VALUMATIC

Engineered for Precision.
Every Time.

Compatible with 10 world currencies

Rely on the intelligent Godrej Valumatic to keep count of your currency notes with ease and accuracy. Engineered with double sided image processing technology, Godrej Valumatic currency counting machine authenticates currency, differentiates between denominations, counts them and calculates the total value. It features a TFT color LCD and a user-friendly interface for simplified operations, while increasing the overall efficiency of your business.

Features

- Full width Dual CIS (Contact Image Sensor) for high accuracy
- Enhanced counterfeit detection through, UV, MG and IR sensors
- Half note, Double note & Chain note detection
- Batch and Add functions available
- The machine performs self-diagnostics every time the machine is switched on
- Easy upgrade via USB memory
- Printer compatibility for report generation
- Note Sr. No. and image capturing
- 4 modes of operations: MDC (Mix Denomination Counting), SDC (Single Denomination Counting), CNT (Counting Only, No Detection) and MULT (Multiple Currency Counting)
- Machine can be used for 10 different currencies of the world: INR, USD, EURO, GBP, AED, OMR, KWD, NPR, TZS and QAR

Specifications

Dimensions	27 cm(W) x 24.5 cm(D) x 28.8 cm(H)
Weight	6.5 kg
No. of Pockets	1 pocket
Hopper Capacity	300 notes
Stacker Capacity	200 notes
Pre-set Batch Number	1-200
Display Type	TFT colour LCD display 320 x 480 pixels
Detection Sensors	Dual CIS (Contact Image Sensor), MG, UV, IR

Interface	RS232C port (Printer), RJ11 port (External Display), USB port
Counting Speed	800/1000/1200 notes/min
Banknote Size Range	W: 11~19 cm, H: 5~9 cm
Banknote Thickness Range	0.075~0.15 mm
Multiple Currencies Support	10 currencies
Power Requirements	100~240 VAC, 50~60 Hz
Power Consumption	<80W
Operational Requirements	10~40°C / 0~85 RH (Non-condensing)
