# INDIA'S LEADER IN SLEEP FRESHNESS

## FOR OVER TWO DECADES

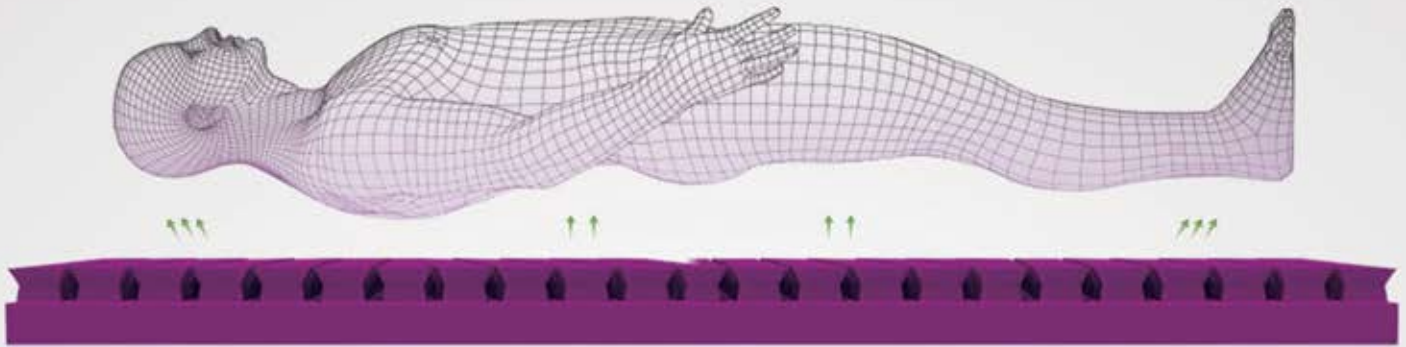

Sleepfresh has been a timeless effort of manufacturing excellence by the Kolkata-based Raunak Group since the year 1997. In the two decades of tirelessly perfecting the process of manufacturing sleep products, we have been seeking to create fresh lives every day through fresh sleep every night! Using the most advanced production techniques and in-house production synergy of processes, our products are manufactured using cleanest of technology for a safer environment for our future generations to come. Our extensive channel partner network and dedicated customer centric team helps us reach for the opportunity of creating fresh sleep for one-billion plus population of Indians who are deserve quality sleep every night.

## MILESTONE

# VIBROTECH

Vibrotech Pod Technology is Sleepfresh's specially engineered marvel for enhancing sleep experience. This technology has enabled them to create the perfect blend of high resilience bounce and high density stability for the user through the unique diamond formed pod-structure. The pods enable vibrations to be minimised during partner movement at night while diamond shaped bottom cut enables the optimum air circulation within the layer for enhancing Sleep freshness every night.

# SPACERTECH

Spacer Support layer is a scientific marvel of Sleepfresh's Signature Back Relief Range. Our body is defined in 5 different Zones as depicted above. All Zones need differential support on the skewed weight they exert onto the mattress.

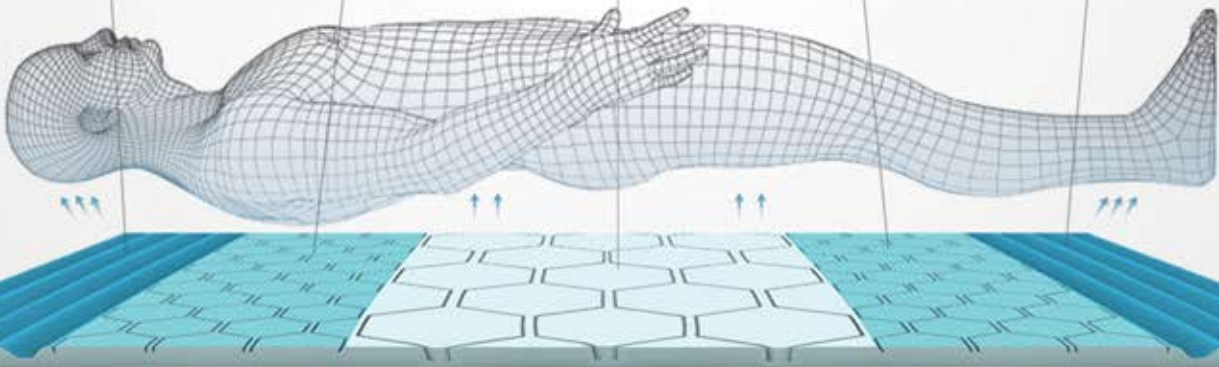

Zone 1  
Head & Neck Zone

Zone 2  
Shoulder and Upper Back

Zone 3  
Spine and Lower Back

Zone 4  
Lower Back and Hips

Zone 5  
Legs and Ankle Zone
