Unogreen Card

The Future

Of Business
Card

About Us

It is an NFC – enabled card which allows you to share your contact information with just a TAP!

A smart business card which is introduced keeping our environment in mind. For every card that we sell, we plant a sapling with the help of SankalpTaru Foundation. Avoiding the usage of paper business cards and switching to Uno Green Cards – is not only an eco-friendly option as it saves so many trees due to avoidance of using paper but also an economically viable option for all.

Why Switch to NFC

How It Works? **Quiet Simple**

For **NFC** integrated Phones.

Android : Go to Settings > Search for "NFC" > Enable NFC.
IOS : No need to do anything.

For **Non-NFC** integrated phones.

Android : Open Camera and scan the QR code
OR Scan QR code from Google lens.
IOS: Open Camera. That's IT!

Features? **Many!**
