Start up

Enterprise

Market and Industry ○ •

Industry trends and insights

Our services are tailored to meet the needs of various high-profile industries and verticals

HealthTech & MedTech (7 Years)

Agriculture (6 Years)

FinTech (5 Years)

Travel & Hospitality (7 Years)

Smart Appliances (6 Years)

EdTech (7 Years)

E-Comm (5 Years)

Competitive Advantage

Inventore iste tempora provident assumenda dolore est quod ratione.

- Proficiency in addressing industry-specific needs
- Wide range of tech spec
- Tech experience
- Process of managing product and IT questions
- Development values
- Trust – your idea is safe with us

Roadmap and Future Plans

Company's vision for the future

- Partnering with Amazon and Google to offer startup support through server credits. Along with specialized teams for idea validation, market research, and persona creation with validation.

- Strengthening our technology to address enterprise inquiries with No-Code solutions, including dashboard management (Partly achieved)

Client Support and SLA

Our primary focus is exceptional client support, which encompasses

- Ensuring customer satisfaction with our delivered products

- Providing continuous support for 60 days following development

- Offering production-level support

- Facilitating AMC (Annual Maintenance Contract) agreements

- Additionally, we are committed to addressing any other client needs that may arise

Clientele

Expressions of satisfaction with our services from clients

Andrea Tsakanikas
President - Crewfacilities.com

We highly recommend this company for web portal and mobile application design and development. Fantastic communication. Always follows thought on this word. And very talented. Thanks you!

Parikshit Thakur
Founder - Plenar Tech, LLC

I would like to personally thank you all for all the hard work determination, late nights, countless hours, and communication about our product over the past years.
