About,

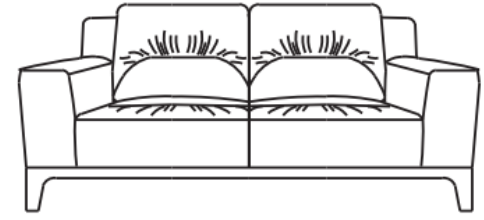

Sofas & More is an Omni channel concept & caters the latest globally inspired furniture collection for living, dining, and bedrooms. The idea took shape with the sole objective of making it in India. India is a land of skillful artisans, we employ thousands of artisans from across India to create products that are superior to mass-produced Chinese & Malaysian imports and compete with the best of American and European value brands. We keep in mind Indian ergonomics and lifestyles while designing and manufacturing our collections.
