

DECCAN INFRA SOLUTIONS & CONCRETES LLP

DECCAN INFRA SOLUTIONS & CONCRETES LLP

Deccan Infra Solutions & concretes LLP was established in 2012 and has experience in construction industries for more than a decade now.

Serving the widest range of RCC products, we claim to be India's only company to serve almost all RCC products under one roof & also providing complete end-to-end service of manufacturing concrete products to seamless installation services.

VISION

Deccan Infra Solutions & Concretes LLP has a vision to broaden the meaning of customer satisfaction in terms of by-the-clock delivery with improved and large scale of products. Being the best means giving the extra efforts to maintain the quality, giving good service and value for money.

PURPOSE

At Deccan Infra Solutions & Concretes, our purpose is to mold the organization in a way that completely assures our customers of our ability, integrity, and strength, thus establishing concrete trust and satisfaction. We also aim to connect people through our products. From a bustling roadway, their dream home, to manufacturing units, we work immensely hard to establish a presence in people's lives.

WHAT ARE WE ?

We learnt that it's the need of the hour to go disruptive. Not only to change how the procurement is done but the entire processes, in civil terms, the entire mix design would be reshuffled & to give on the plate differently reshaped products in different delivery process & a complete mesmerizing procurement experience this is what we are doing & we wish that the planet's latest ecosystem be shaken & reshaped with the latest technology provided by us.

WHY DECCAN CONCRETES?

1. Wide Range of products to match customer requirements.
2. Reliable team of experts.
3. Seamless on-time delivery.
4. Quality that matches customer standards.
5. Simplified end-to-end process and coordination.
6. Nationwide service.

OUR CORE VALUES

1. COMMITMENTS ARE OUR COMMANDMENTS - FOR WE THRIVE ON CUSTOMER SATISFACTION.

3. CLIENTS CONVENIENCE IS SUFFICE BY OUR FLEXIBLE WORKING METHOD - ASSURING AND ELEVATING THE QUALITY BAR AS PER REQUIRED STANDARDS .

2. NOTABLE CONTRIBUTION TO ENHANCEMENT OF THE ENVIRONMENT ALSO FOLLOWING HEALTHY LIFE STYLE.

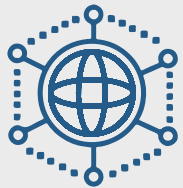

4. LIVING OUR DREAM - FOLLOWING THE WORK-LIFE BALANCE

SERVICES WE PROVIDE

Portable Units Installation services

Deccan Concretes has more than a decade's experience in concrete products and is now all set to provide Portable Units Installation Service to its customers. Our installation service includes all processes such as Inspection Mobilization, Preparation & Ultimate Installation.

Installation & Infra services

We support the needs of tomorrow. Deccan team is fully equipped to create and install infrastructure solutions such as bridges, piers, pipelines, dams, pavements and much more.

Consulting services

We have industry experts having diverse experience of multiple years. Our team can provide end-to-end consultancy for your concrete requirements ranging from evaluation and troubleshooting of concrete construction-related issues including investigation.

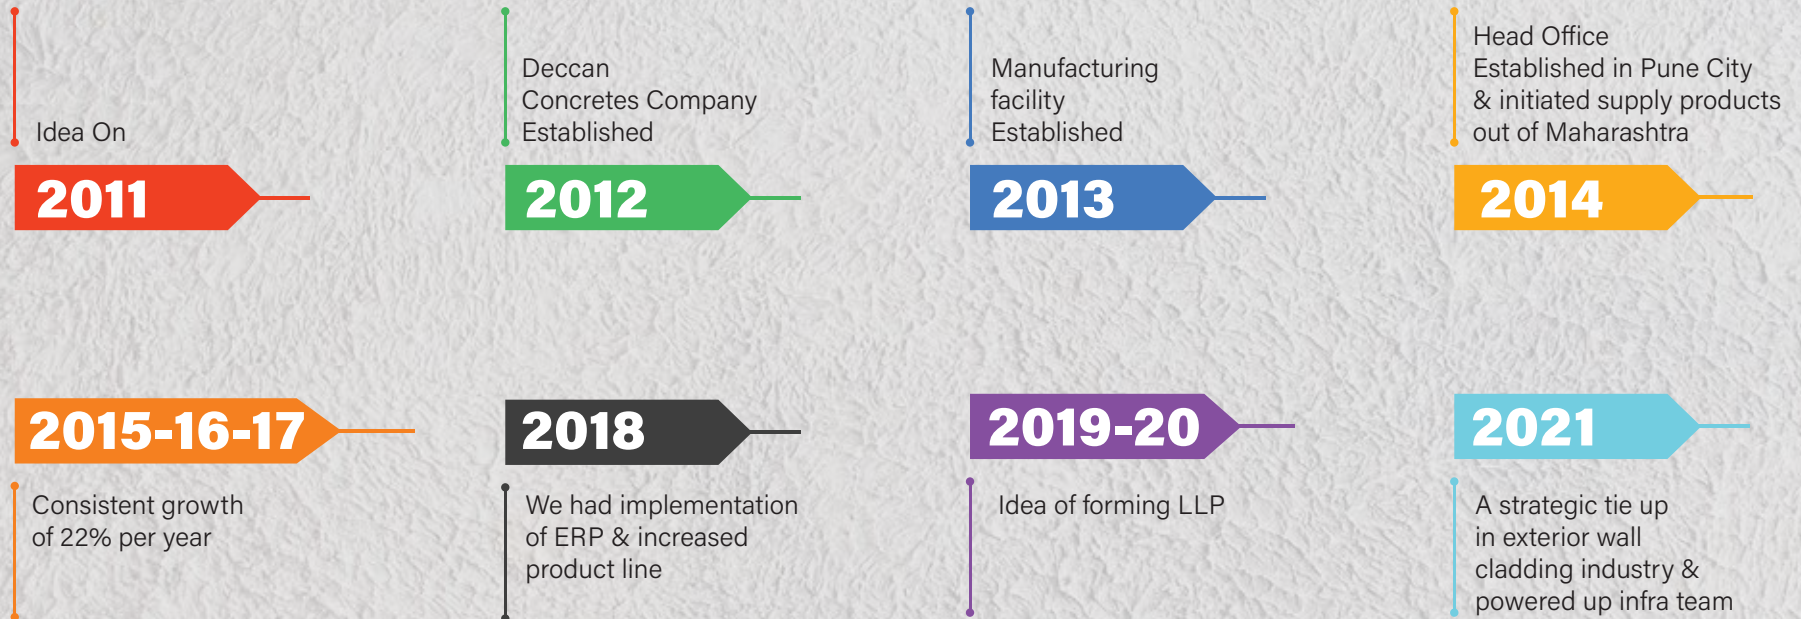

Scrap Utilization

Solid waste management is a rising concern in construction companies worldwide. According to the Building Material Promotion Council (BMPTC), India generates an estimated 150 million tonnes of construction and demolition (C&D) waste every year. At Deccan Infra Solutions & Concretes, we utilize our best-in-class resources to re-use & recycle the solid waste generated and make sure that Scrap is optimally reused to avoid waste generation.
