Through this booklet, you will discover what kind of service we provide, how we cater to the needs of our students and how we help our students achieve their goal.

- We offer specialized coaching for students of grades IX & X (ICSE board) and FYJC & SYJC.
- By delivering outstanding results year after year, we have carved out a niche for ourselves in the small but rapidly growing industry of organized tutorials.
- Our team comprises professionals who possess in-depth knowledge of their respective subjects; thus, we ensure a high standard of coaching to stimulate and motivate our students towards their scholastic goals.

How We Work

- Improvement is the way of life at AT, but improvement brings change. If you want improvement, you have to be comfortable with change.
- We demonstrate a great sense of responsibility and ownership. However, we demand a high degree of operational autonomy owing to our student-centric services; we bend backwards and make exceptions to accommodate our students.
- Although we provide group coaching, our teaching is student-centric. Because every student has a unique need, we tailor our methods of teaching accordingly.

- Many of our decisions are collaborative, i.e., we work in collaboration with parents, because our main goal is to prepare students to become independent and successful; this goal cannot be realized without co-operation from parents.
- Our quality is what differentiates us from the competition. Our focus on quality has brought us this far. We honour our commitments despite any situations.
- If you are ready to work hard, be prepared to achieve outstanding results.

In order to facilitate performance, learning and development of our students, we expect our students to be punctual, disciplined and sincere.

Instructions for parents:

- Kindly ensure that the student attends all lectures regularly. If he/she is unable to attend any lecture, parents must inform the respective teacher about his/her absence.
- The student must be punctual. Late-comers may not be allowed to attend the respective lecture.
- Discipline must be maintained in the classroom. Students found misbehaving will be dismissed or expelled in extreme cases.

- Students are strictly prohibited from using cell phones in the class.
- Allotment of batch and class timings is solely at the teacher's discretion. However, student's convenience will be considered.
- Parents are requested to ensure that their child attends all lectures and examinations. Also, parents should look into the assessed papers and preserve them for future reference.
- Parents can feel free to contact our teachers to discuss the performance of the student or for any other clarification.

I would like to attribute my success in the ICSE board examinations to the teachers at Ashok Tutorials. The teaching faculty is proficient in its task of helping students learn and understand concepts. Although all teachers played a role in my development as an academic achiever, I would specially like to reach out to Ashok Sir, who guided me whenever I went wrong and lauded me for my hard work as well. His motivational speeches really fired all the students up! I think Ashok Tutorials is a great place to be in, due to its competitive environment and hard working teachers.

- Bhavya Jain, 97.5% St. Mary's

I am thankful to Ashok Sir for his dedicated teaching and unshakeable faith in me. His constant encouragement and efforts helped me achieve a merit rank in the ICSE.

-Juzer Malbari, 99.2% Christ Church

Ashok Sir, with his guidance and dedication has a lot to impart. The motivational speeches from Ashok Sir boosted our confidence if we lost focus and passion. The other teachers at AT are also very proficient and have played an important role in my development as an academic achiever. The environment at AT created my journey through 9th & 10th a very memorable one. Even in the difficult times of Covid-19, Ashok Sir and other teachers were always available when we needed them. I'll always look back and be proud of joining Ashok Tutorials.

- Dhwanj Jain, 97.67% St. Mary's ICSE

Ashok sir is one of the most hardworking and awesome teachers.

- Sanika Pendurkar, 99%, Walsingham House

If I had to use one word for AT, it would be "flawless". The late nights, the hardwork, Ashok sir being strict and the regular tests have nurtured me into what I am today. Definitely an experience I'll cherish throughout my life and I thank Ashok sir and team with all my heart for giving me that:)

- Taaha Nadiadi, 97.67%, Christ Church

In my 8th standard, I kept wondering about which tutorials to join for the 9th and 10th, my research brought me to Ashok Tutorials. I had heard a lot about them which was an added reason to join them and that decision of mine proved to be an excellent one. Those two years at Ashok Tutorials were the most fun filled and fruitful years of my student life. All thanks to Ashok sir and his team of teachers who got the best out of me and helped me achieve my desired marks. The student friendly environment created by the teachers has really nourished me as a student and as a person in general. I would be forever grateful to Ashok Tutorials for the difference they have made in my life

-Ansh Rathod, 96.7%, Christ Church

I've never seen the teachers at Ashok Tutorials wearing a cape but I've seen their superpowers throughout the course of my 9th & 10th standard! Having scored 96.5% in the ICSE Board Examinations would have been impossible for me had it not been for the mentorship of the most fantastic teachers at AT. I cannot put into words how grateful I am to all the teachers for putting in their best efforts and helping me in achieving my goal!

-Vidhi Sachin Shah 96.5% SAS Billabong

Don't join Ashok Tutorials unless you desire excellence and fun, because they're the best in business. Finest two years of my life!

-Varad Girolla, 97.5% Christ Church

Ashok sir and his team not only have absolute knowledge of their respective subjects but also an underlying pride and fascination about it. Every teacher commands the attention of each student even in online lectures. However, it is the patience with which they work with a weak student and make sure everyone in the class understands a topic that baffles me. Besides all the logics, knowledge, varying examples to explain a topic, the two years at AT have instilled in me the passion as well as the work ethics necessary to achieve my future aspirations.

- **Swarang Kadam, 97.33% Christ Church**

The journey has been very special right from the start. Personally, I feel all the teachers have been supportive, extremely devoted and made efforts to bring out the best of children having different potentials. It was my best year in terms of all round personal growth. Heartfelt thanks to all the teachers. -**Aadit Siroya, 98.2% Activity High**

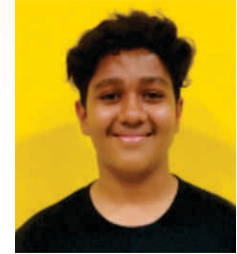

It was a great learning experience. The whole team of teachers were really helpful and supportive. They were always there to solve our doubts and difficulties. Even though the classes were online, Ashok sir and his team always encouraged us to remain focused and disciplined

- **Mahek Shah, 97.83%, Queen Mary**

The faculty was extremely approachable and very motivational, ensuring I strived for excellence. My hard work accompanied by the continued guidance and support of the AT faculty played a major role in my success in the exams. All in all, I would recommend Ashok Tutorials to everyone who wishes to achieve a score of 95+ in the ICSE Board Examination.

- Rhythm Seth, 97.42%, Dhirubhai Ambani International School
