## Introduction

ROMY INTERNATIONAL : A leading manufacturer and exporter of LACES, TRIMMINGS, FRINGES, BRAIDS, BULLIONS, RIBBONS and all such items of fashion and tailoring accessories. " ROMY" is a registered TRADE MARK and a brand which initially in the year 1960 was promoted by its former company M/S. Ramanlal Chunal Vanawala, and B.R.Vanawala. In fact Lace manufacturing had been a family business for generations as the first parent company was formed in the year 1960 in the name of Chunal Pranjivandas Vanawala, since then rich expertise of manufacture and designing had been inherited by the owners. Now it is well known for its quality products and has been recognized leader in the Apparel Trimming Industry.

When it comes to embellishing a Fabric, Textiles, Fashions or Clothing, ROMY LACE has the right product for the job. We are known for our innovative products like Zari Laces, Trimming, Borders, Sequins & Handmade laces, Fringes, Passementeries, Scroll Braids, Pyramid Braids, Antique laces, Organza Laces, Motifs/Patches, Beaded Ribbon, Bullion Fringes, Military Braid, Jacquard Borders, Satin Cords, Beaded Fringes, Novelty Fringes, etc.....

We have in-house manufacturing facility with advanced automatic machineries. No need to say that laces are the subject of creation and machines work efficiently only if we improvise them with our own R & D. Our in-house designing department always creating new items at addresses every need in the industry. Apart from machine made items many items are being created and manufactured by hand by specially trained workforce. Furthermore quality is always being checked and assured at every stage right from procurement of raw-material and manufacturing / processing and ultimately packing. Our products are manufactured in a stringent manner to conform to the international standards of quality. Known for their durability and exemplary designs, our products are an outcome of the creativity of our experienced team. Our team works in close co-ordination with our clients to deliver products that match their exact requirements. Our products are used widely by our satisfied clients ranging from big fashion houses to small scale garment manufacturers.

## Infrastructure

The company has a state-of-the-art infrastructure that is well equipped with modern machines for stitching, embroidery, embellishments, etc. Besides, the company has a team of skilled designers, artisans and dedicate workforce. Keeping in mind the latest trends and the customer requirements, the artisans constantly try to offer innovative design.

## Competitive Pricing
