

PRODUCT CATALOGUE

About us

Ocean Enterprise, established in 2004, has built a strong portfolio in both manufacturing and trading sectors. Their product range spans Safety Nets, Industrial and Construction Safety Equipment, Waterproofing Fabrics, Anti-Bird Nets, Tarpaulins, and Sports Nets, among others. A key differentiator is their commitment to modern manufacturing technologies, using advanced machinery and tools that align with industry standards. Backed by an organization with over 80 years of experience and a dedicated client base, Ocean Enterprise offers reliable and high-quality products, ensuring customers are in expert hands.

Safety Nets

We manufacture, deliver and install **high quality construction safety nets** that can be installed horizontally and vertically to prevent falling of people and debris.

Two-layer Safety Net

First layer

4mm / 6mm PP
Rope knotted mesh

Mesh size

100mm x 100mm
square

Second layer

Overlay of HDPE
Fish net

Border and tie cord

12mm PP Rope, 2m
long at four corners

Standard size

5m x 10m

Fabrication

Handmade and
Square knotting

Certification

IS: 5175 certified
PP Rope

First layer

4mm / 6mm PP
Rope knotted mesh

Mesh size

100mm x 100mm
square

Second layer

Overlay of UV
Stabilised 100 GSM
Monofilament
Shade Net

Border and tie cord

12mm PP Rope, 2m
long at four corners

Standard size

5m x 10m

Fabrication

Handmade and
Square knotting

Certification

IS: 5175 certified
PP Rope

Three-layer Safety Net

First layer

4mm / 6mm PP
Rope knotted mesh

Mesh size

100mm x 100mm
square

Second layer

Overlay of HDPE
Fish net

Third layer

Overlay of UV
Stabilized 100 GSM
Monofilament
Shade Net

Border and tie cord

12mm PP Rope, 2m
long at four corners

Standard size

5m x 10m

Fabrication

Handmade and
Square knotting

Certification

IS: 5175 certified
PP Rope

First layer

5mm Braided
Twine

Mesh size

100mm x 100mm
square

Second layer

2.5mm Braided
Twine

Mesh size

35mm x 35mm
square

Third layer

Overlay of UV Stabilized
100 GSM Monofilament
Shade Net.

Border and tie cord

12mm PP Rope, 2m
long at four corners

Fabrication

Heat-treated machine-
made knotting in
square mesh

Certification

IS: 5175 certified
PP Rope

Braided Safety Net

First layer

2.5mm Braided Twine

Mesh size

35mm x 35mm/
square / 50mm x
50mm square

Border and tie cord

12mm PP Rope, 2m
long at four corners

Standard size

5m x 10m

Fabrication

Heat-treated
machine-made
knotting in square
mesh

Certification

IS: 5175 certified
PP Rope

First layer

2.5mm Braided
Twine

Mesh size

35mm x 35mm/
square / 50mm x
50mm square

Second layer

Overlay of UV
Stabilised 100 GSM
Monofilament
Shade Net

Border and tie cord

12mm PP Rope, 2m
long at four corners

Standard size

5m x 10m

Fabrication

Heat-treated
machine-made
knotting in square
mesh

Certification

IS: 5175 certified
PP Rope

Vertical Safety Net

First layer

15ply HDPE Net

Mesh size

35mm x 35mm square

Second layer

Overlay of UV Stabilised 100 GSM Monofilament Shade Net

Border and tie cord

12mm PP Rope, 2m long at four corners

Standard size

5m x 10m

Fabrication

Heat-treated machine-made knotting in square mesh

Certification

IS: 5175 certified PP Rope

First layer

2mm Double twisted twine

Mesh size

35mm x 35mm square

Border and tie cord

12mm PP Rope, 2m long at four corners

Standard size

5m x 10m

Fabrication

Handmade and Square knotting

Certification

IS: 5175 certified PP Rope

Shade Net

Agro shade nets / monofilament shade nets are used as an enclosure for scaffolding to prevent debris, bricks, concrete blocks from falling and injuring anyone in the surrounding. These nets provide UV radiation resistance and shading as per requirement.

Shade Nets

HDPE Monofilament Shade Net

Size

5m x 50m / 6m
x 50m

GSM

100 GSM and 120
GSM as per
requirement

Material

HDPE virgin
granules with UV
stabilizers

Colours

Green (Other
available as per
requirement)

Agro Shade Nets

Size

3m x 50m / 6m
x 50m

Shade Factor

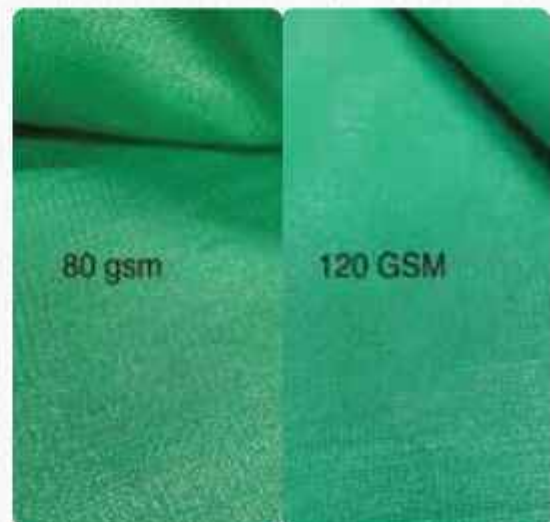

50%, 75% and 90%
as per requirement

Material

HDPE virgin
granules with UV
stabilizers

Colours

Green (Other
available as per
requirement)

Occupational Safety Equipments

Safety Helmets

Labour Safety Helmet

Make Brands

Guard and Udyogi

PVC and adjustable chin strap

Colors

Assorted

Staff Safety Helmet

Make Brands

Udyogi, Ventra and Karam

Adjustable knob and
Ventilation type

Colors

Assorted

Safety Shoes

Labour Safety shoes

Make Brands

Emperor, TATA Stryde

Material

Single density PVC sole

Upper material

Synthetic / leather depending on brand

Toe

Round steel toe

Features

Waterproof and chemical resistant

Staff Safety shoes

Make Brands

TATA Tagra, Tiger and Karam

Features

Oil and acid resistant, shock-resistant, puncture proof sole

Upper material

Barton print leather / Full grain leather

Toe

Round steel toe

Sole

Double density PU sole

Warranty

6 months sole warranty

Safety Harness & Rescue Kit

Full Body Safety Belt, double rope with scaffolding hook

Make Brands

Udyogi / Karam

Certification

IS 3521: 2021

Immediate rescue equipment

Contained in the kit enables immediate rescue of a personnel when suspended at height after suffering a fall

Make Brands

Karam PN 652

Certification

Each component as per EN /IS Standards

Reflective Jacket

Labour Jacket

Fabric

Plain polyester 70 GSM

Style

Velcro

Colours

Orange and green

Printing on backside available as per requirement

Reflective tape

White / Grey

Staff Jacket

Fabric

Plain polyester 120 GSM

Style

Zipper

Colours

Green and Blue

Reflective tape

White / Grey

Printing on backside available as per requirement

Hand Gloves

PVC dotted cotton hand gloves

The polka dots on one side provide good grip during material handling.

Rubber coated hand gloves

Polycotton gloves with latex coating with medium cut resistant. These gloves have an ergonomic fit and proved excellent abrasion resistance.

Nitrile dipped hand gloves

When in contact with oily surfaces, nitrile coated gloves will soak up the oil and deliver improved grip.

Reusable latex hand gloves

Household gloves are available in different colours and sizes. They are made from PVC rubber and can be reused till they tear off.

Caution Tape & Floor Protection Sheet

Caution Tape

Material

Polythene tabular type

Length

250 mtr

Colour

Red / White combination and
Yellow / Black combination

Floor Protection Sheet

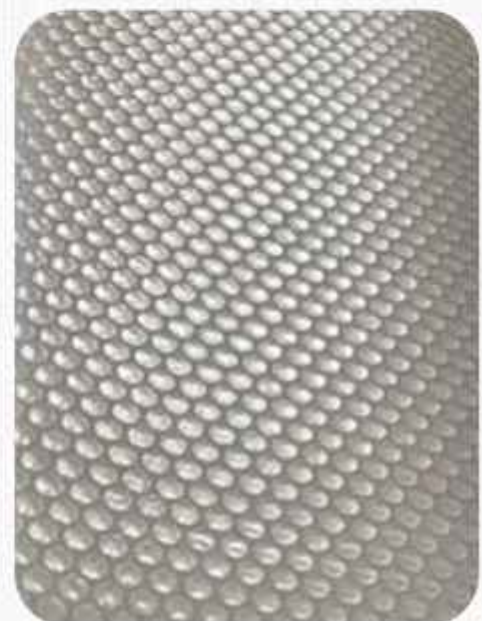

It has a bubble-like texture that provides cushioning and shock absorption for the floor surface. It can be used to protect the floor from scratches, stains, spills, dust, and dirt during construction, renovation, painting, or moving.

Bubble Guard / PP Corrugated Sheet

Thickness – 3mm / 4mm

Sheet Size – 6' x 4'

Colour – White / Grey

Rainy Shoes

Hillson Collar Boot

Hillson Collar boot is made up of rubberized soft and flexible PVC with a synthetic leather collar that provides High Abrasive properties and fully molded PVC provides better grip.

Hillson No Risk

Hillson No-Risk boot is ideal for less submerged workplaces where a boot of big height is not required, this shoe is widely used at construction sites.

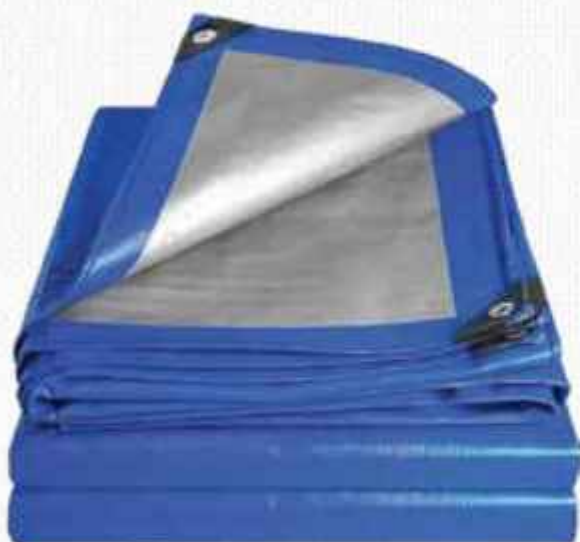

Hillson Gumboot

Hillson Dragon-512 is made up of fully Moulded hard PVC which provides better grip, its outsole has good Anti-Slip, Anti- Abrasion, Anti- Penetration, Heat resistant.

HDPE Tarpaulins

A large green HDPE tarpaulin is shown covering a structure, likely a construction site or storage area. The tarpaulin is wrinkled and has a diagonal seam running across it. The background is a clear blue sky. The text "HDPE Tarpaulins" is overlaid in white, bold, sans-serif font in the upper left quadrant.

Tarpaulin

HDPE Tarpaulins

High Density Polyethylene Tarpaulins are made from premium quality woven HDPE fabric, laminated with LDPE sheets on both sides. These types of tarpaulins are very rugged and are most suited for applications where there is a great deal of wear and tear. These tarpaulins are available in different sizes, thickness and colours (150 GSM – 250 GSM)

Materials

HDPE woven fabric, LDPE sheets and strong metal eyelets

Features

Waterproof, weatherproof, oil proof & chemical proof

Strength

Light weight, high tensile strength

Protection

Protective UV stabilized on both sides
