SOLGEN GREENTECH LLP

OUR SUCCESS STORY

Solgen Greentech LLP was founded in the year 2015 and by the end of this year solgen has achieved installation of more than 8 MWP ranging from 6kwp to 300kwp sites. Solgen is pioneered in setting up first net meter (import export) in Mumbai region for Reliance Grid in year 2016. Clientele of Solgen is widespread and ranging from housing societies, Schools & Colleges (Educational Trusts), Commercial buildings to large Solar EPC players. Solgen's forte is in its well experienced and solar expert team who are trained to work in even extreme conditions.

Solgen's clients prefer us as well as recommend us for timely delivery of work assignment. Solgen prides in 100% transparency in all kinds of work and cater with perfectly customized orders as per client's need and requirement.

In order to provide client-satisfactory range of services as well as product, our entire team of professionals is trained to firstly listen, understand, suggest and then execute the client's specified orders to provide maximum satisfaction to the client.

OUR VARIOUS INSTALLATION

Elevated Structure

Terrace Surface

Tin Sheet Installation
