

Vardhaman Insulation Limited

*Manufacturer of PUF / PIR Slabs, Pipe Sections, Shoe Support & Articles, Hot, Cold, Acoustic
Insulation Material Supplier & Service Provider,
Fabrication Engineer for Piping & GI/SS Ducting Work.
An ISO 9001-2015 Certified Company*

DIRECTOR'S MESSAGE

Vardhamaan Insulaation Limited is a quality and customer-oriented company with a global vision and reach. The journey of **Vardhamaan Insulaation** started from very modest beginnings. **Vardhamaan Insulaation** growth has been sure and steady due to its strong focus on quality service and systems resulting in a satisfied and loyal customer base spread across India.

Our professionalism, coupled with a strong personal touch enhances the probability of success at every step. Our goal is to create a long-lasting client-candidate relationship, which will translate into long-term winning strategies and exponential growth for both parties.

ABOUT *Vardhamaan Insulation Limited*

We introduce ourselves as one of the leading ISO 9001-2015 certified companies consisting of group of experienced and professional engineers engaged in providing the services of Hot, Cold & Acoustic insulation and Duct Fabrication Services, Scaffolding Erection Services, Pipe Line Fabrication and manufacturer of Polyurethan (PUF) and Polyisocyanurate (PIR) Pipe Sections, Round type supports, Saddle type supports, Slabs and customized Articles.

Our sister concern **VARDHMAN INSULATION ENGINEER** was established in 2005 by Mr. Vasant K. Doshi. The VIE is having wide experience in the field of insulation services, ducting work, & scaffolding services and has proven its ability as the supplier of insulation material and application of such insulation material. In the year 2012, a new wing was added in the VIE by incorporating a new limited company namely **Vardhamaan Insulation Limited**.

QUALITY ASSURANCE

The Quality of our products and services is at par with the international standards. We procure raw materials from reliable sources and apply latest processing techniques. Our well developed quality control department is outfitted with latest testing machines and equipment, which we use to test the properties of the products to ensure zero defects in each of them. We are committed to constantly deliver enhanced value to our costumers through continual Improvement of our services and process by way of Innovation.

SCOPE OF WORK

INSULATION SPECILIAZATION

- Insulation Specialist in Projects /ARC/Shut down jobs for Refinery, Pharma, Petro Chemical, Cement, Power Plant, Food Industry, Steel Plant.

INSULATION PRODUCTS

- We provide insulation Product for all needs as per the industry standards including Removal type Insulations

SUPPLY-MECHANICAL ENGINEERING PLANT REQUIREMENT

- Supply of Industrial Insulation, Scaffolding & services

INSULATION TYPE

- All type of Industrial Insulation solutions

WORK FORCE-MANAGEMENT

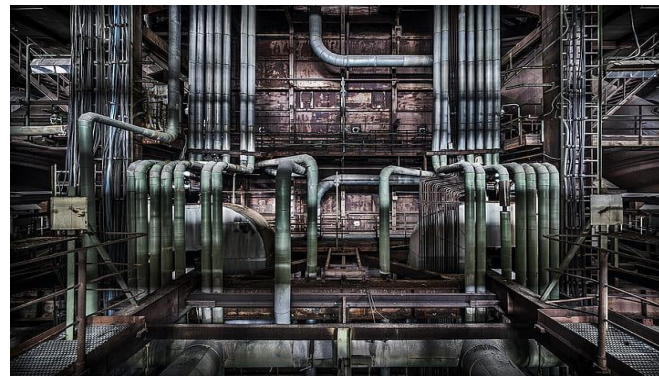

- Power bank of Semi Skilled & Highly Skilled workers

TECHNICAL SURVEY

- We do thorough technical survey before reaching to any conclusion on the site.

MECHANICAL WORK

- Pipe Line Fabrication.

OUR INSULATION SERVICES

- Cryogenic Insulation
- Skid Insulation
- Boiler Insulation
- Dual Insulation
- HAVC/Duct Insulation
- Chimney Insulation
- Vessel Insulation
- Pipe Insulation
- Roof Insulation
- Turbine Insulation
- Cyclone Insulation
- Acoustic Insulation
- In-situ Foaming

HOT INSULATION

We provide hot insulation service to maintain temperature from 30 degree Celsius to 1100 degree Celsius in various industries as per the requirement with usage of different type of materials.

COLD INSULATION

We provide cold insulation services to maintain temperature from 25 degree Celsius to -196 degree Celsius in various industries by using appropriate materials.

ACOUSTIC INSULATION

We provide acoustic insulation services used in DG rooms, Theatres, and Multiplexes.

OUR MANUFACTURING DIVISION PRODUCTS

Preformed Pipe Sections

Polyurethane Foam (PUF) / Polyisocyanurate Foam (PIR) pipe sections are made in required density for pipe size ranging from 15NB to 500NB. Polyurethane Foam (PUF) / Polyisocyanurate Foam (PIR).

Pipe Supports (Round type/Saddle type)

Polyurethane Foam pipe supports are made in 100kg/m³ density to 300kg/m³ density for the pipe size from 15NB to 500NB, substitute for conventional wooden supports available in various range of densities to suit the load requirements. These supports precisely match the pipe OD and the insulation thickness resulting in neat finish. Pipe supports of any size and shape can be made available to suit any requirement.

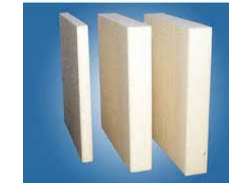

Coving Strip (Patti)

Hardened Polyurethane Coving is used in cold rooms to prevent temperature loss from corners. Such coving strip easy to install, tougher than polystyrene, Cheaper in comparison with epoxy, light in weight as compared to plaster coving, can be painted as required and acts as insulating material as it is a cold insulation material.

VILPUF Pipe Section

VILPUF Slab

VILPUF Support

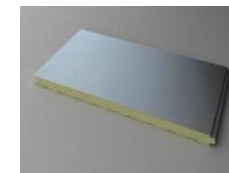

VILPUF Coving

VILPIR Pipe Section

VILPIR Slab

LIST OF MATERIAL WE DEAL :

GLASS WOOL

MINWOOL

CERAMIC FIBER BLANKET

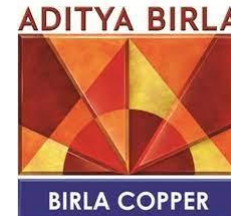

NITRILE RUBBER

- EDPM
- XLPE
- Insitu Foaming
- Light Resin Bonded Wool
- (LRB) Preformed Pipe Section/Mattress
- Perlite
- Bubble Insulation
- Calcium Silicate

OUR CLIENTS

OUR CLIENTS

- ❖ RELIANCE INDUSTRIES LIMITED
- ❖ ALOK INDUSTRIES LTD.
- ❖ CADILA HEALTH CARE LTD.
- ❖ SUN PHARMACEUTICAL INDUSTRIES LTD.
