- Inspiring Atmosphere
- Well Experienced Faculties
- Guaranteed Result
- Customized Study Material
- Weekly Assessment
- Updates through SMS
- Personalized Application
- A.C & CCTV Equipped Institute
- Transport Facility Available

Maximum 12 Students per batch

- ⊙ If the student is able to understand the concepts with 30 – 40 students in class then the schools are the best options!!!!
- ⊙ We don't agree with more than 15 student per batch concept, as to find the potential of each and every child and nurture them accordingly, requires personal care which is very important for their academic growth.....

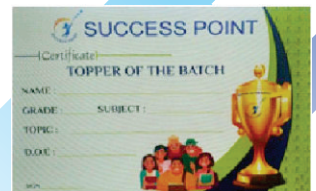

Conceptual Learning

- ⊙ Text books are there for use only....they must not be followed blindly....
- ⊙ Concepts are much more important so that students can understand the questions and answer them as per merit.

Grooming through Positive Competitiveness

- ⊙ Positive competition always works great to bring best out of the student.
- ⊙ We give 'Topper of the Batch' Certificate after weekly assessment and post them on parent platform which actually motivate students to give their best during assessments.

Inspiring Atmosphere

- ⊙ Interactive sessions keep the students active all the time.
- ⊙ Believe it or not, we are masters at this.....

Back Up Work

- ⊙ We believe only excellent teaching is not enough for the students.
- ⊙ That's why for the better-ment of them, we are introducing 'Back Up', in which students can go through the learnt concepts and can use them on their own which will going to cement the concepts in their minds.

Personalized Application

- Personalized Success Point application, on which students can log in and can access the study material and parents can find progress report

A.C & CCTV Equipped Institute

- A.C. keeps the environment clean and comfortable which helps students in concentrating.
- Nowadays, CCTVs are compulsory for all reputed institutes to keep an eye on each and every movement of students for the security and safety purpose.
- We believe, it's mandatory and we are following it.

Transport Facility Available

- We are just few kms away from you.....
- What else do you need ?
