Profile

We at SUNSHINE always present ideas that are ahead of time and have been providing storage solutions that have great style and look impressive. The commercial space is very expensive and hence the storage layout should be such as to provide optimum utilization of space and easy access to the products displayed. At SUNSHINE we have tried to present the diverse range of products that are suitable for all types of display of products for Retail Outlets, Homes, Offices etc.

Our Shelving Systems are Stylish, Elegant, Convenient, Space Saving, Time Saving, Economical, Durable, Flexible, Versatile... All said in one word SUNSHINE.

For Retail Outlets

With our space saving flexible Shelving Solutions, you can display a huge product variety for your customers to choose from, guaranteeing them an ecstatic shopping experience at your shopping outlet.

Display Systems & Supermarket Shelving & Shelving Accessories

For Homes

Our shelving units make great homes for all sorts of things, from beautiful objects you love to display to essentials you just need to keep track off. They come in different styles and sizes to match your taste and needs.

With the elegant powder coated finish which is meant to last a lifetime, they give enough reasons to your neighbors to envy you. Available in colors to match the colors of your walls or your upholstery, that can easily be adjusted to the height according to your requirements.

For Offices

Files, folders, documents, CD Boxes, computer attachments and lots more, all in a single flexible Sunshine Shelving Cabinet. When your 9 to 5 routine demands more than 8 hours, every file needs a constant visibility and an instant access. Here come Sunshine Shelving Systems converting every minute into mega bucks.

Pallet Racking

Pallet racking system offered by Sunshine is original and versatile storage system. The slotted angles and shelving components are the best choice to assemble simple storage systems like Racks, Catwalks, Staircases or more complex single or multi-tiered structure for home, office or industrial applications best choice to assemble simple storage systems like Racks, Catwalks, Staircases or more complex single or multi-tiered structure for home, office or industrial applications.

Sunshine Pallet Racking components can be used virtually everywhere, limited only by imagination. They can be used with other common industrial materials like wood, particle board, plastic or aluminum sections. They can be easily dismantled and re-configured to meet new requirements.

For Factories

Where "Place for Everything and Everything in its Place" is the mantra for success in the manufacturing sector, Sunshine Shelving Systems, add convenience to materials management inside your factories, giving an instant access to your workers of each component and tool they need in the manufacturing process, failing which the entire production chain may fall apart.
