Nut bolt, S.S Nut bolt, Brass Nut bolt, Stainless Steel Nut, Metal Screws, etc. Owing to their durability and resistance to crack, these offered ranges are highly appreciated among our patrons.

About Us

Established in 1989, we, T. S. Hardware Mart have established Wholesale Trader in the industry. The company engaged in offering a quality assured a range of Cable Ties, Stainless Steel Nut, Metal Screws, etc. These products are demanded their features like corrosion resistance, durability, low maintenance, easy installation, dimensional accuracy and ability to withstand high temperature. Our product ranges are widely accepted in the market for durability, tensile strength, and lightweight design. Owing to their high usage, easy usability, and resistance to corrosion, these cable tie, and crimping tool ranges are highly appreciated among our patrons. Moreover, we strive to remain faithful to establishing values by ensuring our customers with quality and cost-efficiency. We possess an adamant approach when it comes to quality and delivers our products in tamper-proof packaging. Segregated units for different activities like production, warehouse, quality testing, and packaging enables us to have hassle-free execution of the organizational tasks. Besides, we follow standard industrial guidelines and market trends to provide an ethical environment to the employees, clients and other associated members. Under the headship of our mentor Mr. Mohammed Serajuddin, our organization is moving ahead in this cutting-edge competition. Apart from this, we update our entire facility at regular intervals...
