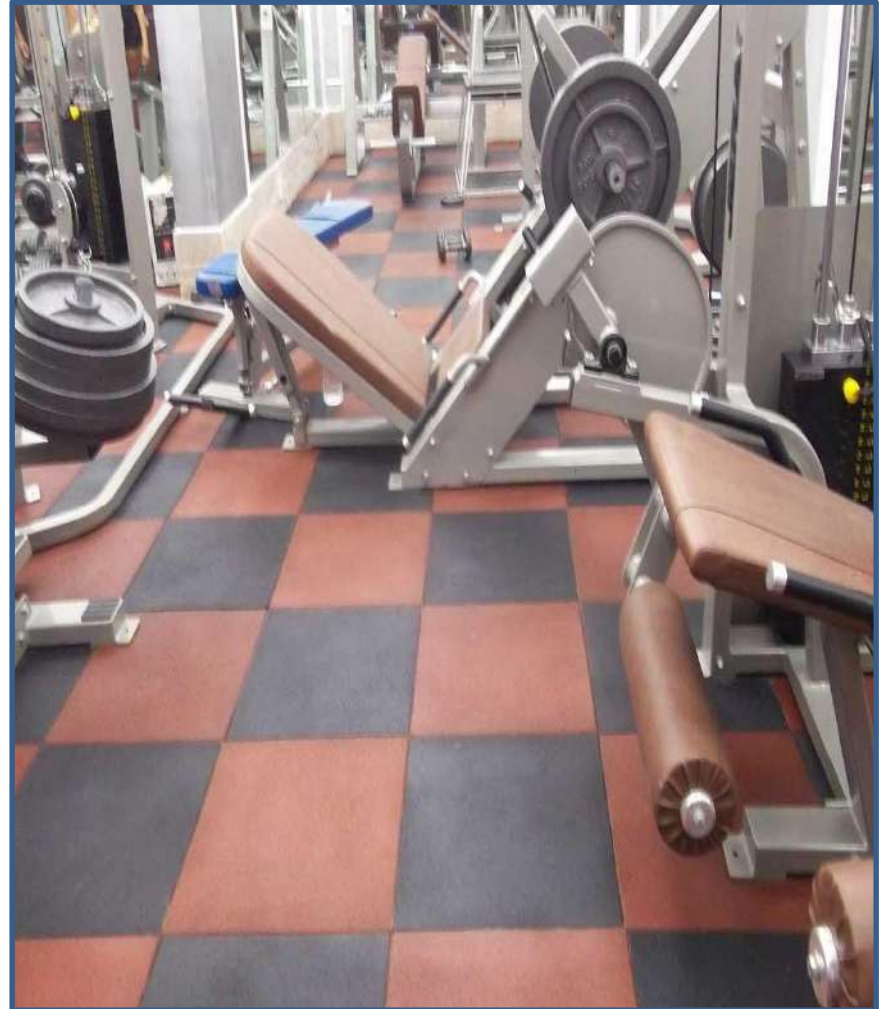

The high quality rubber is proven to absorb shock and protect the floor along with expensive gym equipment.
