BORN OF

TWILIGHT

BORN OF TWILIGHT

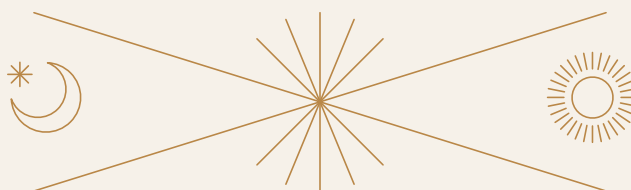

'Day' and 'Night'.

'Light' and 'Darkness'.

Two different worlds, different entities, different auras.

But bring them together and you create a world that reawakens to beauty, courage, ingenuity. You wake up to the spirit adorned by the sky, Twilight.

Twilight is the power of the sun and the boldness of the night combined together. It is a force of nature that empowers anyone whom it touches.

A BIJOUTERIE LIKE NO OTHER

THE TWYLA STORY

Twyla is inspired by this power and boldness that creates the perfect balance in the universe. It is born of twilight. An intermingle between traditional and contemporary, it brings jewellery that speaks to everyone. Twyla is fierce, it empowers and it's a luxury that is made while nurturing the environment.

Twyla is for people who are dreamy, ethereal, carefree and resonate with the spirit of twilight, both wild and calm. People who will go with the flow, take risks with resoluteness and charm the world.

BORN OF TWILIGHT

Twyla is about jewellery that makes your life an occasion. A romance between two worlds, Twyla brings artisanal and expressive everyday jewellery that is subtle, nuanced and appeals to the global man and woman.

The brand is known for its aesthetics and unique taste that is inspired by minimalism yet is so ethereal and striking. Each of our jewellery pieces are made from 18 carat gold dipped brass.

The brand is proud to adorn characteristics that resonate with the modern man and woman - unapologetically itself.

THE TWYLA STORY

ROSHNI BHAGNANI

THE FORCE BEHIND TWYLA

THE FORCE BEHIND TWYLA

“The kind of jewellery you put on, defines the persona you hold. Providing actual usability to all genders.”

She is someone who sees things differently, and forms her own perception about it. With a vision to redefine how people look at imitation jewellery, purge gender norms defining personality, she created a brand that people could own and with it, flaunt the boldness of fine jewellery. She dug deeper, not the traditions but the subsequent to form new meaning.

Caring for our mother earth, she kept her focus on how convertible a single piece of jewellery can be, with absolute perfection and flexibility to carry it with style.

To those who desire to take our traditional legacy forward on a modernised path, Twyla says, “stay chunky”. And that’s how our founder, Roshni Bhagnani, started dreaming of Twyla Treasures, keeping herself in the most beautiful bed of a treasure box.
