

Imagine that peaceful
and luxurious life...

Problem

Want full control, security and safety of your home right from the comfort of your couch or from wherever you are in the world?

But **do not want to go through** it because it

- **requires rewiring & civil work**
- **is super expensive & time consuming**
- **adds too many apps to your phone**

Simple. Precise. Innovative.

Make every household **Smart & Safe** and
bring a feeling of **Luxury & Convenience**.

Solution

NUOS Home Automation

We design & manufacture world class Zigbee products for smart & secure spaces.

Our Products - Our Differentiation!

are DIY - **modular, miniature, mesh networked, perfect retrofit, touch enabled**, also help in beautifying home interiors.

Without rewiring or civil-work, the space gets automated in less than 20 min per switchboard.

We Provide

Convenience, Security, Safety, Power Saving, Luxury, Analytics & Control from anywhere across the world.

How It Works

Step 1

Replace existing manual electrical switches with NUOS Switches and Sensors

Step 2

Download the iOS/Android app and setup the NUOS Gateway and the switches/sensors in your home as per the instruction manual

Step 3

Control your switches and connected lights/appliances from anywhere in the world as well as using Google Home and Alexa

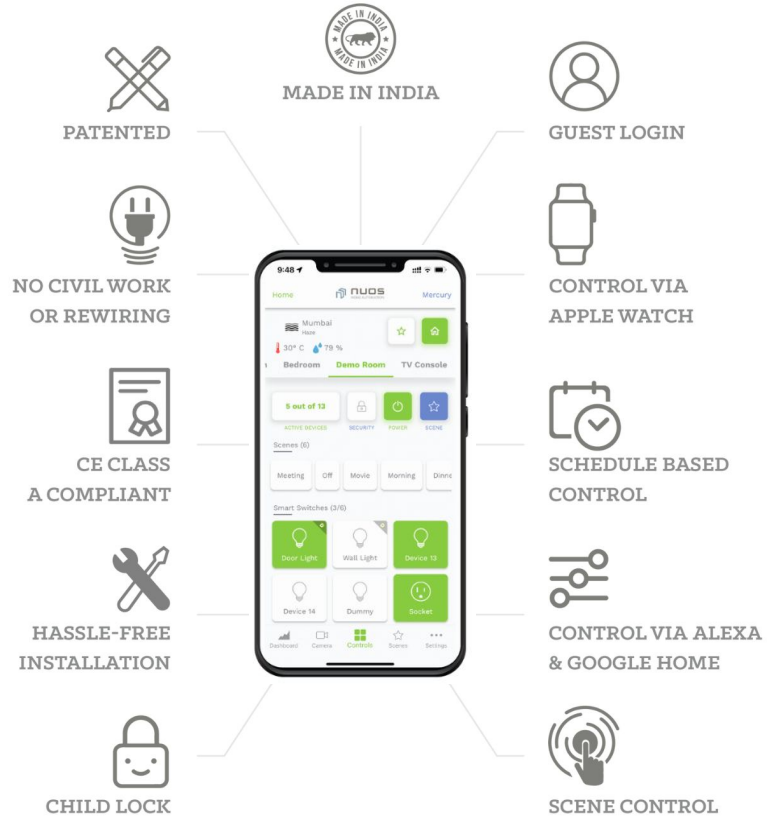

Installation & Service partners in 300+ cities in India
