Multiple Services

Infinite Dreams

FROM THE MANAGING DIRECTOR'S DESK

As you read through our profile you shall learn more of what we have achieved through these years of student services for the institutions we represent or work for.

With the extremely powerful, well trained and courteous team at all our offices, that are very proud of, we will ensure that your experience with us shall be pleasurable. Thank you for taking out time to read my message.

Please accept my warm greetings on behalf of Team **NEC**. At **NEC**, we guarantee precise information which is given through our counselors who have been with us for a long time and also share the same vision and passion as me. They believe in giving the choicest options of courses and universities across the countries that we specialize in. For us, both the institutions and the students that we work for are of prime importance. Letting us work for you will be an experience that will be cherished for times to come, as we believe in building everlasting relationships.

I welcome you to **NEC**, for a journey towards a lasting relationship.

PARIN SHAH,
*Managing Director,
Neptune Educational Consultants,
Masters of Business Administration,
Swinburne University of Technology,
Melbourne, Australia.*

MISSION & OBJECTIVE

With great pride in the work our company does, we would like to share our mission statement.

Neptune Educational Consultant (referred as **NEC** hereafter), has always had the objective to become a guide to those aspiring minds who want to unleash the true power of their young minds and be a part of someone's success story on foreign lands. Our mission is also to empower the students to choose the right guide, one that can hold their hands throughout their journey to an entirely new world where every passing day may be a surprise.

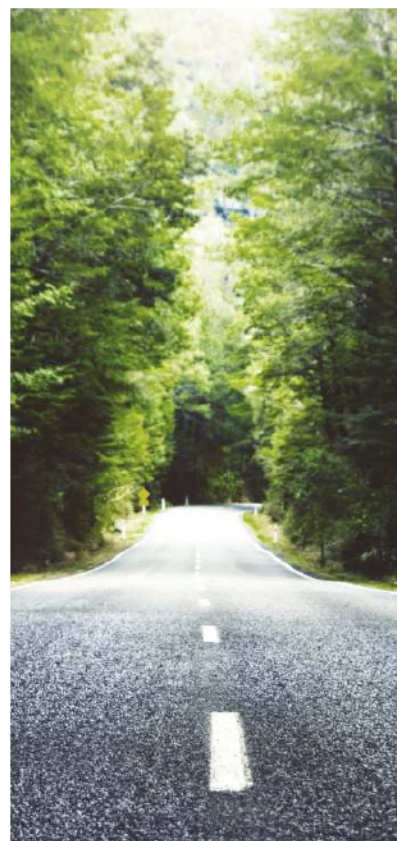

NEC's mission is to bring the change in a student's life in this cutthroat competitive

world by giving them a chance to obtain an international qualification, which will groom them in more ways than one. Today's employer is always looking for that 'extra' quotient in every employee which will make them stand out from the crowd. We feel that taking an International qualification will add up to achieve the **EXTRA**.

Our mission is also to work for foreign universities who are looking to reach out to the student fraternity to give them options at their institution to achieve academic progression and excellence, not just a **GETAWAY!!**

And thus we say **NEC – FOR GLOBAL ASPIRANTS**.

OUR JOURNEY

Over the last two decades that we have been recruiting students for universities and in turn guiding deserving students to find right courses and make careers, we now have presence in 13 cities across India. Till now, through these offices, we have successfully placed over 21000 students in leading universities in **Australia, The US, The UK and Canada** and we want to increase these numbers as well. We constantly ensure that quality of advice and service with precision shall not be sacrificed.

In the coming time, we want to explore having offices in other cities of India and we also have plans to go beyond India, to other emerging markets. We also want to add to our representation, few other reputed universities in the countries we work for. Not only this **NEC** also has huge plans to add to its gamut of study destination, countries from the European Union which are one of the most emerging destinations to study.

CORE VALUES @ NEC

WE LISTEN

One of the core values of becoming a consultant is you should be a patient listener to our client. Same is the case with counseling. At **NEC**, our counselors are patient listeners to the students. We try and understand exactly what the student wants and only then we **TAILOR** a plan for them.

UNBIASED ADVICE

Once we have heard the student we tailor a platter of options across the universities and courses they want to do which are the best fit according to their academics. Not only this, but we also educate the student with all the information that we have.

PRECISE INFORMATION

We have over 21000 students and 20+ years of experience for the countries that we work for and most of these students are in touch with us on a regular basis and constantly sharing with us, the updates on courses and its value and other relevant information. We are also regularly in touch with the universities that we represent, who share with us, regular updates from the industry about the employment trends and what the industry is looking for in the student, in the times to come. We use all this information in guiding our students so that they are confident about the choices they make.

COMPREHENSIVE COUNSELING

Our team of counselors are very well trained and most of them have been with us for a very long time which ensures that the level of information they give has been collected over a period of time. We ensure that when a student comes to us, they are guided using facts from brochures and university websites. They are not only shown the courses but also shown the subjects within them which will give them a better idea of what they are actually going to study. This ensures that the student remains with the university that they have chosen and do not hop around changing the institution. When they come to our office we also counsel them for the necessary VISA documentation requirements so that they can prepare well for the further process.

THE JOURNEY SO FAR

Starting from a home office in the city of Ahmedabad, **NEC** has now grown to 13 offices across India and has an office in Nepal too. We have taken a ride through the ups & downs of the industry where many from the industry chose to exit. It was due to the strong belief in the objective, the unparalleled support of the universities and not to forget, the support from all our offices ---**WE ARE STILL STANDING STRONG.**

During this journey, Mr Parin Shah also won the prestigious national award for **EXCELLENCE IN FOREIGN EDUCATION COUNSELING.** This was definitely the first milestone we achieved as a company.

A good beginning is half done. Since the beginning, **NEC** has been a student-centric consultant. It was only because of this philosophy, that we became very popular amongst the student fraternity. In these years, **NEC** has placed thousands of students across various universities and today is proud to have played a part in their life's success stories.

With its primary focus to promote education in Australia and Australian universities, we have also been instrumental in placing students to prestigious universities like **OXFORD UNIVERSITY (UK), NANYANG TECH. UNIVERSITY (SINGAPORE), UNIVERSITY OF TORONTO (CANADA)** and the likes of these to students with specific requirements and suitable academic profiles.

The Journey hereon, shall be towards spreading the awareness amongst students about choosing to study course which lead to academic progression. We aim to become the first choice as consultants amongst students who want to take up further studies in foreign universities. We also aim to add newer universities and destinations to be offered to students who wish to choose us.

OUR AFFILIATIONS

As a company NEC is also affiliated to various bodies like:

Certified by **EATC** (Education Agent Training Course by **PIER** online)

British Council, **UK** for **IELTS**

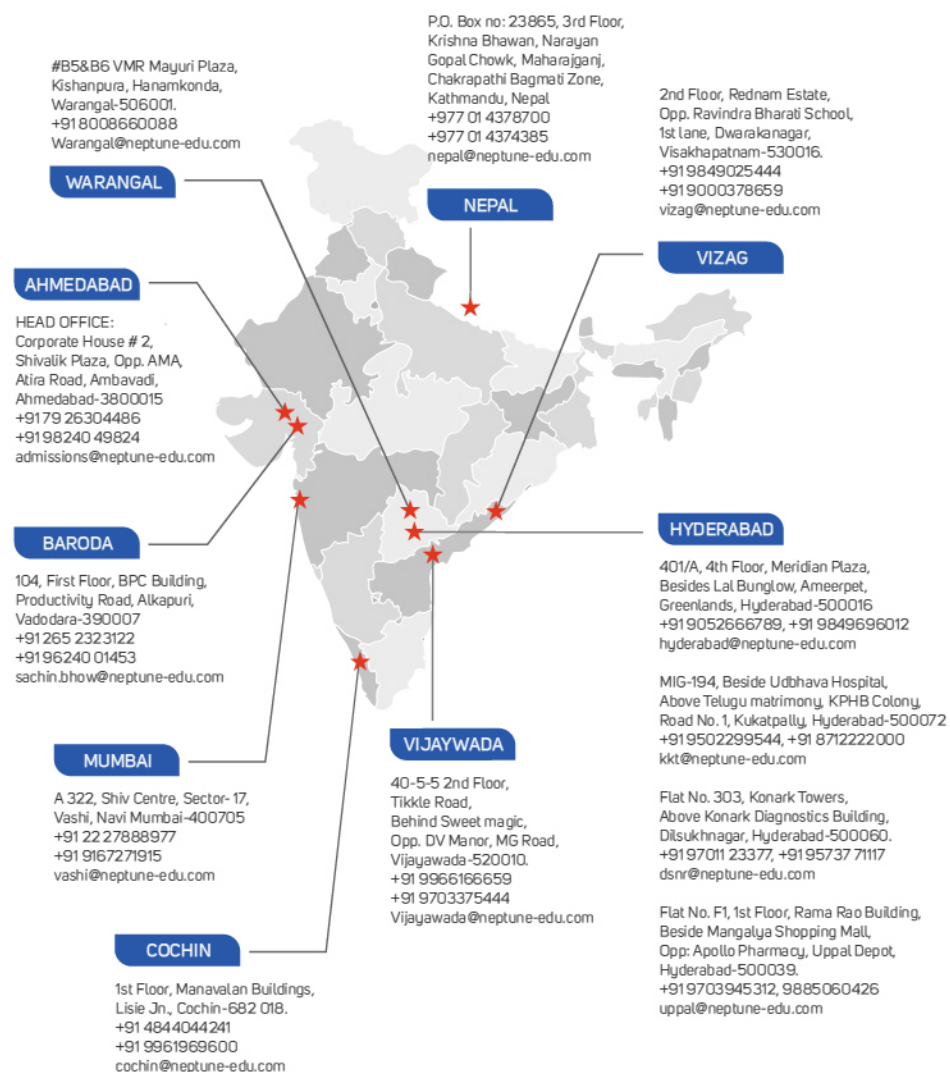

IDP for **IELTS**

AAERI (Association of Australian Education Representatives in India)

NAFSA (Association of International Educators)

BNI (Business Networking International)

OUR NETWORK

NEC's SCOPE OF WORK

Considering the long experience we have, the number of universities we have worked for and the number of students we have placed, it is easy to understand the depth in counseling our team would have. We ensure that we give an unbiased comparative analysis to our students across the courses and the universities. This comparison help students make an informed choice for their study destination & universities.

Having experience of handling more than 21000+ successful visas since 1998, NEC assures 100 % visa assistance. We provide a complete package when we send off our students to study in their dream country. From admission counseling to accommodation in the foreign land and all the stop in between, we strongly stand with our students. Backed by years of experience, sound expertise and a well-expanded network of 13 offices across the nation, NEC has made dream come true for thousands of students abroad.

ADMISSION COUNSELING

From the beginning, our counselors ensure that the students are offered the best course in the University of their choice according to their academic profiles.

COACHING

As a part of this process students have to first clear the English Proficiency Exams like *IELTS, PTE, TOEFL and CAE* and to help them, we have a team of teachers who are regularly trained through the 'train the trainer' program. Our trainers share all the possible skills with the students on how they can crack the exams efficiently. We also offer remedial classes to the student who needs more attention and ensures the student is comfortable and confident about appearing for the exam.

VISA COUNSELING

Preparing for the visa which includes preparing for the **ACCEPTABLE FINANCES** and the documents. **EDUCATION LOANS** or the **STATEMENT OF PURPOSE** can be a daunting task for parents and students both, especially when they are not aware. Our visa counselors who are trained under various high commissions make sure that the smallest of the details are taken care off, thereby ensuring a seamless transition through the entire process.

PRE-DEPARTURE BRIEFING

The first 100 days of a student in the new country is full of surprises, this could make the student feel homesick and depressed. Therefore, we ensure that all the students are given a **PRE-DEPARTURE BRIEFING** so that they are well prepared for these surprises. We help students in various things like what to shop, where to shop, how much to shop, bag sizes, what is allowed through the customs and airport pick-up and drop facility.

OUR TEAM OF EXPERTS

- A COMPANY IS ONLY AS GOOD AS IT'S TEAM

SACHIN BHOW
Team NEC, Varodara

A commerce graduate with a background in financial planning, Sachin came into the field of foreign education counseling in 2007. He has counseled thousands of students and has always preferred to remain up close and personal with the student fraternity. He has expertise in suggesting innovative courses to students that are in sync with students' aspirations and career goals. In his career so far, he has also handled admission & Visa process for leading universities in Australia and has handled the process for universities like Oxford University (UK) and Nanyang Technological University (Singapore). He also likes to address groups of students by way of presentations to make them aware of how to choose the right universities for both coursework programs and Research-Based programs.

PRIME IMPORTANCE - CLIENTS' INTEREST

NEC's has always understood it's clients preferences and has always been committed to give a solution which exactly as what the clients has asked for. In this endeavor of putting clients' interest first we have also dealt with some of the finest Universities where we are proud to have placed a few students. Universities like:

- University of Toronto, Canada
- Brunel University, UK
- University of Oxford (Saïd Business School), UK
- Nanyang Technological University, Singapore
- Carleton University, Canada
- Ryerson University, Canada
- University of Technology Sydeny, Australia
- Kingston University, UK
- York University, Canada
- Middlesex University, UK
- Australian School of Medical Imaging (ASMI), Sydney
- University of East London, UK
- Queensland University of Technology, Australia

- James Cook University, Crains & Townsville, Australia
- University of Sussex, UK
- University of Waterloo, Canada
- Lakehead University, Canada
- University of Windsor, Canada
- Dalhousie University, Canada
- Illinois Institute of Technology
- The University of New Haven
- DeVry University
- San José State University
- California State University, Northridge
- and many more.....

Working with these Universities and placing the students with them successfully was not a difficult task for us, considering the long standing experience and understanding we have about the various University's admission requirements and procedures thereof.

THANK YOU
