For tree plantation

SankalpTaru Foundation is an IT enabled NGO, spreading greenery with its core philosophy of "planting trees for the people, by the people". Having rooted and survived close to a million trees across 21 states and some of the majorly polluted cities of India, we are constantly escalating healthy-happy smiles through our trees. With our each flourishing plant, we are maximizing socio-environmental impact and successfully fighting back the detrimental demons of pollution and strengthening the livelihood of poor farmers to create a rich biodiverse ecosystem.
