**SERVE WELL
TECHNOCRATE**

servewelltechnocrate.com

About us,

We are a Lucknow based fast growing Industrial Sales and Service Providing Company. We have been working in the field of Industrial Sales & Services since 2010. And with the strong experience of over a decade Serve Well Technocrate has been able to deliver excellent performance consistently with our remarkable products and have helped our clients in their business.

Our Commitment

We at Serve Well Technocrate promise to deliver genuine and most competitive offerings to our customers with 100% genuine capital goods and spares. We do not believe in the idea of cost cutting as our top priority is delivering best solutions at a reasonable price. Rest assured as we provide top notch quality of products and have been working with Industry giants like Hindalco,Grasim,HAL,Coca-Cola etc.

Our Vision

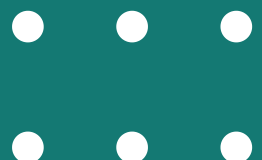

To make a strong vendor client network.

To be one of the major supplier of industrial goods.

Our Mission

Introduce quality engineering.

Bring maximum numbers of goods under one roof making the process of procurement easier for our clients. .

Pneumatic Engineering

ISO Standard Cylinders with mountings: ISO 15552, ISO 6432. Single and Double Acting Cylinder. Magnetic and Non Magnetic. Single Rod and Through Rod. Rod Fork, Male & Female Clevis.

Solenoid Valves: 5/2, 3/2, 5/3 Way Valves. Multi Position & Ports. Aluminium Body Valves with Manifolds. Single and Double Acting valves. AC Coils: 24V, 110V, 220V. DC Coils: 12V, 24V. High Pressure and High Frequency Valves.

Mechanical Valves: 5/2, 3/2, 5/3, 4/2 Way Valves with different port sizes. Foot Pedal Valves. Hand Turn, Hand Lever, Push/Pull Valves. Process Valves and Flow Control Valves.

Air Preparation Units: AC Series Air Filter, Air Regulator, Air Lubricator. Auto Drain Units. FRL, FR+L, Filter Regulator with spares and accessories.

Polyurethane Tubes: Top Quality PU Tubes, Recoils with Connectors, Anti-Spark Tubes. Starting from 2.5 mm ID to 12 mm OD with different colour codes as per requirement.

One Touch Fittings: Push Fitting Straight Connector, Female Connector, Male and Female Elbow, Equal Tee, Tube Connector. Bulk Head, Dead Plug, Flow Control Valves. Metal and Non-metal Silencers, Air Blow Guns etc. Available in wide range of sizes that cater the user's needs.

Air Compression

Comptech Equipments Limited (CEL), established in 1966 is an ISO 9001:2008 Company, which designs and manufactures most reliable energy efficient wide range of Air Compressors with a vision to provide Compressed Air Solution to everyone everywhere.

Reciprocating Air Compressors: Lubricated Medium Air Compressor 2HP to 25HP upto 12 Bar. High Pressure Air Compressor for PET Industry upto 42 Bar. Oil Free Compressors for PET Plants available 30HP to 335HP/ Upto 42Bar. Vacuum Pumps also available.

Screw Air Compressors: Economical Energy Efficient Single Stage Air Compressor with IE4 IPM Motor and VFD 7HP to 335HP/ 4Bar - 13Bar Super Premium Efficiency Air Compressor (2- Stage) with IE4 IPM Motor and VFD 40HP to 335HP/ 4Bar - 16Bar.

Customer's prosperity is our business.

Air Drier & Air Filters

CONCEPT TECHNOSTRUCTURES A leading name in Air Dryers, Automatic Drain Valves(Ball and Flange Type), Air Oil Separator, Moisture Separator, In-line Desiccant Dryer, Float Type Mechanical Drain Valves etc. is our trusted partner for treatment of compressed air.

Refrigeration Air Dryer:
Energy Efficient Air Dryers that are made keeping in mind the growing environmental concerns using R134a Gas. Reliable and simple operation that thrives to maintain a constant dew point of +3-5 deg. centigrade .Starting from a nominal flow of 20 CFM.

Industrial High Efficiency Filters made to save energy with their low pressure drop, made with corrosion resistant material SS-304/ SS-410 with filtration grades as per ISO8573-1. Compact in design and efficient in functionality starting from 20 CFM up to 600 CFM with working pressure of 16 bar.

High Speed Cyclone Moisture Separator:
Removes water contents from pipeline, filter, regulator.

In-line desiccant dryer uses hydrophilic substance to absorb the water contents from compressed air and drain the condensate either via manual operation or automatic drain valve.

Automatic Drain Valves designed to remove condensate from compressed air systems with interval time of 2-256 min. adjustable according to your needs. Also comes with a manual drain button for unlikely cases of failure or no power supply. Comes in various models and sizes.

Motorized ball valves also in scope.

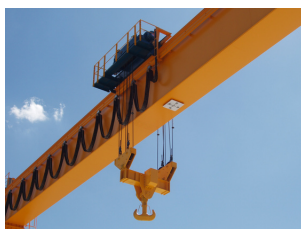

Cranes and more

ISO 9001:2000 certified company that manufactures EOT Cranes, HOT Cranes Electric Chain and Rope Hoist, Chain Pulley Blocks and Travelling Pulleys. Lifting capacity From 0.5 Tons. to 12.5 Tons. up to 10 m+ height. Hydraulic Winch, Hydraulic Floor Cranes, Electric Wire Rope Hoist.

Class II M5 Heavy Duty and Medium Duty EOT Cranes with Double and Single Girder. With Down Shop Lead, reducing your down time resulting in higher efficiency and productivity. Comes with automatic braking when power failure.

IS6547 Chain Electric Hoist from capacity 0.5 Tons. to 3 Tons.

Hydraulic Pallet Trucks from capacity 1 ton. to 3 tons.

Customer's prosperity is our business.

Hydraulic Engineering

VANJAX SALES PVT. LTD. founded in 1981 is an ISO 9001:2005 Company known for making top quality Material Handling Equipments, Aerial Work Platforms, Towable and Self-Propelled Scissor Lifts, Hydraulic Jacks, Hydraulic Tools, Manual Stacker, Pallet Truck and many such material handling and accessibility solutions.

Hydraulic Stacker starting from capacity 1 ton to 2 tons. Available in Fully Electric, Semi Electric and Manual operation types.

VANJAX's hydraulic scissor lifts are designed with an intent to lift a specified load - with capacities from 200 kilograms and above and working heights of 16 meters and more. The scissor lifts are made to order, customized as per requirement and are also available in a special waterproof structure.

The hydraulic aerial platforms manufactured by VANJAX are made to suit dynamic working environments - with working heights of 23 meters and above (8 meters - 16 meters for Aerial Work Platforms) and capacity of up to 300 kilograms; VANJAX's aerial platforms can be customized to fit your needs.

Hydraulic Jacks available in various capacities (1 Ton - 100 Ton & above) and lifting heights (100 mm - 3 meters & more).

Tools like gear pullers, pipe benders with independent hydraulic pumps (manual and motorized) have a variety of applications in workshops.

Industrial Valves

Accredited with ISO 9001 : 2015 we deliver to you high performance and high class industrial grade valves including Control Valves, Butterfly Valves, Pneumatic Actuators, Ball Valves etc.

Pre lubricated pneumatic actuators available in double acting and spring return type .

Electric Actuators with quarter turn design, equipped with thermal protector to avoid over heating of motor. Can automate the valves requiring up to 270 deg. turn

Wafer Type Butterfly Valves, Double Flange Type, Damper Type, Offset Disc Type comes in different sizes to cater client's needs.

Gate Valves design standard API 600 from size 25 mm to 400 mm available.

Globe Valves design standard BS 1873 available in sizes from 25 mm to 300 mm.

Customer's prosperity is our business.

Scaffolding and Ladders

Youngman Group manufactures International Standard aerial access platforms, step ladders, podium platforms, scaffoldings, Cantilever and Suspension bridges, V Deck etc.

Stepladders starting from 4' to 14' height available in Aluminum and Fiberglass range with a load carrying capacity of 150 kgs. Aluminum made Podium Platforms available.

Aluminum Scaffolding made of Grade 3082 T6 Aluminum equipped with inbuilt ladder for easy access comes in different sizes. Also available in Stairway models.

Lubrication Systems

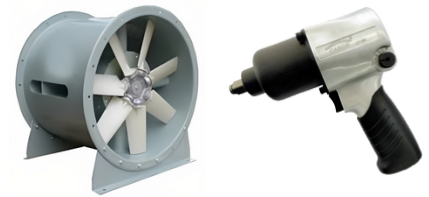

DROPIN LUB SYSTEMS, a Faridabad based ISO 9001:2008 Company that is known for making Industrial Standard Lubrication Systems, the product range Includes Hand Operated and Pneumatic Grease Pumps, Piston Pumps, Multi Point Radial Lubricator, Motorised Lubrication Units, Oil Mist Lubricator, etc.

Other Products and Services

- Compressor Spares for Comp-tech, IR, CP, ELGI Zen Air, Kirloskar etc.
- FRP COOLING TOWERS and CHILLER Units.
- Turbo Ventilators
- Annual Maintenance Contracts for Air Compressor, Air Dryers.
- Supply and Maintenance of Air Washer and Air Handling Units.
- Pneumatic Tool Guns, Axial Fan, Centrifugal Blower Fan, Inline Fan.
- Installation and Insulation of AHU Ducts. Installation of Pipe Lines.
- Complete re-commissioning of Air Compressors, Chillers and Air Dryers.
- Calculation of efficiency of AHU and Air Changes in Plant.
- Measuring Instruments for Industrial needs, Anemometer, Hygrometer, Carbon Monoxide Meter, Flow Meter etc.
- Aluminum AIR PIPE Projects
- Air Operated Diaphragm Pumps suitable for chemical/diesel dosing (MOC: SS, PVDF, Polypropylene etc.)

Customer's prosperity is our business.
