• Termite Control Services

Once you contact Angel Pest Management for your space, you have surely hired the most reliable termite control services. Our termite control plans are customised as per the requirement of the site with outstanding results.

Pre-Construction Termite treatment

Precaution is better than cure that stands true for pre-construction termite treatment for the upcoming properties. Call the team of Angel Pest management to inspect under construction site, they will suggest best possible treatments for your space that will safe guard your property from future Pest menace.

Post Construction Termite treatment

Angel Pest Management termite expert team ensures that you and your assets are protected from the harms caused by termites. Few of the reasons for post construction termite treatment are safe guarding your belongings, safe guarding your construction for years, safe guarding your health and many more.....

• Integrated Pest Management

One stop shop for all your pest control needs, at Angel Pest management with more than 130 prestigious projects we are the trusted name in the business.

Cockroaches Management

Cockroaches are a high risk pest to have in your premises, they carry a range of serious illnesses, including food poisoning, dysentery, diphtheria and many more. A Quick response is therefore essential to ensure that cockroach infestations do not go out of control. Our well-equipped and professionally trained service technicians will eliminate Cockroaches from your premises.

Rodent Infestation Management

Rats and Mice cause a lot of damage, their teeth's continue to grow over their lifetime so they need to gnaw on hard substances so damaging your belongings. Rats cause a lot of contaminations as single rat can have more than 25000 droppings per year, which contains allergens and can cause acute allergic reactions. Rats and Mice are also known to introduce other pest such as flees, mites, and ticks into the premise causing additional damage. This should make alarm bell ringing in your mind, don't worry just call Angel Pest Management for effective solutions, a successful rodent management programme.

Mosquitoes Management

Mosquitoes can cause severe diseases which can sometimes become life threatening on seasonal basis. Angel Pest Management extends professional fumigation standards with the use of reliable safe medicines with no adverse impact on human health with lasting effect.

Crawling Insects Management

We view to provide safe services in the entire country. For that, we try to gain the best customer reviews and raise home pest control services demand.

- **Disinfection Services**

Lately COVID – 19 pandemic has created a havoc around the world with innumerable infections and uncountable deaths which has given a rise to disinfect the residential or commercial premises. Once getting go ahead, our specialised disinfection services team will survey your premises within 24 hours and disinfect your space with most effective chemicals and tools that can bring astounding results
