# WE ARE BRIGHTBLU

## THE ONE-STOP CHARGING SHOP

### FOR REAL ESTATE COMPANIES

## ELECTRIC VEHICLE SALES ARE ON THE RISE AND THE DEMAND FOR CHARGING POINTS IS INCREASING

This means that the factors dictating preferred routes, destinations and parking spots are also changing. BRIGHTBLU products and services are built to fulfill EV mobility needs and will help your space become a favoured destination for all EV-drivers.

## WE KEEP IT SIMPLE

### One easy integrated package for you or your customers

A made in India charging solution that charges any electric car

Easy installation & maintenance services

Online management and control of your chargers

Mobile Application for EV drivers for easy access & operation

Billing & Invoicing made simple for every charge session

## BENEFITS

Sleek & functional design of the charger: enhance the aesthetic value of the property

Get a higher LEED certification on the property

Drive traffic and revenue to the property

Monetize the charging points
